These educational Institutions are temples of Learning and have contributed much to a formidable social change in our society. The Trust has won many National and State awards. They are renowned educational institutions spared nothing to promote knowledge, wisdom and service-orientation.

ABOUT THE DEPARTMENT

The Civil Engineering Department was started in the year 2009. The department offers four years B. E -Civil Engineering. The department has a team of highly qualified, dedicated and motivated faculty and well equipped laboratories with facilities for UG. B.E has been accredited by AICTE, New Delhi. The goal of the Civil engineering curriculum is to create a flexible

undergraduate educational experience in design, mathematics, modeling, computing, management, and engineering science. Principal study topics include fluid mechanics, Strength of Materials&Structural analysis, soil mechanics, High Way Engineering.

ABOUT THE PROGRAMME

The student learning Analyze and design a building using an industry grade software, Learn what project management is and the qualities of an effective project manager, understand different phases of a construction project and timeline. This Seminar will take you to the exciting concept behind the Structural analysis and different phases of planning. Apart from knowing the theoretical concepts, you will also learn to manage a construction project by working on an industrial grade software. Structural engineering deals with the analysis and design of structures. It helps engineers to understand the behavior of a structure when subjected to varied loads and design an efficient structure accordingly

In short, with this training program you will be able to design a tall structure and understand different stages of a construction project management.
