Sir,

Subject: Review of identification of gap in curriculum as per 2021 regulations-Reg

As per the feedback collected from our stakeholders (Students, Faculty, Employer and Alumni) the gaps identified in the curriculum are listed below for your reference.

- ❖ Smart building techniques involve using advanced technologies, such as sensors, the internet of things (IoT), and artificial intelligence (AI), to monitor and control building systems.
- ❖ Micro station work tool is also very useful to the civil engineers which are also not a part of curriculum.

So, we request you consider our recommendations for adding the above software's during the framing of next regulations.

Thanking You,

Yours Truly,

PRINCIPAL
JKK MUNIRAJAH COLLEGE
