5. WORLD AIDS DAY CELEBRATION

Event Organized by	NSS - JKKMCT
Name of Event	WORLD AIDS DAY CELEBRATION
Date of the Event	01.12.2022
Venue	JKKMCT

BRIEF REPORT ON WORLD AIDS DAY:

J K K Munirajah college of Technology – NSS cell has organized WORLD AIDS DAY in our college campus on 1st December, 2022. All the HODs, faculty, non-teaching staff and students have participated. People around the world express their solidarity for the people affected with HIV and to remember those who have died from aids – related illnesses.

The global HIV response is in danger, even as HIV remains a major public health issue that affects millions of people worldwide. Over the last few years progress towards HIV goals has stalled, resources have shrunk, and millions of lives are at risk as a result.

Division, disparity and disregard for human rights are among the failures that allowed HIV to become and remain a global health crisis.

On 1 December WHO joins partners to commemorate World AIDS Day 2022, under the theme "Equalize". WHO is calling on global leaders and citizens to boldly recognize and address the inequalities which are holding back progress in ending AIDS; and equalize access to essential HIV services particularly for children and key populations and their partners - men who have sex with men, transgender people, people who use drugs, sex workers, and people in prisons.

The day is an opportunity for public and private partners to spread awareness about the status of the pandemic and encourage progress in HIV/AIDS prevention, treatment and care around the world. It has become one of the most widely recognized international health days and a key opportunity to raise awareness, commemorate those who have died, and celebrate victories such as increased access to treatment and prevention services.

Inequalities still persist for the most basic services like testing and treatment. We must ensure that every one, everywhere has equal access to HIV prevention, testing, treatment and care. Health services should be adapted to reach and meet the needs of populations most at risk and affected, and this includes implementing a 'zero tolerance' policy to stigma and discrimination in all health services.

At the end, the students participated Essay , speech competition, drawing competition and pledged to remain away from this disease and follow all the useful instruction.

The message of the skit was to convey that India would not tolerate the terrorist activities in the country and our brave soldiers were ready to fight terrorism tooth and nail. Then there were speakers who through their speeches invoked the precious contribution of great freedom fighters. Towards the end, all the people there flew colored balloons symbolizing prosperity and peace. Our joy knew no limit when our Principal announced the next day's holiday. Despite weather being inclement, we enjoyed Republic Day with great enthusiasm.

BREIF REPORT ON WOMEN'S DAY CELEBRATION:

International Women's Day (IWD) is celebrated on the 8th of March every year around the world. It is a focal point in the movement for women's rights. The Generation Equality campaign is bringing together people of every gender, age, ethnicity, race, religion and country, to drive actions that will create the gender-equal world we all deserve.

Importance of Women's Day

International Women's Day is important because it helps to raise awareness about ongoing issues related to gender equality and women's rights. It is an opportunity for people to come together and take action to create a more equal and just society for all. Additionally, it serves as a reminder to acknowledge and appreciate the contributions of women in various fields, from politics to business, from education to healthcare, and many more.

Celebrations

On International Women's Day, events and activities are organised worldwide to raise awareness about the ongoing struggle for gender equality and to pay tribute to the women who have made a significant impact in their communities and beyond. People often make pledges to support women's rights and gender equality, and to take action to create a more equal and just society for all.

Let us stand on the shoulders of those who have come before us to create a world where:

- women are equal partners with men in all aspects of economic, political and social life
- women are able to work and have a family life
- women do not live with poverty because they have chosen to care; and where
- we are all free to live our lives without discrimination, harassment and violence.
