### INTERNATIONAL DAY FOR THE ELIMINATION OF VIOLENCE AGAINST WOMEN

Education is the key for women to achieve economic independence. Although women in the majority of countries have the right to an education, equal access to education for women remains a problem.

In developing and developed countries alike, millions women do not finish school because they are forced (by their society, by their circumstances or by the threat of violence) to focus on household, care giving and child-rearing responsibilities.

### PRAYER SONG

Prayer is the raising of one's mind and heart to God or the requesting of good things from God. It is better in prayer to have a heart without words than words without heart. Whether we realize it or not, prayer is the encounter of God's thirst with ours. God thirsts that we may thirst for him.

### LIGHTING OF KUTHUVILAKU

All ceremonies, daily worship rituals, auspicious functions, religious occasions as well as new ventures start with lightning of the lamp. Diya is essential in Hinduism because it signifies purity, goodness, good luck and power. The presence of light means the non-existence of darkness and evil forces.

Lights from the lamps removes darkness, similarly our chief guest has lightened the kuthuvilaku along with lives of many.

### CHIEF GUEST SPEECH

Talent, experience, and connections are important, but put your all into enough new things and some will work. Take enough shots, and over time you'll grow more skilled, more experienced, and more connected. And that will mean a greater percentage of your efforts will succeed. Take enough shots, learn from what didn't work, and in time, you'll have all the skills, experience, and connections you need.

Ultimately, success is all about taking your shot, over and over again. Sometimes you may win, sometimes you will definitely lose, but the more things you try, the more chances you have of succeeding. Put the power of numbers on your side. Take as many shots as you can. There's no guarantee of success, but when you don't take a shot, there's a definite guarantee of failure.

Violence against women and girls takes many different forms, including domestic violence, sexual assault and harassment, child, early and forced marriage, sex trafficking, so called 'honor' crimes and female genital mutilation. It is rooted in the gender inequality that women face throughout their lives from childhood through to old age.

Many perpetrators believe that violence toward women and girls is normal or appropriate behavior, supported by society. They feel that they can commit violence without disapproval. It is one of the most widespread violations of human rights and has long-term divesting effects on the lives of women, their communities and wider society. It is time to say 'enough is enough'. We want violence against women to end.

### PRAYER SONG

Prayer is the spiritual communication of worship where we talk to god & also listen to them. Whether we realize it or not, prayer is the encounter of God's thirst with ours. The purpose of prayers are adoration, thanksgiving, repentance, petition. It also a way of relating to god, to ourselves, to those around us.

### LIGHTING OF KUTHUVILAKU

The appearance of light resembles the non-existence of darkness. It symbolizes the fire (purity) inside the eye that enables one to see things

Light has the capacity to create an atmosphere much more than furniture or an accessory can, it creates unique sensations & experiences, and similarly our chief guest has lightened the kuthuvilaku along in order to enlighten our new vision.

### CHIEF GUEST SPEECH

I deem it a great honor to be invited to give a talk on 'Making India: Role of Empowering women's with Legal Awareness' on the occasion of women's day celebration. Crimes against women occur every minute in India. Women are not safe, whether it is in their houses, public places or at the workplace. Your safety in your hands sounds like a clichéd adage to repeat.

Hence, it is pertinent that women must aware about the laws that are in place to protect them. There is no doubt that we are in the midst of a great revolution in the history of women. The evidence is everywhere; the voice of women is increasingly heard in Parliament, courts and in the streets. **Section 498A:** of the Indian Penal Code (IPC), defines the offence of matrimonial cruelty, inserted by an amendment in 1983. It segregates this evil (Domestic Violence in Marriage ) from the other righteous norms, will create a mental block or resistance amongst people towards the undue violence. Eve teasing In India & Tortious Liabilities are referred to sexual harassment of women in public places.

**Protection of Women from Domestic Violence Act, 2005:** Personal Dignity is a universal human concern. Its moral agenda is to attempt a double kind of evaluation of the life.

**The Dowry Prohibition Act, 1961:** The system of dowry is deep rooted in the Indian society since the early days of the history. Whoever commits dowry death, shall be punished with imprisonment for a term which shall not be less than seven years but which may extend to imprisonment for life.

Many perpetrators believe that violence toward women and girls is normal or appropriate behavior, supported by society. They feel that they can commit violence without disapproval. But its definitely not. Every person without any gender specifications have the rights to live with dignity & everyone deserved to be cared & respected.

## REPORTS

### WOMEN'S EMPOWERMENT PROGRAMME

( To Create awareness about Girls Safety ( SOS - App) and about hygienic activities )

Women have the right to be free from violence, harassment and discrimination and removing the barriers of an unsafe environment can help women fulfill their potential as individuals and as contributors to work, communities and economies. People residing in Tamil Nadu, especially, Women and elderly people can use the Kavalan – SOS app whenever they feel vulnerable or threatened. Through this mobile app, help from Police can reach them at the earliest no matter where they are.

SOS Alert is an emergency app which helps you out whenever your safety is at risk by reaching out to your emergency contacts and providing them with your current location.

And Good hygiene is critical for preventing the spread of infectious diseases and healthy lives. It also prevents them from missing school, resulting in better learning outcomes. For families, good hygiene means avoiding illness and spending less on health care.
