## INTERNAL QUALITY ASSURANCE CELL (IQAC)

### Annual Report

Internal Quality Assurance Cell (IQAC) committee meeting was held in the following dates of the academic year 2023-2024.

**Odd Semester:**

Meeting 1 – 18-08-2023

Meeting 2 – 27-11-2023

**Even Semester:**

Meeting 3- 29-12-2023

Meeting 4- 10-01-2024

The following is the summary of accomplishment of various activities planned by the IQAC during the meeting held in the above mentioned dates.

1. The minutes of the Academic council meeting conducted on 10-01-2024 was reviewed and the IQAC coordinator suggested some guidelines to implement the plan for the various academic activates of the instructions for the academic year 2023-2024

2. Total 104 students appeared in the final year examination and 85 students got passed in the final year examination with the pass percentage of **82%**
3. Around 14 workshops and seminars were conducted by various departments for the benefits of students during the academic year.

4. Students from all the departments had undergone field trips industrial visits in plant training and internships to reputed industries to get hands on experience on recent technologies

5. Around 37 social welfare and awareness programs were conducted in and outside the campus through NSS and YRC unit of our institution to acquire leadership qualities and democratic attitude

Principal

(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506

6. Analyzing the previous year Pending works and making it to be over. The work which we planned in the previous year regarding the students comfort of learning and well-being of the knowledge
7. The students 'academic performances continuously through the unit test, model examination and university results
8. The students were motivated to participate in co-curricular, extracurricular activities and social services.
9. Memorandum of understanding was established with various industries to build up the industry institute interaction at various levels.
10. Motivational and career guidance training programmes were offered to strengthen the confidence level of students to pursue their higher studied and for better placement
11. The independent learning keeps the students abreast of the latest technology and gives opportunities to acquire the knowledge in subject by reading the books journals newspapers and online tests
12. The learning process has been made learner centric with forums such as knowledge sharing sessions and webinars for students and faculty members to make them well versed in global affairs of various fields
13. The committee advised the faculty members to use innovative teaching during their online class course delivery to enhance the students understanding capability.
14. The committee discussed about the admission process for the academic year 2024-2025
15. The renewable energy club activity was organized by the institution. In order to get awareness among the students to switch off fan and light when we leave the room.
16. The institution innovation council (IIC) of our college is organizing a one day virtual conference on emerging trends in mechanical and automobile engineering on student innovation and entrepreneurship development programme to our students

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506

17. Using the man power in a proper way providing the right men for the right job maximize the recourses which is provided
18. Guest lectures were conducted in all the departments with resource persons from various industries to enhance the students learning capacity.
19. It was decided to establish intellectually property rights (IPR)cell to create awareness on IPR
20. The committee members insisted the faculty members to effectively utilize the Moodle platform for enhancing teaching learning process (TLP)
21. It is planned to provide essential training and development to the students for molding them to be Industry ready.
22. The IQAC coordinator informed to all heads of departments that whenever a student indulges in ragging /malpractice or anti-social activities need to be reported IQAC immediately, so that disciplinary action can be initiated against the offender
23. It is suggested to conduct various programmes for promoting the students innovative Ideas through Entrepreneurship Development Cell.
24. The Committee advised to conduct awareness program on higher education.
25. It was suggested to conduct a stress management program for all faculty members
26. Regarding sports Requirements for students the committee decided to purchase new sports kits.
27. The committee advised to all heads to advise their students to pursue online courses and NPTEL courses to enhance their skills.
28. It is suggested that, college web site need to be update regularly
29. Heads of various departments were requested to encourage the students to take part in field projects.mini projects and intemships to inculcate experimental and participative learning.

Erode (Dt) - 638 506

30. ICT facility for improving teaching learning process (TPL)
31. The committee appreciated the efforts taken by the training and placement cell to strengthen the overall placed students in the Academic Year 2023-2024 by bringing reputed companies for on-campus and off-campus.
32. Department auditing is very useful in case of growth of respective departments
33. Academic council meeting was conducted on 10-01-2024. The coordinator of the academic council proposed the plan for the various academic activities of the institution and got approval from IQAC.
34. Guest lectures were conducted in all the departments with resource persons from various industries to enhance the students learning capacity.
35. Around 85 students were selected in on- campus drives from various departments
36. Department of ECE organized FDP on Sensors Technology with 34 participants from 15.04.2024 to 20.04.2024.
37. Department of Information Technology organized FDP on Block Chain Technology with 25 participants from 25.03.2024 to 30.03.2024.
38. Department of Computer Science Engineering organized FDP on Phython Applications in Real World and NVMe Storage Introduction with 25 participants from 13.11.2023 to 18.11.2023
39. Department of Electrical and Electronics Engineering organized FDP on Energy Harvesting Techniques for Wireless Sensor Networks with 30 participants from 21.08.2023 to 26.08.2023
40. Department of Civil Engineering organized FDP on Emerging Trends and Applications in Civil Engineering with 8 participants from 11.03.2024 to 16.03.2024.
41. Department of Computer science Engineering organized FDP on Phython Applications in Real World and NVMe Storage Introduction with 25 participants from 13.11.2023 to 18.11.2023

## INTERNAL QUALITY ASSURANCE CELL (IQAC)

### Annual Report

Internal Quality Assurance Cell (IQAC) committee meeting was held in the following dates of the academic year 2023-2024.

**Odd Semester:**

Meeting 1 – 18-08-2023

Meeting 2 – 27-11-2023

**Even Semester:**

Meeting 3- 29-12-2023

Meeting 4- 10-01-2024

The following is the summary of accomplishment of various activities planned by the IQAC during the meeting held in the above mentioned dates.

1. The minutes of the Academic council meeting conducted on 10-01-2024 was reviewed and the IQAC coordinator suggested some guidelines to implement the plan for the various academic activates of the instructions for the academic year 2023-2024

2. Total 104 students appeared in the final year examination and 85 students got passed in the final year examination with the pass percentage of **82%**
3. Around 14 workshops and seminars were conducted by various departments for the benefits of students during the academic year.

4. Students from all the departments had undergone field trips industrial visits in plant training and internships to reputed industries to get hands on experience on recent technologies

5. Around 37 social welfare and awareness programs were conducted in and outside the campus through NSS and YRC unit of our institution to acquire leadership qualities and democratic attitude

Principal

30. ICT facility for improving teaching learning process (TPL)
31. The committee appreciated the efforts taken by the training and placement cell to strengthen the overall placed students in the Academic Year 2023-2024 by bringing reputed companies for on-campus and off-campus.
32. Department auditing is very useful in case of growth of respective departments
33. Academic council meeting was conducted on 10-01-2024. The coordinator of the academic council proposed the plan for the various academic activities of the institution and got approval from IQAC.
34. Guest lectures were conducted in all the departments with resource persons from various industries to enhance the students learning capacity.
35. Around 85 students were selected in on- campus drives from various departments
36. Department of ECE organized FDP on Sensors Technology with 34 participants from 15.04.2024 to 20.04.2024.
37. Department of Information Technology organized FDP on Block Chain Technology with 25 participants from 25.03.2024 to 30.03.2024.
38. Department of Computer Science Engineering organized FDP on Phython Applications in Real World and NVMe Storage Introduction with 25 participants from 13.11.2023 to 18.11.2023
39. Department of Electrical and Electronics Engineering organized FDP on Energy Harvesting Techniques for Wireless Sensor Networks with 30 participants from 21.08.2023 to 26.08.2023
40. Department of Civil Engineering organized FDP on Emerging Trends and Applications in Civil Engineering with 8 participants from 11.03.2024 to 16.03.2024.
41. Department of Computer science Engineering organized FDP on Phython Applications in Real World and NVMe Storage Introduction with 25 participants from 13.11.2023 to 18.11.2023

Respected Sir,

Sub: Permission for conducting an Workshop -Reg.

I wish to bring to your kind notice that we, Alumni Members have planned to conduct an Workshop for Mechanical, Automobile, Civil and EEE students of final year on 02 nd September 2023 at 10.00 AM to 4.00 PM (2 SESSION). The Topic of the workshop is "Hybrid Electrical Vehicles". In this workshop will help the student to roles in the growing electric vehicle industry and offers tools for self-employment opportunities in EV. And also we request you to arrange a Smart Class room for this Workshop and circulate this to your students.

Thanking you,

Yours Faithfully.

Respected Sir,

Sub: Permission for conducting a Seminar - Reg.

I wish to bring to your kind notice that we, Alumni Members have planned to conduct an Seminar for Final year students on 10th February 2024 at 10.00 AM to 4.00 PM. The topic of the seminar is "Generative AI in Virtual Reality". It is for the benefit final year AIDS, CS, CSE, IT and ECE students. To conduct the seminar, we need a Smart class rooms and facilities in the ECE Department. So we request you to arrange the above said facilities. And also circulate this to all final AIDS, CS, CSE, IT and ECE students.

Thanking you,

Yours Faithfully.

## CIRCULAR

This is to kindly inform that Our Alumni students willing to conduct a Seminar on the topic "AI enabled IOT applications in an industry" for Final and Third year students of ECE, CSE AND BTECH IT branches on 10.02.2024. Experts of our Alumni's will be conducting this seminar. Hence I request HOD'S of ECE, CSE and IT departments to arrange the students to attend the session and make it a grand success. Please do necessary arrangements for the Alumni's to conduct this seminar successfully.

## J.K.K. MUNIRAJAH COLLEGE OF TECHNOLOGY ALUMNI ASSOCIATION

**TOPIC**: "GENERATIVE AI IN VIRTUAL REALITY"
**DATE / TIME**: 10.02.2024 / 10.00AM TO 12.30 PM
**RESOURCE PERSON**: Alumni Students
**PARTICIPANTS**: FINAL and THIRD YEAR ECE, CSE AND IT STUDENTS

## REPORT OF THE EVENT:

### Session I

The session was started at 10 AM by Mr NATESH KANNAN.S our Alumni Student of ECE branch (2012 Passed out student). He briefly explained about virtual systems and also futures of IOT virtual systems and controllers used in Industry. Augmented Reality (AR) and Virtual Reality (VR) have emerged as transformative tools in the realm of training and simulation. These immersive technologies offer a unique and highly effective way to prepare individuals for various real-world scenarios, both in professional and educational contexts.

In training and simulation VR excel in several key ways:

- **Safe and Controlled Environments:** AR and VR provide controlled, safe, and repeatable environments for training. Professionals in fields like medicine, aviation, and the military can rehearse complex procedures and emergency scenarios without real-world risks.
- **Realistic Simulations:** VR, in particular, offers incredibly realistic simulations. Trainees can immerse themselves in highly detailed virtual environments that mimic real-world settings, complete with interactive elements. This level of realism enhances muscle memory and helps individuals develop practical skills.

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506.
GOBI (Tk), ERODE (Dt).

- **Hands-On Learning:** Both AR and VR enable hands-on learning. Trainees can manipulate virtual objects, perform tasks, and interact with simulated elements, making the learning experience more engaging and effective.
- **Cost-Efficiency:** AR and VR reduce the need for physical resources, equipment, and facilities, saving costs associated with real-world training. This is especially valuable in industries with expensive or limited resources.
- **Customization and Adaptability:** AR and VR simulations can be customized to suit specific training needs. Training programs can be adapted to various skill levels and learning speeds, allowing for a more personalized training experience.
- **Repetitive Practice:** Trainees can practice procedures as many times as needed until they achieve proficiency, which is particularly valuable in industries where repetition is critical, such as surgery or military exercises.
- **Remote Training:** AR and VR technologies enable remote training and collaboration, breaking down geographical barriers. Experts from around the world can guide and assess trainees, making it easier to access specialized knowledge and instruction.

And he also explain about Generative AI in virtual systems and how they are used in industries.

**Session II**

In second session Mr. MATHANKUMAR.P (CSE 2016 PASSED OUT STUDENT) explains about the Programming techniques of AI enabled IOT systems in industry. He also explained about Cloud usage in IOT systems and Controls.

Totally 142 Students are participated and Benefitted by this Seminar. The Seminar session was ended at 12.30 PM.

The respective HODs express their thanks to Alumni students who arranged this wonderful SEMINAR on behalf of Principal , Management and Students.

PERMISSION LETTER

From

The President,

J.K.K Munirajah College of Technology Alumni Association,

T.N Palayam - 638 506

To

The Principal,

J.K.K Munirajah College of Technology,

T.N Palayam-638506

Respected Sir,

Sub: Permission for conducting an Alumni Meet -Reg.

I wish to bring to your kind notice that we, Alumni Members have planned to conduct an Alumni Meet on 20th April 2024 at 10.00 AM to 3.00 PM. In this Alumni meet function we expect nearly 60 members may be Participate. And also we arrange tea with snacks and Lunch. So we request you to kindly grant permission to conduct Alumni Meet with your presence and your staff presence in our campus. The Agenda of the Alumni Meeting is enclosed with this letter.

Thanking you,

Yours Faithfully.

## STUDENT AFFAIRS COMMITTEE

## ACADEMIC YEAR 2023-2024

**VISION:**

To empower students to discover and achieve their dreams.

**MISSION:**

To create an inclusive and collaborative student-centered university that champions student success and well-being in our global society.

**OBJECTIVES:**

1. Review and assess student admission policy.
2. Review and assess counseling and academic support policy.
3. Review and assess student academic evaluation policy.
4. Examine and assess student conduct rules on Campus.
5. Promote student engagement in activities (taking place within and outside the University.)
6. Review and assess rules and regulations governing student activities.

**CORE VALUES**

As student affairs professionals, we strive to live by the same values that we promote to our students.

- **Inclusivity:** We value a university in which every individual is affirmed and where we seek to understand, respect and celebrate our diversity as reflected in the UC San Diego Principles of Community.
- **Personal Growth and Engagement:** We strive to create a student centered community where co-curricular experiences strengthen and broaden student learning inside and outside the classroom.
- **Well-being:** We value a community that encourages a balanced life, healthy choices and an environment that facilitates a sense of belonging for every student.
- **Accountability:** We value integrity, open communication, assessment and evaluation that demonstrate the impact of our work.
- **Excellence:** We strive to be a division recognized as leaders in the field of student affairs, engaged in scholarship and best practices.

# PERSONALITY DEVELOPMENT COMMITTEE

## ACADEMIC YEAR 2023-2024

## INTRODUCTION:

Personality development committee of general science of J.K.K.Munirajah College of Technology aims to train the students in various aspects that would help in development of personality to meet the challenges in personal and professional life.

Personality development is a process of developing and enhancing one's personality. It helps an individual to gain confidence and high self-esteem. Personality development is also said to have a positive impact on one's communication skills and the way they see the world. Individuals tend to develop a positive attitude as a result of personality development. It grooms an individual and helps to make a mark of her own.

Personality development goes a long way in reducing stress and conflicts. It helps to develop a positive attitude in life and also helps an individual to inculcate positive qualities like punctuality, flexible attitude, willingness to learn, friendly nature, eagerness to help others.

## VISION:

To provide overall Personality Development Skills to the Students.

## AIMS AND OBJECTIVES:

- Personality Development Club aims to make students understand their uniqueness, talents and skills.
- To develop Personality traits and behavioural skills for a healthy growth of the student.
- Acquire leadership qualities and democratic attitude.
- Develop competencies required for group living and sharing of responsibilities.

# PERSONALITY DEVELOPMENT COMMITTEE

## ACADEMIC YEAR 2023-2024

**Report of the event**

Discussed about the committee rules and regulation.

- Discussed about the difficulties of stress management.
- Participants understood the stress management usages.

Stress management involves identifying and responding to signs of stress in your body and mind. Here are some ways to manage stress:

- **Recognize signs of stress**: Notice when you're feeling stressed, such as having difficulty concentrating, headaches, or feeling irritable.
- **Take action**: Try to counter the effects of stress with relaxation techniques like deep breathing, stretching, or going for a walk.
- **Practice self-care**: Do things that make you feel good, like seeing friends, watching TV, or taking a bike ride.
- **Exercise regularly**: Try to get at least 20 minutes of exercise three times a week.
- **Eat well**: Eat a nutritious diet with lots of fresh fruits and vegetables.
- **Sleep well**: Stick to a good sleep routine.
- **Practice positive self-talk**: Instead of saying negative things about yourself, try to reframe them in a more positive way.
- **Practice time management**: Learn to prioritize tasks and decide what's urgent and what can wait.
- **Use aromatherapy**: Try using candles, diffusers, or body products to help you feel more relaxed.
- **Practice yoga**: The balance of poses and breathing in yoga can help with stress management and relaxation.

## PERSONALITY DEVELOPMENT COMMITTEE

### ACADEMIC YEAR 2023-2024

## EVENT REPORT:

| | |
|---|---|
| **ACTIVITY NAME** | Improving Memory Capacity |
| **MEETING DATE** | **28/10/2023** |
| **TIME** | 10 AM TO 4 PM 2 SESSION |
| **VENUE** | SEMINAR HALL |
| **RESOURCE PERSON** | Ms.RENUPRIYA PALANIAPPAN |

**Report of the event**

**The resource person Ms RenupriyaPalaniappan** explains with examples how to improve or increase memory capacity. She explains the following methods to improve memory capacity in detail. These will reduce losses in memory.

**1. Be physically active every day**

Physical activity raises blood flow to the whole body, including the brain. This might help keep your memory sharp.

For most healthy adults, the Department of Health and Human Services recommends at least 150 minutes a week of moderate aerobic activity, such as brisk walking, or 75 minutes a week of vigorous aerobic activity, such as jogging. It's best if this activity is spread throughout the week. If you don't have time for a full workout, try a few 10-minute walks throughout the day.

**2. Stay mentally active**

Just as physical activity keeps your body in shape, activities that engage your mind help keep your brain in shape. And those activities might help prevent some memory loss. Do crossword puzzles.

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (PO)-638 506.
GOBI (Tk), ERODE (Dt).

Read. Play games. Learn to play a musical instrument. Try a new hobby. Volunteer at a local school or with a community group.

**3. Spend time with others**

Social interaction helps ward off depression and stress. Both of those can contribute to memory loss. Look for opportunities to get together with loved ones, friends and other people, especially if you live alone.

**4. Stay organized**

You're more likely to forget things if your home is cluttered or your notes are in disarray. Keep track of tasks, appointments and other events in a notebook, calendar or electronic planner. You might even repeat each entry out loud as you write it down to help keep it in your memory. Keep to-do lists up to date. Check off items you've finished. Keep your wallet, keys, glasses and other essential items in a set place in your home so they are easy to find.

Limit distractions. Don't do too many things at once. If you focus on the information that you're trying to remember, you're more likely to recall it later. It also might help to connect what you're trying to remember to a favorite song or a familiar saying or idea.

**5. Sleep well**

Not getting enough sleep has been linked to memory loss. So has restless sleep and sleep that gets disturbed often. Make getting enough healthy sleep a priority. Adults should sleep 7 to 9 hours a night on a regular basis. If snoring disrupts sleep, make an appointment to see your health care provider. Snoring could be a sign of a sleep disorder, such as sleep apnea.

**6. Eat a healthy diet**

A healthy diet is good for your brain. Eat fruits, vegetables and whole grains. Choose low-fat protein sources, such as fish, beans and skinless poultry. What you drink also counts. Too much alcohol can lead to confusion and memory loss.

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506.
GOBI (Tk), ERODE (Dt).

**7. Manage chronic health problems**

Follow your health care provider's advice for dealing with medical conditions, such as high blood pressure, diabetes, depression, hearing loss and obesity. The better you take care of yourself, the better your memory is likely to be. Regularly review the medicines you take with your health care provider. Some medicines can affect memory.

## PERSONALITY DEVELOPMENT COMMITTEE

### ACADEMIC YEAR 2023-20224

**MEETING DETAILS:**

| | |
|---|---|
| **EVENT NAME** | Improving Aptitude Skills |
| **MEETING DATE** | **24/02/2024** |
| **TIME** | 10.00 AM to 4 PM |
| **VENUE** | Seminar hall |
| **RESOURCE PERSON** | Mr. PRAVEEN KIRUBAGARAN |

**MEETING REPORT:**

The Resource person Mr. PRAVEEN KIRUBARAN give lecture on topic " How to improve Aptitude skills". Some ideas given by resource person are the following.

- improve your aptitude skills, focus on consistent practice with a variety of
- aptitude questions, particularly in areas like
    - numerical,
    - verbal, and
    - logical reasoning,

  by utilizing
    - online platforms,
    - practice tests, and
    - papers;
    - identify your weaknesses and
- work on them specifically,
- learn time management strategies, and
- incorporate brain-training activities like puzzles and

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506.
GOBI (Tk), ERODE (Dt).

- games to sharpen your critical thinking skills.

## Key strategies to improve aptitude skills:

- **Regular Practice:**

  Dedicate time daily or weekly to practice aptitude questions across different categories like math, logic, verbal reasoning, and data interpretation.

- **Understand Basics:**

  Ensure you have a strong foundation in basic concepts related to each aptitude area before moving to advanced problems.

- **Identify Weak Areas:**

  Analyze your practice tests to pinpoint areas where you struggle the most and focus on improving those specific skills.

- **Mock Tests:**

  Take practice tests regularly to simulate the actual exam environment and get accustomed to the question format and time pressure.

- **Time Management:**

  Practice time management techniques to solve questions efficiently within the allotted time frame.

- **Learn Strategies:**

  Learn specific problem-solving strategies and shortcuts for different types of aptitude questions.

- **Analyze Mistakes:**

  Review your incorrect answers to understand where you went wrong and avoid repeating the same mistakes.

- **Expand Knowledge:**

  Read newspapers, articles, and other materials to broaden your general knowledge which can be helpful in verbal reasoning sections.

- **Puzzle Solving:**

  Engage in brain-training activities like Sudoku, crosswords, and logic puzzles to enhance your critical thinking and problem-solving abilities.

- **Online Resources:**

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506.
GOBI (Tk), ERODE (Dt).

Utilize online platforms and educational apps that provide aptitude practice questions and explanations.

Specific areas to focus on:

- **Numerical Aptitude:**

  Practice basic arithmetic operations, algebra, geometry, data interpretation, and calculations.

- **Verbal Aptitude:**

  Improve vocabulary, reading comprehension, grammar, and logical reasoning with text-based questions.

- **Logical Reasoning:**

  Work on pattern recognition, blood relations, coding-decoding, syllogisms, and analytical reasoning problems.

## RESEARCH AND DEVELOPMENT COMMITTEE

**ACADEMIC YEAR 2023-2024**

**VISION:**

- Vision "Ideate, Invent and Innovate propositions with enduring value to ecosystems"

**MISSION:**

- To inculcate research oriented approach to the future generation through research, scholarship, education, preservation, and excellent academic practice that can serve all sectors of society.
- To carry out free exchange of ideas in an ethical, interdependent, and diverse community of faculty, students, and alumni.

**OBJECTIVES:**

- To encourage and promote cutting-edge research based on the proven capabilities and expertise of our faculty and students.
- To help facilitate strengthening of the Institute's research capabilities; proactively promote basic research and monitor quality of research work done.

**FUNCTIONS:**

- To create zeal amongst students and faculty members towards research and innovation.
- To create centers of research in various areas of research.
- To work closely with the industrial needs that eventually will result in new or improved products, processes, systems or services that can increase the company's productivity.

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506.
GOBI (Tk). ERODE (Dt).

- To foster collaborations for mutual benefits and to maximize industrial connectivity.
- To establish collaboration with other universities, public and private sectors and identify R&D projects including consultancy services which could be undertaken at the institution.
- To promote research in various departments of the Institute.
- To ensure smooth functioning and effective management of R&D at the institution.

**RESPONSIBILITIES:**

- The committee shall promote research and development activities by motivating students and members of faculty for publishing research papers
- Motivating them to get patents for their works
- To organize regular seminars and workshops on emerging trends and technologies with a special focus on innovations
- To organize regular industrial trainings for the students commensurate with market needs.
- To organize regular industrial visits for the students.
- To organize conference on innovations every year.

**Functions of the R&D Consultancy & External Funded Projects Cell:**

- Institute is thriving to succeed by creating quality education as well as by increasing institute's credibility through cost-efficient methods. In this process our research and development cell is primarily responsible for ensuring that these activities are met.To constitute research groups in every department to have a meaningful research contribution by the faculty and students.
- A research and development cell is responsible for innovations in technical and managerial pedagogies. This R & D is creating innovative application of ideas to keep institute a step ahead in the competition. Many institutes are also relying on the R&D cell to explore new ways of professional education.
- To interact with national prominent research institutes and industry for collaborative research projects and internship programs.
- To identify the new and emerging areas in engineering research and motive faculty and studentscarry out research in those areas and help them to identify the funding agencies that support their research/projects.
- Research and development works closely with the interdisciplinary approach which is lined with latest trends by surveying and researching student's demands, imparting modern methods and the existence of technology across the relevant social requirements. The research and development cell gathers all the data, and makes this information available to the analysis, which will take action in response to the findings and proceed to keep the institute on top of current social needs.

## REPORTS

## WORLD PHOTOGRAPHY DAY

Photography is the art, application and practice of creating durable images by recording."In photography, there is a reality so subtle that it becomes more real than reality", ALFRED STIEGLITZ.

World Photography day is a day whereby we pay tribute to the incredible art form that is photography.There are those personal photos that we all love and cherish, but there are also photos tell a story.They tell us about significant periods in time or enable us to learn more about the planet.

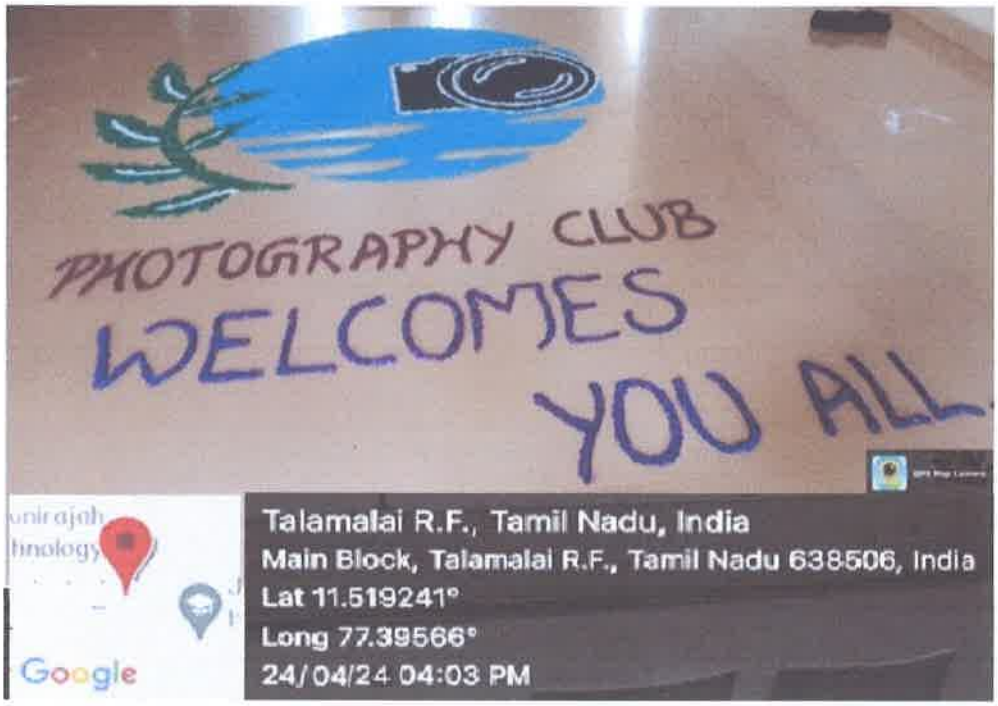
## RANGOLI

Rangoli is a form of traditional decorative art that originated in the state of Tamilnadu. It is basically a geometrical drawing composed of straight lines, circles, dots, curves and loops. These are made for special or auspicious occasions like festivals. Apart from their cultural value, it also adds character to the venue.



**Photos of Photography Club - Rangoli at JKKMCT lobby**

## PRAYER SONG & LIGHTING OF KUTHUVILAKU

Prayer is an important way to experience god as the religious believer can communicate with him.Prayer is an invocation or act that seeks to activate a rapport with an object of work ship through deliberate communication. **"The lamp is symbolic of the knowledge that eradicates ignorance and darkness from one's life."** The light of the lamp represents the removal of ignorance and the illumination of knowledge. It signifies the dawn of wisdom, dispelling darkness from one's life.

By lighting the *Kuthuvilakku*, one metaphorically invites light, purity, and enlightenment into their lives, promoting a deeper connection with the divine and the universe.

## PRESIDENTIAL ADDRESS

Our Vice Principal Dr.C.MURUGESAN Ph.D., I am thrilled to welcome you to this year's exciting line up of events and activities. Our club aims to foster creativity, technical skills, and a shared passion for photography. From hands-on workshops and guest speaker sessions to exciting photo walks and competitions, we are committed to providing a vibrant community for all skill levels. Together, we will explore various styles, techniques, and the artistry of capturing moments. I look forward to seeing everyone engage, learn, and grow through these enriching experiences.

## STUDENT FEEDBACK

The schedule was clear, and the venue was great for both indoor and outdoor shooting sessions. I think it would be helpful to have a bit more time allocated for practical learning.- says 2nd Year civil student.

We learned that more content about using software for photo editing or how to use machine learning to enhance images will be better for this event. - says 4th Year Mechanical student.

It would be exciting to have the club participate in local or national photography competitions.-2nd year ECE student.

It would be nice to explore more diverse photography styles and genres beyond traditional subjects—like street photography, abstract, or documentary photography. – says AI&DS second year students.

I'd love to see more group outings to interesting places where we can practice our photography skills together. – says 1st year students.

It would be great if the club meetings were scheduled more consistently, perhaps at the same time each week. – says 4th year CSE Student.

| **37.** | **Did your institution/ College invite any dignitaries/ popular personalities from District level to participate in the activities of DESC 2023?** | Yes, we invited dignitaries & popular personalities from District level to participate in these activities of DESC 2023. | |

# The following tables are for Activities in I, II, III and IV of the brochure. Total 10 Tables.

| **Activity Name: OUTDOOR CLASSROOM IN OPEN ATMOSPHERE**<br>**Activity Sl. No in the brochure: Table - I & S.NO - 04** | | |
|---|---|---|
| **Sl.No** | **Particulars** | **Details** |
| 1. | Total number of students participated | About 50 students per day and around 400 students per month attended the outdoor classroom activity and it varies regularly depending upon the class strength of various departments (Year wise) of JKKMCT. |
| 2. | Name of the Faculty Coordinator (s) | 1.Ms.V. Sathiyapriya,AP/ CIVIL<br>2.Mr.R.Prasanth,AP/MBA<br>3.Mr.K.S.Ramesh,AP/MECH<br>4.Mr.K.Prabakaran,AP/PHYSICS<br>5.Mrs.P.Saranya,AP/ CIVIL |
| 3. | Student Self Help Clubs members Names | 1.C.Dhanalakshmi, III/IT<br>2.B.Pradeep II/MBA<br>3.K.Janarthanan, IV/ECE<br>4.S.Shakthi,I/EEE<br>5.K.Vasumathi,I/IT<br>6.V.Praveen kumar,I/EEE<br>7.H. Saheer,I/CSE<br>8.P.Sooraj,I/AUTO |
| 4. | Duration of activity conducted/ performed | Every morning, the first hour is about 45 minutes (9.30 AM to 10.15 AM) in the rotation method of various departments on a daily basis. We conducted the activity for about one week (7 days) in our JKKMCT institution at the entrance gates, college buses, college lobby & classrooms. |
| 5. | Date/Dates on which activity was performed? | This outdoor classroom in an open atmosphere is in practice from 21.07.2023 on every morning first hour about 45 minutes (9.30 AM to 10.15 AM) till the end of the odd semester examinations. |
| 6. | What are the outcomes? | **Increased Engagement:** Open atmosphere classrooms can foster a more engaging and interactive learning environment. Students may feel more connected to the material and the instructor, leading to increased participation and enthusiasm for learning.<br>**Collaborative Learning:** The open design encourages collaboration among students. They can easily work in groups, discuss ideas and share resources, which can enhance their understanding of the subject matter.<br>Improved Communication Skills: Students in open classrooms often have more opportunities to communicate with their peers and instructors. This can help them develop better communication skills, which are valuable in both academic and professional settings.<br>**Flexibility:** Open classrooms may allow for flexible seating arrangements and teaching methods. Instructors can adapt their teaching styles to suit different topics and student needs, promoting a more dynamic learning experience.<br>**Natural Light and Comfort:** Open classrooms often feature large windows and comfortable seating, which can create a more pleasant learning environment. Natural light can also boost mood and concentration.<br>Community Building: Open classrooms can foster a sense of community among students. This can lead to stronger relationships, support networks, and a more positive college experience overall.<br>**Voluntary habitat of students:** Volunteers of our student club members used Broom sticks to clean every day. Voluntary cleaning activity is appreciated by our team faculty coordinators. Student volunteers were monitored and replaced the material back in the places. |

| | | |
|---|---|---|
| | | **Achievement**: We Conducted communication classes regularly for various departments and environment science and sustainability Goals sessions. For that, the venue and the session were planned to maintain the decorum regularly. |
| 7. | How was planning done for this activity? | **PLANNING PROCESS:**<br>We conducted a meeting and discussed the following factors to execute the activity practically in our esteemed JKKMCT Institution.<br><br>**Selecting a Location:**<br>Choosing an appropriate location for the outdoor classroom. Considering the factors such as accessibility, safety, proximity to the main campus, natural features (e.g., trees, bodies of water) and suitability for the intended educational activities.<br><br>**Engaging Stakeholders:**<br>Involve key stakeholders, including faculty, students, administrators, and facilities management, in the planning process. Gathering input and feedback from these groups to ensure that the outdoor classroom meets their needs and expectations.<br><br>**Design and Layout:**<br>Work with architects, landscape designers and educational experts to design the layout of the outdoor classroom. Consider elements such as seating arrangements, shade structures, access to power sources and the integration of technology if needed.<br><br>**Infrastructure and Resources:**<br>Assess what infrastructure and resources will be required. This may include benches, tables, chairs, whiteboards, markers, duster, audiovisual equipment and Wi-Fi connectivity. Ensure that the outdoor space is equipped to support the intended teaching and learning activities.<br><br>**Environmental Considerations:**<br>Take into account the local climate and weather conditions. Plan for protection from extreme heat, rain, or cold. Consider the use of natural features, such as trees, for shade.<br><br>**Safety and Accessibility:**<br>Prioritize safety and accessibility for all users. Ensure that the outdoor classroom complies with relevant safety regulations and that it is accessible to students with disabilities.<br><br>**Curriculum Integration:**<br>Work closely with faculty to integrate the outdoor classroom into the curriculum. Identify how and when the space will be used for teaching and learning activities. Collaborate on lesson plans and teaching strategies tailored to the outdoor environment.<br><br>**Sustainability:**<br>Consider sustainability principles in the design and operation of the outdoor classroom. This may include using eco-friendly materials, implementing waste management practices, and promoting environmental education. |

| | | |
|---|---|---|
| | | **Communication and Promotion:**<br>Inform students, faculty, and the broader campus community about the new outdoor classroom. Promote its use and benefits to encourage its adoption in teaching and learning activities.<br><br>**Evaluation and Feedback:**<br>Continuously assess the effectiveness of the outdoor classroom in achieving its educational objectives. Collected feedback from faculty and students to make improvements as needed.<br><br>**Adaptation and Flexibility:**<br>Be prepared to adapt the outdoor classroom's design and use based on feedback, changing educational needs and evolving environmental conditions.<br><br>Effective planning for an open atmosphere outdoor classroom involves collaboration, thoughtful design, and ongoing evaluation to ensure that it serves as a valuable educational resource for the college community. |
| 8. | What were the materials available for conducting the activity? | Flower Pots, Brooms, White Board, Stand, Marker, Duster, Chairs, Mats and Positions marked to sit on the dry ground. |
| 9. | How did you manage to collect the material required for the activity? | Managing the collection of materials for an outdoor classroom in an open atmosphere requires careful attention to detail, budget management and collaboration with various stakeholders to ensure that the space is well-equipped for its intended educational purposes with the support of management for procuring the materials required. |
| 10. | Mention the materials used during the activity? What is the role of the material? | 1. **Flower pots and plants** can play several important roles in an open atmosphere classroom, enhancing both the aesthetic and functional aspects of the space. Incorporating flower pots into an open atmosphere classroom can be a versatile and beneficial choice, enhancing the overall learning experience while creating a welcoming and inspiring environment for both students and educators.<br>2**. Whiteboards** in an open atmosphere classroom provide a versatile and interactive platform for teaching and learning. They facilitate active participation, visual communication, and collaboration while allowing instructors to adapt their teaching methods to the unique outdoor environment.<br>3. **Mats** in an open atmosphere outdoor classroom, mats can contribute to the comfort, flexibility and functionality of the space for the students.<br>4. **Brooms** play a practical and symbolic role in an open atmosphere classroom. They support cleanliness, safety, and environmental awareness, while also offering opportunities for student involvement and responsibility in maintaining the outdoor learning space.<br>5**. Chairs** provide students with a designated seating area, creating a structured environment for learning. Instructors can arrange chairs in various configurations, such as circles, semi-circles, or rows, depending on the teaching style and objectives. |
| 11. | Were you aware of this activity earlier? | Yes, we were aware of the concept of an open atmosphere classroom. An open atmosphere classroom typically refers to a learning environment that is situated outdoors, often in a natural or semi-natural setting. It's designed to provide a unique and alternative space for teaching and learning, different from traditional indoor classrooms. Open atmosphere classrooms are used to engage students with nature, promote experiential learning, and offer a change of scenery for educational activities. These classrooms can be found in various settings, including schools, colleges, universities, and outdoor education programs. |

| | | |
|---|---|---|
| 12. | Has been this activity covered in local newspaper? | ● Yes, Creating a newspaper article or press release about open atmosphere-outdoor classroom activity can help us to share information and generate interest among the local community.<br>● So our activity was covered in the Malaimalar (dated on 12.09.2023) and Dhinathanthi (dated on 09.09.2023) newspaper and also in Dhinathanthi website. |
| 13. | Did you collaborate with other organizations to create a bigger impact? | Yes, we collaborate with our JKKM INSTITUTIONS to create a bigger impact and also we spread it through our institutions official pages of social media. |
| 14. | Has the organizing team prepared and followed a checklist for conducting the activity? | **Yes, the organizing team prepared and followed the checklist for Conducting the activity as follows:**<br>**<u>Pre-Event Planning:</u>**<br>● Define the objectives and learning outcomes of the outdoor classroom activity.<br>● Determine the date, time, and location for the activity.<br>● Secure any necessary permits or permissions for using the outdoor space.<br>● Identify the target audience (students, participants, etc.).<br>● Develop a detailed schedule or agenda for the activity.<br>● Choose and prepare educational materials, resources, and any required equipment.<br>● Communicate the event details and expectations of participants and instructors.<br>● Ensure there are appropriate restroom facilities available.<br>● Address any special dietary or medical requirements of participants.<br><br>**<u>On-Site Preparation:</u>**<br>● Arrived early to set up the outdoor classroom area and materials.<br>● Brief instructors and volunteers on their roles and responsibilities.<br>● Welcome participants and provide an overview of the day's activities.<br><br>**<u>During the Event:</u>**<br>● Monitored weather conditions and safety throughout the event.<br>● Ensured that participants stay hydrated and take appropriate breaks.<br>● Encouraged active participation and engagement in the outdoor classroom activities.<br>● Captured photos or videos for documentation and promotion.<br>● Addressed any questions or concerns from participants.<br>● Collected feedback and evaluations from participants and instructors.<br><br>**<u>Post-Event:</u>**<br>● Debrief with the organizing team to assess the success of the activity.<br>● Review participant feedback and make improvements for future events.<br>● Completing necessary paperwork, reporting or documentation.<br>● Expressing gratitude and acknowledgment to participants, instructors, and volunteers.<br>● Considering follow-up activities or resources for continued learning.<br>● This checklist is an actual framework of the event for effective planning and execution. |

| | | |
|---|---|---|
| 15. | Where did you conduct this program? | This program is conducted under the shade of the trees where the grass land area is available within our college premises of JKKMCT to obtain a successful and best experience. |
| 16. | What are the steps involved in conducting the activity work? / Mention step by step procedure followed? Write in bullet points. Describe in detail min 100 words. | Conducting an outdoor classroom activity in an open atmosphere involves several steps to ensure a successful and educational experience for participants. Here's a detailed step-by-step procedure:<br>● Choosing an appropriate outdoor setting that aligns with the learning objectives. Consider factors such as accessibility, safety, natural features, and the availability of resources.<br>● Developed a detailed lesson plan or curriculum for the outdoor activity, including learning materials and resources.<br>● Determining the date and time for the activity, taking into account weather conditions.<br>● Obtained necessary permits or permissions for using the outdoor space.<br>**Safety Measures**:<br>● Conducted a risk assessment of the outdoor location and developed an emergency response plan.<br>● Ensured participants are aware of safety guidelines, including the use of sun protection, insect repellent, and appropriate clothing and footwear.<br>● Conducting an outdoor classroom activity requires thorough planning, attention to safety, engagement with participants, and a commitment to achieving educational goals in an open and natural setting. Adhering to this step-by-step procedure can help ensure a meaningful and successful outdoor learning experience. |
| 17. | What are the precautions taken for conducting the activity? | **The precautions taken for Conducting the activity are as follows:**<br>**Safety and Logistics:**<br>● Conducted a risk assessment of the outdoor space and addressed any safety concerns.<br>● Established an emergency response plan and communicated it to all participants.<br>● Ensured there is access to first aid supplies, if needed.<br>● Planned for inclement weather contingencies and provide shelter or alternative activities.<br>● Arranged for seating and any necessary shade structures.<br>● Confirmed that participants have appropriate clothing and footwear for the outdoor setting.<br>● Ensured that participants are aware of any wildlife or environmental considerations.<br>● Checked accessibility for participants with disabilities. |
| 18. | What were the tools/ support systems used for conducting the activity? | Conducting an outdoor classroom activity in an open atmosphere requires various tools and support systems to ensure the activity's success and educational effectiveness.<br>There are,<br>● Educational Materials (whiteboard, marker pens, dusters, chairs etc.,)<br>● Safety and Emergency Plans<br>● Shade and Shelter<br>● Decorative plants |

| | | |
|---|---|---|
| | | ● Volunteer students and Staff Management<br>● Open atmosphere resources<br>● The specific tools and support systems used will vary widely depending on the nature and scale of the open atmosphere activity. |
| 19. | What was your learning at various steps of implementation of the activity? | Learning is an ongoing process and each & every time the implementation of an outdoor classroom activity can provide valuable insights for improving future interactions and creating more effective enriching learning outcomes in all aspects for the students **and also experiencing the nature, sustainable living and peace in the implementation of outdoor classrooms in an open atmosphere.** |
| 20. | How was the support from the students/neighborhood/ village/school? | Ultimately, the level of support from students can be influenced by the design, execution and communication surrounding the outdoor classroom in an open atmosphere. These factors align with student's interests and educational needs more likely that they had enthusiastically given **their high level of support and participated in it by adventuring the new eco-friendly outdoor classroom in an open atmosphere.** |
| 21. | Write down the new ideas to solve environmental issues through this activity. | Engaging students in open atmosphere outdoor classroom activities can be a powerful way to raise awareness and inspire action on environmental issues. Here are some new ideas to address environmental problems through outdoor classroom activities:<br>● Sustainable Gardening and Agriculture<br>● Plants Habitat Restoration<br>● Pollinator Gardens<br>● Clean up and regular maintenance of the garden<br>● Water Conservation<br>● Outdoor Renewable Energy Projects<br>● Waste Reduction and Recycling Initiatives<br>● Outdoor Art and Environmental Messaging<br>● Outdoor Sustainable Design Projects<br>● Nature Journaling and Citizen Science<br>● Peaceful environment<br>● Green campus<br>● Eco sustainability and achieving sustainable living<br>These ideas combine experiential learning with a focus on environmental stewardship, providing students with the knowledge, skills, and motivation to address environmental challenges both locally and globally. |
| 22. | What have you learned from this process while working for the District Eco-SDGs Championship 2023? | ● We have learned the requirements and empathy to build positive relationships with our earth in our daily busy routine lifestyle especially in educational scenarios.<br>● When we hear about SDGs such as open atmosphere-outdoor classroom, Gender Equality, Reduced Inequalities, Sustainable Living, Reduced plastic pollution, Respecting our elders, Creating awareness, Zero Hunger, etc., we have exposed to different perspectives which facilitates empathy for the environment.<br>● Creating compassion in our students leads to commitment in the way of active adults & our earth with giving attention to this kind of Eco-SDGs activities that helps us survive in a natural environment. |
| 23. | Did you collect the feedback from the participants of the activity? | Yes, we have collected the feedback from the participants of this activity. |

**ACTIVITY NAME: GROWING ORGANIC GARDEN**
**ACTIVITY S.NO IN THE BROCHURE: TABLE - I & S.NO - 06**

| Sl.No | Particulars | Details |
|---|---|---|
| 1. | Total number of students participated | About 15 students participated in this growing organic garden activity. |
| 2. | Name of the Faculty Coordinator (s) | 1.Ms.V. Sathiyapriya,AP/ CIVIL<br>2.Mr.K.Prabakaran,AP/PHYSICS<br>3.Ms.S.Samyuktha,AP/MATHS<br>4.Mr.R.Prasanth,AP/MBA<br>5.Mr.K.S.Ramesh,AP/MECH<br>6.Mr.E.Anand,AP/CSE<br>7.Ms. A.Cayalvizhi,AP/CIVIL<br>8.Mrs.P.Saranya,AP/ CIVIL |
| 3. | Student Self Help Clubs members Names | 1.S. Nithish kumar I/EEE<br>2.V. Praveen kumar I/EEE<br>3.E.Deepika I/EEE<br>4.E.Logeswari I/EEE |

| | | |
|---|---|---|
| | | 5.S.Poomathi S I/CSE<br>6.D. Jayasree I/CSE<br>7.S.Shakthi I/CSE<br>8.H. Saheer I/CSE<br>9.P.Sooraj I/AUTO<br>10.U. Devi I/ECE<br>11.A.Vaishnavi I/ECE<br>12.P.Sujith I/IT<br>13.Vasumathi I/IT<br>14.R.Divakar IV/CIVIL<br>15.M.Kumaravel IV/MECH |
| 4. | Duration of activity conducted/ performed | The duration of this activity was about 16 days and it continues as routine in our JKKMCT Campus till now . |
| 5. I T | Date/Dates on which activity was performed? | This activity was performed on the dates from 10.8.2023 to 26.8.2023. and also we regularly monitor and maintain the garden to till date. |
| 6. | What are the outcomes? | ● **Chemical-Free:** Organic gardens avoid synthetic pesticides, herbicides, and fertilizers, promoting healthier ecosystems and reducing chemical exposure.<br>● **Nutrient-Rich Soil:** Organic practices focus on building and maintaining nutrient-rich soil through composting, mulching, and natural amendments.<br>● **Biodiversity:** Organic gardens support biodiversity by encouraging beneficial insects, birds, and wildlife, creating a balanced ecosystem.<br>● **Healthier Food:** Organic produce tends to have fewer pesticide residues and higher nutrient levels, appealing to health-conscious consumers.<br>● **Sustainability:** Organic gardening reduces the carbon footprint by minimizing energy-intensive synthetic inputs and emphasizing sustainable practices.<br>● **Soil Conservation:** Organic methods promote soil health and prevent erosion, contributing to long-term land preservation.<br>● **Water Conservation:** Organic gardeners often employ water-saving techniques such as drip irrigation and rainwater harvesting.<br>● **Local and Seasonal:** Emphasis on local and seasonal produce reduces transportation emissions and supports the farm-to-table movement.<br>● **Education and Awareness:** Many organic gardeners and organizations prioritize educating the public about sustainable agriculture and its benefits.<br>● **Resilience:** Organic gardening practices, such as crop rotation and companion planting, enhance plant resilience against pests and diseases.<br>● **Pollinator-Friendly:** Organic gardens often include pollinator-friendly plants, helping to protect essential pollinators like bees.<br>● **Food Security:** Organic gardening at the community level can contribute to local food security by reducing dependence on industrial food systems. |

| | | |
|---|---|---|
| | | ● **Well-being:** Gardening, in general, is known to have mental and physical health benefits, and organic gardening promotes a deeper connection to nature.<br>● **Regenerative Agriculture:** Organic practices align with the regenerative agriculture movement, which aims to restore and improve the health of the planet through organic farming.<br>**These factors are the outcomes gained by our student participants and the coordinators of the club members of JKKMCT Institution.** |
| 7. | How was planning done for this activity? | 1.Select appropriate crops based on local climate and compatibility.<br>2.Choose an ideal garden site about 6ft x 8ft within our JKKMCT Campus with adequate sunlight and good soil drainage to train our students.<br>3.Conducted a soil test and amended the soil with organic matter as needed.<br>4.Developed a watering schedule and consider rainwater collection for growing the vegetable plants such as the crops of brinjal, greens, tomatoes and some other plant seeds.<br>5.It was maintained and monitored by our student volunteers and faculty club members to attain better results. |
| 8. | What were the materials available for conducting the activity? | 1. Seeds<br>2.Young crops<br>3. Garden hose<br>4. Sickle<br>5. Buckets<br>6. Spade<br>7. Our students team<br>8. Our faculty team |
| 9. | How did you manage to collect the material required for the activity? | We collected the materials from our JKKMCT institution gardeners and also with the support of our management . And after the completion of daily activity, our student and faculty club members returned the items back to place. |
| 10. | Mention the materials used during the activity? What is the role of the material? | **The materials used during the activity are as follows:**<br>1.Seeds<br>2.Young crops<br>3.Garden hose<br>4.Sickle<br>5.Buckets<br>6.Spade<br>7.Our students team<br>8.Our faculty team<br><br>**<u>The role of the materials are as follows:</u>**<br>1.Seeds - For the germination of the new plant for growing organic garden<br>2.Young crops - For the growth of the new plant<br>3.Garden hose - For watering the plants.<br>4.Sickle - To cut unwanted grasses<br>5.Buckets - To spray water<br>6.Spade - Digging the mud |

| | | |
|---|---|---|
| | | 7.Our students team - To learn and maintain the garden<br>8.Our faculty team - To organize the students on schedule and to train the students for gardening activity. |
| 11. | Were you aware of this activity earlier? | Yes, we are familiar with it. |
| 12. | Has this activity been covered in the local newspaper? | Yes, Creating a newspaper article or press release about fire and disaster management activity can help us to share information and generate interest among the local community. So our activity was covered in the Malaimalar (Published on 12.09.2023) and Dhinathanthi (Published on 09.09.2023) newspapers and also in Dhinathanthi website. |
| 13. | Did you collaborate with other organizations to create a bigger impact? | Yes, we have been collaborating with J.K.K Munirajah College of Agricultural Science - (JKKMCAS) to create a bigger impact. |
| 14. | Has the organizing team prepared and followed a checklist for conducting the activity? | Yes, the organizing team prepared and followed the checklist for Conducting the activity within a scheduled period of time. |
| 15. | Where did you conduct this program? | We started planting saplings and seeds of vegetables in the area of our college campus and made it as a student's organic garden of about 6ft x 8ft which is located within our campus, where sunlight and water is much more efficient and effective to make the plant grow healthier. |
| 16. | What are the steps involved in conducting the activity work? / Mention step by step procedure followed? Write in bullet points. Describe in detail min 100 words. | ● Site selection with enough sunlight and good soil.<br>● Soil testing and organic soil improvement.<br>● Crop selection based on local climate and compatibility.<br>● Companion planting for enhanced plant health.<br>● Organic pest and disease management techniques.<br>● Development of a watering plan, including rainwater collection.<br>● Application of organic mulch for weed control and moisture retention.<br>● Crop rotation to maintain soil fertility and prevent pests.<br>● Detailed record-keeping to track progress and issues.<br>● Maintained detailed records of cultivation practices.<br>There are some of the steps involved in conducting this activity, from the site cleaning to the growth of the plant, this activity provides a Continuous learning about organic gardening practices to the student participants and the faculty coordinators.The club members were regularly looking over into it and maintaining the organic garden effectively to make it grow healthier as much as possible.our gardeners and the faculty coordinators were also training the students to maintain the organic garden. |
| 17. | What are the precautions taken for conducting the activity? | 1.Selected plant varieties suitable for local climate and soil conditions<br>2.Avoided synthetic chemical fertilizers, pesticides and herbicides.<br>3.Used organic soil amendments like compost, manure and cover crops.<br>4.Employed biological controls and natural remedies for pest and disease management.<br>5.Mulch garden beds to suppress weeds and use manual weeding when necessary. |

| | | |
|---|---|---|
| | | 6.Implemented efficient watering methods and considered rainwater collection.<br><br>7.Promoted biodiversity through companion planting and a variety of crops.<br><br>8.Adhered to organic certification standards if selling organic produce. |
| 18. | What were the tools/ support systems used for conducting the activity? | **1. Seeds and Saplings**<br>**2. Shovels and Spades**<br>**3. Watering Cans and Hoses**<br>4. **Gloves and Safety Gear**<br>5. **Educational Materials**<br>6. **Transportation**<br>7. **Cameras and mobile phones**<br>**8. Planting GuidesManagement support** |
| 19. | What was your learning at various steps of implementation of the activity? | ● Learn how farmers do agriculture to prevent hunger.<br>● Learned to produce organic vegetables for the family.<br>● Learn to schedule the watering time for the crops.<br>● I Learned to create organic fertilizer.<br>● I Learned to maintain the garden regularly.<br>● Our students learned to grow an organic garden successfully without using any of the pesticides. |
| 20. | How was the support from the students/neighborhood/ village/school. | All the volunteers of students and faculty coordinators of our JKKMCT Institution gave their Excellent support and 100% contribution from all aspects throughout the activity. |
| 21. | Write down the new ideas to solve environmental issues through this activity. | ● Need traditional seeds to protect seasonal fluctuations.<br>● Need to recycle all agricultural waste into an organic fertilizers<br>● Need to create awareness pros and cons between traditional fruits, vegetables VS hybrid fruits, vegetables etc<br>● Need to create awareness on climate change and its impact.<br>● Need awareness regarding soil oriented plants to grow. |
| 22. | What have you learned from this process while working for the District Eco-SDGs Championship 2023? | ● Learnt how to prepare readiness of soil to create a garden<br>● Learned how to protect the seeds and plants from insects and other harmful things.<br>● Learn how to irrigate and how to promote the growth factor of plants.<br>● Learned 100% organic flavor through recycling of agri and kitchen wastes.<br>● Learned farmers struggle due to climatic changes. |

| | | |
|---|---|---|
| 23. | Did you collect the feedback from the participants of the activity? | YES, we collected the activity feedback forms from our students after the completion of the activity.<br>  |
| 24. | How many videos are there in this Activity? | There are 5 **videos that are posted** in our institution's official pages of social media campaigns such as Youtube, Facebook, Instagram, Twitter & official Website Individually. |
| 25. | Share the link of Video/ videos. Sharing could be done via Google Drive or YouTube after uploading. Share the videos to us via Google Drive with access **to 'Anyone with the link' (View) Option**. If the videos are not accessible the marks will not be counted. You can also share the link of YouTube after uploading the video onto it. | **YOUTUBE LINK:**<br>https://youtu.be/FtHoMMjthLk<br>https://youtu.be/4Q3fmPWZXN8<br>https://youtu.be/-wsNNiZy8ZY<br>https://youtube.com/shorts/VAL-RtVbvwU<br>https://youtu.be/kuQKgBwpbPo<br>**DRIVE LINK:**<br>https://drive.google.com/drive/folders/1B_U6bQXAiHQSoXWJ08paqKKPM69hj8E_ |
| 26. | Did you post the video on social media through the Institution/ College? If yes, Share us the link | Yes, we have posted the respective videos of the event in our institution social media page.<br><br>**YOUTUBE:**<br><br>https://youtu.be/FtHoMMjthLk<br>https://youtu.be/4Q3fmPWZXN8<br>https://youtu.be/-wsNNiZy8ZY<br>https://youtube.com/shorts/VAL-RtVbvwU<br>https://youtu.be/kuQKgBwpbPo<br><br>**INSTAGRAM:**<br><br>https://www.instagram.com/p/Cu4bPDVvgVJ/?igshid=NjZiM2M3MzIxNA==<br>https://www.instagram.com/reel/Cu3W9dorpPv/?igshid=NjZiM2M3MzIxNA== |

J.K.K.MUNIRAJAH COLLEGE OF TECHNOLOGY
Approved by AICTE, New Delhi and Affiliated to Anna University, Chennai.
Accredited by NAAC with "A" grade

ECO – SUSTAINABLE DEVELOPMENT GOALS CHAMPIONSHIP 2023
ECO – SDG CLUB ACTIVITY STUDENT FEEDBACK FORM
TRAINING FOR THE STUDENTS TO GROW ORGANIC GARDENS

| S.NO. | CONTENT | REMARKS |
|---|---|---|
| 1 | Name | SHAKTHI. S |
| 2 | Register number | 731222104036 |
| 3 | Branch | B.E |
| 4 | Year & Semester | I & II sem |
| 5 | Email – id | shakthics2020@gmail.com |
| 6 | Mobile number | 9994641978 |
| 7 | Venue of the program that conducted with date | JKKMCT CAMPUS |
| 8 | State your experience towards the first step in organic gardening. | It was an excited moment when I planted an organic seeds & watering plants was an awesome experience. |
| 9 | List out the suggestions to solve the issues that acquired during the session. | There were no issues occured. All was good. |
| 10 | What have you learned from this training regarding the organic garden? | I got new experience and excitement. while watering them my mind gets some new refreshment and peace |

**ACTIVITY NAME: REMINDER POSTERS AND GREETINGS**

**ACTIVITY S. NO IN THE BROCHURE: TABLE - II & S.NO - 11**

| Sl.No | Particulars | Details |
|---|---|---|
| 1. | Total number of students participated | There are about 47 students of our institution from various branches of engineering departments who participated and explored their talents in this drawing competition to make it a reminder for poster greetings. |
| 2. | Name of the Faculty Coordinator (s) | 1.Ms. V.Sathiyapriya,AP/ CIVIL<br>2.Mr. A.Cayalvizhi,AP/ CIVIL<br>3.Mr.E.Anand, AP/CSE<br>4..Mr.K.S.Ramesh,AP/MECH<br>5.Mr.K.Prabakaran,AP/PHYSICS<br>6.Mr. G.Ruthishkumar, AP/CIVIL<br>7.Ms.S.Samyuktha,AP/MATHS<br>8.Ms. M.Mohanambika, AP/EEE |
| 3. | Student Self Help Clubs members Names | 1.L.Mothir,III/IT<br>2.K.SundaraGanesan,IV/CSE<br>3.C.Dhanalakshmi, III/IT<br>4.S.Shyamkumar,III/CSE<br>5.R.Divakar,IV/ CIVIL |
| 4. | Duration of activity conducted/ performed | 3 HOURS (Morning session 10.00 am to 1.00 p.m.) |
| 5. | Date/Dates on which activity was performed? | 22 August 2023 |
| 6. | What are the outcomes? | **Outcomes of the activity:**<br>● **Increased Awareness**: A Poster competition raises the awareness about the importance of diverse concepts of sustainability issues among club members and the wider community.<br>● **Creative Expression**: Poster competitions encouraged creativity and artistic expression among participants. This helped individuals to express their thoughts and feelings about issues.<br>● **Education**: Participants learned about converting their thoughts into actions, Posters. They realized the importance of creating awareness through the process of presenting & explaining their posters.<br>● **Engagement**: Competitions engage a diverse range of people that can foster a sense of community and shared commitment to sustainable practices.<br>● **Promotion of Eco-SDG Club**: Hosting a successful competition promotes the Eco-SDG club and its mission. It attracts new members and generates interest in the upcoming club's activities.<br>● **Behavior Change**: Over time, the poster competition can contribute to sustained behavior change as individuals internalize the sustainability messages conveyed by the posters.<br>● **Cultural Shift**: By continually promoting sustainability through art and creativity, the competition can contribute to a cultural shift toward more eco-conscious values and practices.<br>The outcomes of a poster competition in an Eco-SDG (Sustainable Development Goals) club includes increasing the awareness, creating expression, education, advocacy, inspiration, and potential for long-term impact on sustainability efforts. |

| | | |
|---|---|---|
| 7. | How was planning done for this activity? | ECO-SDG CLUB meetings has been conducted individually for Faculty Team co-coordinators as well as student co-coordinators regarding the discussions & the suggestions has been shortlisted and we are planned it, received the positive result over the management & chairpersons, with their support it results in circular throughout the campus for encouraging the effective participation of students.<br> <br>J.K.K.MUNIRAJAH<br>COLLEGE OF TECHNOLOGY<br>T.N.PALAYAM (PO), GOBI (TK), ERODE (DT) – 638 506<br>Accredited by NAAC with 'A' Grade<br>www.jkkmct.edu.in, Landline no: 04285260754 / 260755<br>JKKMCT/CIRCULAR/092/AUG-23 DATE: 21/08/2023<br>CIRCULAR<br>ECO -SDG CLUB<br>All the year students and faculty members are informed that we are planned to conduct **Drawing Competition On 22-08-2023 (Tuesday)** from our ECO -SDG CLUB. All the coordinators are requested to collect the willing name list on or before 21-08-2023 (Monday), today.<br>**Event Date: 22-08-2023, Time: 10.00 am to 12.30pm, Venue: Drawing Hall.**<br>The following Themes are,<br>1. | 8. | What were the materials available for conducting the activity? | A3 Chart Papers, White / color charts, Drawing boards, sketch pens, markers, water / poster colors, palette, brush, pencil, eraser, sharpener, other art stationeries etc., |
| 9. | How did you manage to collect the material required for the activity? | We manage the material for conducting the drawing competition from Outdoor stationery purchase items that are brought by the participating students as we mentioned in the circular earlier. |
| 10. | Mention the materials used during the activity? What is the role of the material? | During the poster making drawing competition, We are in need of elaborate materials such as drawings which primarily rely on stationeries & sheets. We arranged the drawing hall (Hall no. 417) in our institution & assembled the student participants there. However, some basic materials and accessories can enhance the competition more comfortably. Here is a list of materials and its role which were commonly used by our student participants:<br>● **A3 SHEETS & CHARTS - To express the theme in the drawing sheet**<br>● **PEN, PENCIL, CUTTER -To draw the poster** |

| | | |
|---|---|---|
| | | ● **PAINTS (WATER COLOR, POSTER / ACRYLIC, OIL) - To make the drawing colorful**<br>● **ORIGAMI SHEETS - To decorate their art**<br>● **CRAYONS- To make it colorful** |
| 11. | Were you aware of this activity earlier? | Yes, We're aware of the drawing competition, in previous days the poster/drawing competition was conducted and organized by our college's multiple clubs in the thought of creating awareness & awakening the artistic talents among the students in different themes. |
| 12. | Has this activity been covered in local newspaper? | ● Yes, Creating a newspaper article or press release about fire and disaster management activity can help us to share information and generate interest among the local community.<br>● So our activity was covered in the Malaimalar (dated on 12.09.2023) and Dhinathanthi (Dated on 09.09.2023)newspapers and also in Dhinathanthi website. |
| 13. | Did you collaborate with other organizations to create a bigger impact? | YES, We collaborate with the agricultural college J.K.K Munirajah Institute of Health Sciences College of Pharmacy to create a bigger impact. |
| 14. | Has the organizing team prepared and followed a checklist for conducting the activity? | ● Yes, initially we worked on a framework of the activities & scheduled the works individually to the faculty & student co-coordinators through Eco-SDG Club of JKKMCT, Such as seeking permission for conducting the event from our management, organizing and giving instructions to the participants through circular and also at the spot.<br>● After the completion of the competition the students coordinators collected the individual drawings within the given duration, after that we captured the drawings and make it as poster greetings and uploaded in our social media official pages, the best posters were selected by the judges of J.K.K Munirajah Institute of Health Sciences College of Pharmacy and the winners were awarded with prizes and certificates. and also all of our participants were appreciated by giving them participant certificates.<br>● And the checklist plays a major role in the success of this event. |
| 15. | Where did you conduct this program? | The program took place at drawing Hall no.417 of JKKMCT |
| 16. | What are the steps involved in conducting the activity work? / Mention step by step procedure followed? Write in bullet points. Describe in detail min 100 words. | Conducting a poster competition related to an Eco-SDG (Sustainable Development Goals) club involves several steps to ensure its success. Here's a step-by-step procedure:<br>**Step 1 - Planning and Goal Setting**:<br>The purpose and objectives of the poster making drawing competition, such as themes which raise awareness about plastic pollution, water pollution, promoting sustainable development goals, diabetes & increasing the use of millets are categorized and communicated to the students individually. Clear goals, including the number of participants, materials, guidelines, target audience are framed.<br>**Step 2 - Budgeting and Resources:**<br>Determining the budget for prizes, materials, and promotional activities has been planned and executed without any queries.<br>**Step 3 - Promotion:**<br>Creating promotional materials (e.g., flyers, social media posts) to attract participants are done.<br>**Step 4 - Guidelines and Theme - Judging Panel**:<br>Ensuring clarity on eligibility, deadlines, and judging criteria are categorized & informed. Recruiting a diverse and knowledgeable judging panel, including artists and sustainability experts, to evaluate submissions.<br>**Step 5 - Submission and Collection**: |

| | | |
|---|---|---|
| | | Clearance in theme & development of thoughts into actions are monitored continuously throughout the 3 hours of competition & on spot corrections has been mentioned.<br>**Step 6 - Feedback and Evaluation:**<br>Collecting & evaluating feedback from participants to improve the future competitions.<br>**Step 7 - Winner Selection and Prizes:**<br>The final poster selections lead to the Announcement of winners then certificates & prizes are distributed. Recognizing outstanding submissions & giving them special prizes.<br>**Step 8 - Follow-up Activities:**<br>Organizing follow-up activities like workshops, discussions, or projects related to the SDGs to maintain engagement and impact are in talks to be implemented.<br>**Step 9 - Documentation and Reporting:**<br>Document the entire competition process with photos, testimonials, and results to highlight the club's efforts. |
| 17. | What are the precautions taken for conducting the activity? | ● Conducting a poster drawing competition activity requires careful planning and organization to ensure a smooth and successful event.<br>● Defining guidelines to participants & Setting Competition Rules.<br>● Promoting the Competition via circular, sharing messages in common through student and faculty coordinators of JKKMCT's Eco-SDG Club.<br>● Theme and Judging Criteria were discussed with judges of this competition & finalized before the announcement and distribution of prizes and certificates..<br>● Securing the Venue.<br>● Managing the Art Supplies & Timely Communication.<br>● Displaying sheets for judgments without any damage.<br>● Photography (Normal, Geo-tagged, videos) and Documentation throughout the competition has been carried out well.<br>● Feedback and Evaluation processes are followed for the betterment of upcoming programs.<br>● By taking these precautions and following a well-thought-out plan, we conduct & complete the successful and enjoyable poster drawing competition. |
| 18. | What were the tools/ support systems used for conducting the activity? | When conducting a drawing competition, there are various tools and support systems that can be utilized to ensure a successful and well-organized event. Here are some common tools and support systems:<br>**1.Communication and Promotion Tools:**<br>**Social Media Platforms**: Use platforms like Facebook, Instagram, Twitter, and youtube to create event pages, share updates, and reach a wider audience.<br>**2. Submission and Registration Tools**: Offline submission and registration takes place.<br>**3. Design Software:**<br>Using graphic design software like Adobe Photoshop or Canva to create invitations, certificates, flyers , posters for announcement of events, report organizing.<br>**4.Art Supplies and Materials:** |

| | | |
|---|---|---|
| | | Providing art materials and supplies such as paper, pencils, paints, drawing boards , brushes, canvases, charts & crayons for participants to continue the event without any queries.<br>**5.Event Planning and Coordination Support:**<br>Engage volunteers or committee members to assist with event planning, logistics, and coordination.<br>**6.Public Relations and Media Relations Support:**<br>Working with volunteers to enhance media coverage and press releases for the event.<br>**7. Team coordination:**<br>The members of ECO-SDG club, volunteers, participants, department teaching & non –teaching staff thrived their immense hard work towards the entire activity. |
| 19. | What was your learning at various steps of implementation of the activity? | Learning's that we gained at various steps of implementation Drawing competition Activity:<br>**1.During the planning & organizing stage:**<br>Need to be more focused on adopting policies and practices that prioritize environmental sustainability and conservation in a specific region or jurisdiction.Signifying commitment to taking actions that promote a healthier planet and address environmental challenges.<br>**2.During the execution:**<br>Aiming the need of "Environment-Based Implementation State" to create a sustainable and eco-friendly environment for its residents and future generations.Balancing the time into the thoughts & actions, supportive nature of others.The posters are useful for sharing as greetings and reminders for behavior change to protect ourselves, communities and environment.<br>**3.Documentation stage:**<br>Once the activity gets over, the bunch of posters that we received holds the emotions & research that worked beyond the screen. The selection phase holds the much more responsibility of analyzing the core value to the final output, medium used, messages that are conveyed. All this learning pulls us to be more and more creative & knowledgeable towards the issues of ecosystem, environment, SDGs, Diabetes, food borne, water borne diseases, single use plastics, water etc. & to be work on its solutions solo or community participation. |
| 20. | How was the support from the students/neighborhood/ village/school. | We received immense support from the management, ECO-SDG CLUB team, all the department HOD'S, faculties, students, public peoples for penning their thoughts throughout the journey of this activity, it urges us to move forward with more enthusiasm & responsibility. |
| 21. | Write down the new ideas to solve environmental issues through this activity. | Managing the timing schedules to work & organize the diverse themes, creating & utilizing multiple platforms to reach the people. Convincing theories to practical solutions & making them simple to understand without any particular barriers. |
| 22. | What have you learned from this process while working for the District Eco-SDGs Championship 2023? | In the journey of poster drawing competition (District Eco-SDGs Championship in 2023) we conquered an invaluable opportunity to gain insights into a wide range of global concepts, issues, solutions, and more.<br>● **Global Issues Awareness:** One of the primary takeaways from this activity was a heightened awareness of critical global issues. Through research and engagement, participants delved into pressing challenges like climate change, pollution, healthy habits of foods, and sustainable development goals.<br>● **Sustainable Development Goals (SDGs):** Participants learned about the 17 SDGs and their role in addressing the world's most urgent problems. |

| | | |
|---|---|---|
| | | ● **Interconnection of Challenges:** Participants discovered how addressing one issue often has ripple effects on others, reinforcing the importance of holistic and sustainable solutions.<br>● **Thoughts to actions:** Through research, discussions, collaboration, innovative solutions to complex problems emerged. The activity encouraged creative thinking and problem-solving skills, emphasizing the role of local initiatives in achieving global impact.<br>● **Lifelong Learning:** Perhaps the most significant lesson was the realization that the journey of learning about global issues and sustainable solutions is ongoing. The competition served as a stepping stone for continuous personal and collective growth. |
| 23. | Did you collect the feedback from the participants of the activity? | Yes, once the activity gets completed, participants are assembled & discussed about the event orally & the letter formats are issued & collected.<br>  |

## DO'S FOR PLASTIC-FREE CAMPUS:

1. Replace plastic water bottles, cups, cutting boards and food containers with glass, bamboo, cloth, wooden, ceramic, and stainless steel products.

2. Eat and cook fresh foods rather than canned foods.

3. Request zero plastic packaging when ordering online.

4. Carry your own reusable bag mostly made up of paper or cotton cloth whenever you go out shopping. By bringing your own bag, you alone can save between 400 and 600 plastic bags per year that won't be used.

5. Empty all food and beverage containers completely before recycling.

6. Carry a stainless steel travel mug or water bottle at all times for coffee and other drinks.

7. Prefer reusable utensils and drinking straws.

8. Instead of a plastic toothbrush, buy a bamboo toothbrush for yourself as well as for your family.

9. Choose to buy milk in returnable glass bottles or just take your personal container for milk to the dairy shop.

10. Use natural cleaning cloth or scrubbers instead of plastic scrubbers, loofahs, or synthetic sponges.

## DON'TS FOR PLASTIC-FREE CAMPUS:

1. Don't use plastic containers or bottles with the recycling numbers 3 (Polyvinyl Chloride, PVC), 6 (Polystyrene), 7 (Other), which can be found on the bottom of the containers.

2. Don't use microwave plastic containers.

3. Do not recycle greasy pizza boxes.

4. Do not use shower gels, instead switch to bar soaps.

5. Avoid using lotions and lip balms which are in plastic containers.

6. Do not use plastic razor.

7. Don't buy water filter cartridges unless necessary.

8. Don't use disposable plastic pens.

9. Don't feed pets from plastic bowls.

10. Don't use plastic cling wrap to wrap food, instead use aluminum foil.

We hope hereafter, you will try and follow these and try to live a plastic-free lifestyle within the campus as well as it make a behavioural change. It's not just a matter of one generation, it's the matter of upcoming generations as well. We have to bring a change in our lifestyle for a pollution-free future.

| | | |
|---|---|---|
| 8. | What were the materials available for conducting the activity? | The materials are dustbins, gunny bags and the 12 volunteers were available for conducting the activity with the support of student and faculty coordinators from eco-sdg club. |
| 9. | How did you manage to collect the material required for the activity? | The required materials were collected from our institution itself. |
| 10. | Mention the materials used during the activity? What is the role of the material? | **Gunny bags** were used for collecting the plastic covers and other plastic items from the students. |
| 11. | Were you aware of this activity earlier? | Yes, we were aware of this activity from our school days. In our institution we had pinned no plastic boards around the campus, also we designed posters and it was posted in our official institution websites. We had conducted a program **say no to plastic bags with the slogans of "Beat the plastic pollution"** and also took pledge to avoid plastic pollution in our campus. |
| 12. | Has this activity been covered in the local newspaper? | Yes, our activity was covered in the Malaimalar (Published on 12.09.2023) and Dhinathanthi (Published on 09.09.2023) newspaper and also in Dhinathanthi website. |
| 13. | Did you collaborate with other organizations to create a bigger impact? | Yes, we had collaborated with other campuses in JKKM GROUP OF INSTITUTIONS to create a bigger impact of avoiding plastic and to beat the plastic pollution strictly to go eco-friendly and also create a bigger awareness among the student minds. |
| 14. | Has the organizing team prepare and follow a check list for conducting the activity? | Yes we had prepared a checklist to<br>● Carry reusable shopping bags<br>● Give up bottled water<br>● Carry our own containers for take-out food and leftovers<br>● Cut out sodas, juices, and other plastic-bottled beverages |
| 15. | Where did you conduct this program? | We conducted this activity in our JKKMCT institution's entrance gates, college buses, college lobby, cafeterias & classrooms. |
| 16. | What are the steps involved in conducting the activity work? / Mention step by step procedure followed? Write in bullet points. Describe in detail min 100 words. | The steps involved in conducting the activity as follows:<br>● From our eco club's self help club we took the volunteer to pick the single use plastic on respective days mentioned above.<br>● We advised the students to open the bags and dispose-off single-use plastic in the respective place that we allocated.<br>● Students took care of the plastics that received & remained at the end of the activity which is again a voluntary and responsible act.<br>● This activity has been conducted for 1 week continuously with the altered locations within the campus such as college lobby, OAT Space, Cafeteria & Classrooms.<br>● Day by day we witnessed the reduction of plastic usage by students as well as the faculties; everyone took the pledge to create a plastic free campus which acted as an initial step to the plastic free environment.<br>● As we are already aware of the thoughts of demolishing the plastic, the students, faculties of other campuses, and fellow peoples are interested in volunteering in this act of responsibility.<br>● Collected wrappers, bottles, covers, spoons & other things that are related to plastic are transferred to gunny bags.<br>● Later it transferred & crushed into tiny pieces, then moved to the composite pit.<br>● From the composite pit it undergoes on vermicompost for the |

| | | |
|---|---|---|
| | | progress of molding it into the fertilizer.<br>● From the plastic waste to fertilizer the journey involves a more and more sustainable environment in & around the campus. |
| 17. | What are the precautions taken for conducting the activity? | **Preparation and Planning:**<br><br>**Identified the scope**: Determining the area(s) on campus where plastic waste needs to be picked up. Date and time for the event including Checklists are finalized.<br><br>**Team Formation:** Volunteers are recruited from various departments: we Encouraged students to involve themselves into the activity for the betterment of change in the atmosphere.Self help & faculty co-ordinators are allocated to oversee the event.<br><br>**Permission and Logistics:** Obtaining necessary approvals from college authorities to conduct the plastic-picking activity. As it gets elapsed with time we are informed prior to the concerned department HOD's & teaching faculty members.Arranged for gunny bags, gloves, and other required equipment for plastic picketing.<br><br>**Time management:** Ensuring participants & co-ordinators to make their presence at the location of the event taking place in without affecting the regular class hours.<br><br>**Alignment**: Students are aligned in line with respect to the students in charge for checking & the received plastics are properly disposed into the respective composite pits. |
| 18. | What were the tools/ support systems used for conducting the activity? | With the support of management authorities, Department HOD's, bus incharges, canteen incharges, Scavengers & most importantly the co-operation of students we utilized the allotted time effectively & completed the activity in a successful manner.<br><br>**Tools that are used throughout the activity:**<br>● **Banners**<br>● **Audio & video tools**<br>● **Gunny bags**<br>● **Gloves** |
| 19. | What was your learning at various steps of implementation of the activity? | **Implementation of program:**Establishing clear policies and guidelines that ban plastic bags and outline the objectives of the initiative.<br><br>**Communication Channels:** Using emails, social media such as Instagram, YouTube, Twitter, Facebook, campus websites, and bulletin boards to communicate about the plastic picketing activity & raise awareness among students, faculty, and staff.<br><br>**Alternative Supplies:** We are in need to offer eco-friendly alternatives to plastic bags, such as paper bags or reusable cloth bags for the purpose of their emergency.<br><br>**Campus Engagement:** We also learnt about how encouragement makes its place within the student groups, environmental clubs, and sustainability committees to actively participate in promoting the plastic-free initiative.<br><br>**Waste Management Systems:** Ensuring the working condition of effective waste disposal and recycling systems within the campus to manage plastics that are collected. |

| | | |
|---|---|---|
| | | **Monitoring and feedback:** Regular monitoring & collecting timely feedback are helped in the betterment of the activity day to day. |
| 20. | How was the support from the students/neighborhood/ village/school? | The timely Flexibility, responsibility and adaptability of students, faculties & management allow the initiative to remain effective over time. |
| 21. | Write down the new ideas to solve environmental issues through this activity. | ● Setting up an example by initiating plastic picketing as a daily routine.<br>● Avoid carrying & buying plastic bottles, encourage reusables or metals instead.<br>● Choosing reusables for the canteen & other official meetings that take place within the campus.<br>● Requesting the supplier deliveries to be plastic-free.<br>● Ditching the laminator & choosing plastic-free displays such as vinyl, wooden & metal / glass displayers for clubs & other official announcements.<br>● Sharing the events photographs, videos , flyers & posters through the social media platforms for creating awareness as well as proposing them to the public. |
| 22. | What have you learned from this process while working for the District Eco-SDGs Championship 2023? | Innovative ideas for solving environmental issues through plastic picking involve creative approaches to address plastic pollution while engaging communities and raising awareness. We listed some ideas on this themes follows:<br><br>● Plastic To Art Workshops<br>● Smart Trash Bins<br>● Plastic Collection Competitions<br>● Plastic Credits & remodeling<br>● Sustainable Fashion Shows<br>● Seminars on the roles of plastic in the world. |
| 23. | Did you collect the feedback from the participants of the activity? | Yes, we have collected the feedback from the participants of this activity. Students also filled the feedback form with valuable suggestions. It helps to develop and improve our organizing skills of the activity. |

| 4. | Duration of activity conducted/ performed | EVENING SESSION - 3.00 P.M. - 4.30 P.M |
| 5. | Date/Dates on which activity was performed? | **11-AUGUST -2023 (FRIDAY)** |
| 6. | What are the outcomes? | ● The intention of a rally is often to enlighten and advocate for a specific motive or issues. A successful rally is about that leads us to increase the social awareness and understanding of the topic at hand.<br>● This theme includes raising awareness, advocacy for stronger legal protections, improved support services for older individuals, and the promotion of education to recognize and prevent elder abuse.<br>● It further includes the urge in developing the policy changes and initiatives aimed at ensuring the safety and well-being of older people in our communities. |
| 7. | How was planning done for this activity? | **Initial Plan:**<br>● We gathered & discussed Deciding the purpose of the rally and established the ideas for playcards.<br>● We finalized the nearby location that is reachable, relevant and safe for the event. We planned the marching routes in advance to clear the obstacles in between the routes.<br>● Obtaining necessary permits or permissions from our management, police department people & local authorities, because it involves public spaces & road closures.<br>● Assembling & Organizing Team: Formed a diverse team responsible for different aspects like arrangements, security and communication. Assigned specific roles and responsibilities.<br>**Final Plan:** Evaluation and Follow up - After the rally, we gathered the students & faculties feedback from participants. |
| 8. | What were the materials available for conducting the activity? | The materials available for conducting the activity are as follows:<br>● **Banners and Signs**<br>● **Tapes & glues**<br>● **First Aid Supplies & refreshments**<br>● **Water and Refreshments**<br>● **Cameras & phones**<br>● **Bamboo sticks** |

| | | |
|---|---|---|
| 9. | How did you manage to collect the material required for the activity? | For the placards we used recycle & reuse boxes, tree branches.<br>The edited slogans are taken printout & stuck to the stamp using tapes & glues that were purchased from campus stationery store.<br>Refreshments such as water bottles, glucose are arranged & organized to the students during the rally. |
| 10 | Mention the materials used during the activity? What is the role of the material? | ● **Banners and Signs:** We planned slogans & quotes for banners, placards which can be used to display messages, slogans, or information related to the rally's cause or theme.<br>● **Tapes & glues:** For pasting & creating placards.<br>● **First Aid Supplies & refreshments:** Preparing Basic medical supplies for addressing minor injuries,<br>● **Water and Refreshments:** Especially important for rallies to keep participants hydrated, vocals, stay energetic & avoid fainting.<br>● **Cameras & phones** : These are arranged to the volunteers regarding the documentation works. |
| 11 | Were you aware of this activity earlier? | Yes, we were aware of this activity earlier because of the continuous effort of our institutions NSS, YRC, RRC who showered their immense volunteering service to the nation till now, they keep us motivating day by day that make us more responsible towards the rally on elder abuse. |
| 12 | Has been this activity covered in local newspaper? | Yes, Creating a newspaper article or press release about fire and disaster management activity can help us to share information and generate interest among the local community.So, our activity was covered in the Malaimalar and Dhinathanthi newspaper and also in Dhinathanthi website. |
| 13 | Did you collaborate with other organizations to create a bigger impact? | Yes, we have collaborated with government organizations, J.K.K.M. GROUP OF INSTITUTIONS Clubs to create a massive impact on this activity. |
| 14 | Has the organizing team prepare and follow a check list for conducting the activity? | Yes, the organizing team has prepared a detailed checklist from the scratch of our ideas to the mission on the road & we carried out the event so well by following & organizing the checklist. |
| 15 | Where did you conduct this program? | This program has been conducted in the zone of T.N.PALAYAM locality after getting permissions from the government authority and follows the protocols without disturbing the publics and transports of the locality. |
| 16 | What are the steps involved in conducting the activity work? / Mention step by step procedure followed? Write in bullet points. Describe in detail min 100 words. | **Prior Arrangements to the rally:**<br>1. Defining the aims and objectives of the rally.<br>2. Regulating the purposes of the rally to the students. Obtained Permits and Permissions.<br>3. Checked local regulations and requirements for organizing the rally, organized the marching routes & the obstacles in between the route has been monitored & altered.<br>4. With the help of our management people, support from our teaching & non-teaching staff, club co-coordinators, students & volunteers protocol from the local police station & other official permissions, we completed the rally in a very effective manner.<br>5. Decide on the date, time, and location, marching route.<br>6. Arrangements of any necessary facilities for the day have been categorized, purchased & organized before the rally.<br>7. Created promotional materials, including flyers, posters, and social media graphics.<br>8. Deciding the final placards, banners & slogans for the rally has been prepared to secure any required equipment, signs, banners, or properties.<br>9. Use various communication channels to spread the word, such as, social media, local newspapers, and community organizations. |

| | | |
|---|---|---|
| | | 10. Recruited volunteers and assigned specific roles and responsibilities, such as event coordination, security, first aid.<br>**<u>On the day of Rally :</u>**<br>1. Determine the duration of the rally & clear timeline has been set up & followed.<br>2. Implementation of crowd management strategies to ensure a peaceful and orderly event.<br>3. Ensured that all participants have the necessary placards.<br>4. Encouraging the participants to engage with the cause and to follow the designated protocols.<br>5. Assigned someone to take photographs and videos of the event for documentation and social media sharing.<br>6. Keeping records of attendance for the gatherings to collect the feedback of the event.<br>**<u>After the completion of the rally:</u>**<br>Planned & executed the Sharing the impact of the rally through social media such as YouTube, twitter, Instagram, institutions official websites and press releases. |
| 17 | What are the precautions taken for conducting the activity? | **The precautions that are followed throughout the rally are as follows:**<br>Seeked permissions from the required authorities including our institution management & government officials especially the police department.<br>We followed the protocols strictly to avoid the public nuisance & traffic controls.<br>We carried the placards visible to the viewers who are just passing by & explained to the ones who raised the questions. |
| 18 | What were the tools/ support systems used for conducting the activity? | 1.Banners & sign boards<br>2.Bamboo sticks, glues, tapes<br>3.Cameras & phones<br>4.Checklists<br>5.Visual equipment tools<br>6.Protocols & support from our management & government officials. |
| 19 | What was your learning at various steps of implementation of the activity? | We learnt painful moments of abusing old age people.We need emotional bonding with care taking habit to our elders,parents and grandparents through humanity, respect, kind words, financial and health support with true affection. |
| 20 | How was the support from the students/neighborhood/ village/school. | The support from the students, neighborhood, village, and college was overwhelmingly positive. Their enthusiasm and encouragement played a pivotal role in our success. |
| 21 | Write down the new ideas to solve environmental issues through this activity. | ● Physical,mental and social kindness is dependent upon the nature of our surroundings.What we give to our ecosystem will be cycled and paid back to us.<br>● Old age people need to be saved and protected from our society.<br>● So this kind of rally will create more awareness environmentally and it's a better suggestion to protect the abuse of older people from our culture.<br>● So we need to collect suggestions from elders to protect them and also we can encourage them by conducting activities such as recreational activities,fun games,planting of soil development oriented traditional trees, which would be conducted to preserve our earth's soil.<br>● We can encourage our elderly people by giving them the opportunity to explore their own talents & traditional aspects in any domain through social media such as creating & spreading awareness on youtube channels .<br>● And also we can ask our elders to mentor us to protect our earth |

| | | |
|---|---|---|
| | | by conducting an awareness program about improving the soil sustainability proven traditional tree plantation rather than the foreign trees and other hybrid trees. |
| 22 | What have you learned from this process while working for the District Eco-SDGs Championship 2023 | ● Learned how older people's boycotted by their children and relatives in orphanage homes.<br>● Learned humanity only survives apart from materialistic lifestyle,only emotional bonding needed to overcome these depression oriented struggles of our elder people.<br>● By this activity, we are encouraged to protect and respect our elders by giving our valuable attention towards them.<br>● Learned the importance of attention and humanity expectation of our elders apart from money. |
| 23 | Did you collect the feedback from the participants of the activity? | YES, We collected the feedback for the respective event from the students.<br>  |

**ACTIVITY NAME: SLOW CYCLING COMPETITION**

**ACTIVITY SL.NO IN THE BROCHURE: TABLE - IV & S.NO – 17**

| S.No | Particulars | Details |
|---|---|---|
| 1. | Total number of students participated | In this event totally 42 members participated and it was divided into 7 teams (6 Students per team). |
| 2. | Name of the Faculty Coordinator (s) | Ms. V.Sathiyapriya,AP/ CIVIL<br>Mr. G.Ruthishkumar,AP CIVIL<br>Mrs.P.Reena,AP/CIVIL<br>Mrs.P.Saranya,AP/ CIVIL<br>Ms. A.Cayalvizhi,AP/ CIVIL<br>Mrs.D.Nivethini,AP/IT<br>Mr.E.Anand,AP/CSE<br>Mr.A.Vigneshkumar,AP/EEE<br>Ms. S.Mohanambika,AP/EEE<br>Mrs.U.Sasikala,AP/ECE<br>Mr.R.Prasanth,AP/MBA<br>Mr.K.S.Ramesh,AP/MECH<br>Mr.K.Prabakaran,AP/PHYSICS<br>Ms.S.Samyuktha,AP/MATHS<br>Mr.P.Murugesan, Physical Trainer |
| 3. | Student Self Help Clubs members Names | C.Pandiyaraj,IV/ IT<br>S.Hariharan,III/EEE<br>R.Divakar,IV/ CIVIL<br>S.Shyamkumar,III/CSE |

| | | |
|---|---|---|
| | | S.Prabakaran,III/MECH<br>G.Senthilkumar,IV/MECH |
| 4. | Duration of activity conducted/ performed | Slow cycling activity conducted for the duration of One and half an hour (10.30 am to 12.00 pm) |
| 5. | Date/Dates on which activity was performed? | Slow cycling activity conducted on **18.08.2023.** |
| 6. | What are the outcomes? | **OUTCOMES OF THE ACTIVITY:`**<br>● **A good muscle workout** - cycling uses all of the major muscle groups as you pedal.<br>● **Good for strength and stamina** - cycling increases stamina, strength and aerobic fitness.<br>● Time efficient - as a mode of transport, cycling replaces sedentary (sitting) time spent driving motor vehicles or using trams, trains or buses with healthy exercise.<br>● Decreased stress levels.<br>● Improved posture and coordination.<br>● Decreased body fat levels.<br>● Prevention or management of disease.<br>● Cycling can improve both physical and mental health, and can reduce the chances of experiencing many health problems.<br>● Cycling is a good way to control or reduce weight, as it raises your metabolic rate, builds muscle and burns body fat. If you're trying to lose weight, cycling must be combined with a healthy eating plan.<br>● Students were encouraged to do the slow cycling activity in their daily life habitat. |
| 7. | How was planning done for this activity? | ● The course was about 20 meters long and 0.75 meter wide.<br>● Ensured that the course is not being sloped.<br>● Ground is marked with the white line using white lime powder with the help of the physical education director.<br>● The bicycle of the participants needs to be in the forward motion always.<br>● The bicycle of the participants must remain within the boundaries of the course.<br>● Each team is allowed 2 attempts to complete the course.<br>● **Judging Scoring:** The longest time to complete the course will determine the team score. The longest time will receive 100 points. Each team's time will be scored by the ratio of its time to the winning time. |
| 8. | What were the materials available for conducting the activity? | Six Bicycles, Stop watch, Mic and speaker arrangements, track markings, First Aid Kit, Green flag, water and refreshments, energy drinks, chairs and tables were available for conducting the activity. |
| 9. | How did you manage to collect the material required for the activity? | ● Arrangement of Six bicycles is optimized with the management support.<br>● Participants: Team of up to six members in a given race has been arranged by the coordinators of Eco-SDG CLUB.<br>● Chairs and tables, marking the Tracks have been achieved with Physical Education department support.<br>● And all other resources are arranged with the help of management to complete the activity in a successive manner. |

| | | |
|---|---|---|
| 10. | Mention the materials used during the activity? What is the role of the material? | ● **Bicycles** - Participants used it to ride in the slow cycling competition.<br>● **Stopwatch** - To calculate the timings of each team.<br>● **Mic and speaker arrangements** - Mic's were used to convey the instructions and for commentary to the participants and to play motivational songs to make the participants energetic.<br>● **First aid kit:** It is used for any emergency needs of the participants during the time of activity.<br>● **Energy drinks, water & refreshments** - For boosting the participants at the time of an activity.<br>● **Green Flag**- To start the slow cycling event.<br>● **Chairs and tables** - For the audience to encourage the participants of the event.<br>● **Track markings** – For the convenience of the participants to move in their right tracks. |
| 11. | Were you aware of this activity earlier? | Yes, of course we were aware of this event at our local festivals. For example: Pongal celebrations in native regions. |
| 12. | Has this activity been covered in the local newspaper? | Yes, this activity has been covered in a local newspaper named as Maalaimalar, it was published on **12/9/2023** and Dhinathanthi newspaper and also in Dhinathanthi website it was published on 09/ 09 /2023. |
| 13. | Did you collaborate with other organizations to create a bigger impact? | Yes, we had collaborated with our JKKM group of institutions of pharmacy and allied health science college to create a bigger impact and also we made it seen through our institutions official pages of social media's campaign. |
| 14. | Has the organizing team prepared and followed a checklist for conducting the activity? | **Yes, the organizing team prepared and followed the checklist for Conducting the activity as follows:**<br>**<u>Pre-Event Planning:</u>**<br>Defining the objectives and riding outcomes of the slow cycling race activity.<br>Determining the date, time, and location for the activity.<br>Securing any necessary permits or permissions for using the on site<br>Identifying the target audience (staff, students, participants, etc.).<br>Developed a detailed schedule or agenda for the activity.<br>Selection and preparation of materials, resources, and any required equipment.<br>Communicated event details and expectations to participants and instructors by circulating a circular to all.<br>Addressed for special dietary or medical requirements of participants.<br>**<u>On-Site Preparation:</u>**<br>Arrived early to set up the onsite and materials.<br>Brief instructors and student volunteers on their roles and responsibilities.<br>Welcomed participants and provided an overview of the day's activities.<br>**<u>During the Event:</u>**<br>Monitored weather conditions and safety throughout the event.<br>Ensured that participants stay hydrated and take appropriate breaks.<br>Captured photos or videos for documentation and promotion.<br>Addressed any questions or concerns from participants. |

| | | |
|---|---|---|
| | | Collected feedback and evaluations from participants and instructors.<br><br>**<u>Post-Event:</u>**<br>Judges with the organizing team to assess the success of the activity.<br>Review participant feedback and make improvements for future events.<br>Completing necessary paperwork, reporting or documentation.<br>Expressing gratitude and acknowledgment to participants, instructors, and volunteers.<br>Prizes were distributed for the winners and the participant certificates were provided to all the participants by the principal of our institution. |
| 15. | Where did you conduct this program? | This program was conducted at JKKMCT PLAYGROUND. |
| 16. | What are the steps involved in conducting the activity work? / Mention step by step procedure followed? Write in bullet points. Describe in detail min 100 words. | Conducting a slow cycling activity involves several steps to ensure safety, organization, and a successful event. Here's a detailed description of the steps involved in conducting a slow cycling activity:<br><br>**1.Event Planning:** Defining the purpose and goals of the slow cycling event, such as promoting a healthy lifestyle or raising awareness about cycling safety.<br><br>Determining the date,time and location for the event.Identifying the target audience and estimate the number of participants.<br>**2.On site Selection:** Choosing a safe and scenic spot for the slow cycling activity.<br>Ensure it is suitable for participants of all skill levels.<br>**3.Safety Measures:** Arranging for medical support and first-aid arrangements on site. Providing participants with safety guidelines, including the proper bicycle maintenance.<br>**4.Registration and Promotion:** Creating an offline registration concern coordinator for participants . Promoting the event through various channels, such as social media, local newspapers, and community organizations.<br><br>**5.Equipment and Rentals:** Ensuring that participants have access to bicycles, whether they bring their own or through bike rental partnerships.<br><br>**6.StudentVolunteer Recruitment:** Recruiting volunteers to help with event logistics, including registration, route marshaling, and first aid.<br><br>**7.Participant Briefing:** Conducting a pre-event briefing for participants, emphasizing safety rules and the pace of the slow ride.<br><br>**8.Event Day Logistics:** Setting up registration and check-in areas.Coordinating with volunteers and medical staff. Providing participants with event materials, including event numbers or identification.<br>**9.Start and Finish Line Management:** Managing the start line, ensuring a staggered start for safety. Having a designated finish line area with refreshments and information.<br><br>**10.Route Marshaling:** Positioning volunteers or staff members along the route to guide participants, ensure their safety, and provide assistance if needed. |

| | | |
|---|---|---|
| | | **11.Post-Event Activities:** Organizing post-event activities, such as awards ceremonies, music, or food vendors, to create a sense of community.<br><br>**12.Feedback and Evaluation:** Collecting feedback from participants to evaluate the event's success and identify areas for improvement.<br><br>**13.Cleanup and Thank You:**Ensure that the event area is cleaned up promptly and responsibly.Expressing gratitude to participants, volunteers of our ECO-SDG club members, for their contributions.<br><br>**14.Documentation:**Document the event through photographs, videos, and participant testimonials for future promotion and analysis.<br><br>By following these steps, event organizers can successfully conduct a slow cycling activity that promotes cycling, encourages community engagement, and prioritizes safety for all participants. |
| 17. | What are the precautions taken for conducting the activity? | Conducting a slow cycling activity requires careful planning and precautions to ensure the safety and well-being of participants. Here are some important precautions that should be taken:<br>**1.Safety precautions:** Conducted pre-event safety precautions for all participants. Emphasized the importance of obeying slow cycling riding rules, and maintaining a safe distance from other cyclists.<br>**2.Race place Selection:** Selected a Race place that provides a safe and scenic environment for cyclists. Ensure that the route is well-marked with clear directions.<br><br>**3.Medical Support:** Had medical personnel and first-aid kits strategically located along the onsite to provide assistance in case of injuries or any medical emergencies.<br><br>**4.Communication:** Established a reliable communication system among event organizers, volunteers, and medical staff. Ensure that all participants have access to emergency contact information.<br><br>**5.Participant Limits:** Considered setting a maximum number of 6 participants per team to ensure that the event remains manageable and safe.<br><br>**6.Volunteer Training:** Trained our volunteer students to handle various situations, including emergencies and crowd control.<br><br>By taking these precautions, event organizers have created a safe and enjoyable slow cycling activity that promotes cycling while prioritizing the well-being of all participants. Safety should always be the top priority in event planning. |
| 18. | What were the tools/ support systems used for conducting the activity? | Conducting a slow cycling activity typically involves a range of tools and support systems to ensure smooth organization and execution of the event. Here are some common tools and support systems used for conducting such activities:<br>**1. Safety Equipment:** This includes first-aid kits, track line for use along the onsite for event faculty coordinators and volunteers.<br><br>**2. Medical Support**: Access to medical professionals and facilities is essential. Medical teams were standby on the site and there should be a clear plan for handling medical emergencies. |

| | | |
|---|---|---|
| | | **3. Water and Refreshment Stations**: Equipment for setting up hydration and refreshment stations along the route, including tables, cups, and water dispensers.<br><br>**4.Event Timing Systems**: For competitive slow cycling events, electronic timing systems such as stop watches were used to record participants' times.<br><br>**5.Sound Systems**: Sound equipment and speakers were used at the start and finish lines for announcements, commentaries, music and instructions.<br><br>**6.Trash and Cleanup Equipment**: Trash bins, bags, and cleanup crews are essential for maintaining a clean event area and responsible waste disposal.<br><br>The specific tools and support systems used can vary depending on the scale and nature of the slow cycling activity, but these are some common elements that event organizers employed in our JKKMCT Institutions to ensure a successful and safe event. |
| 19. | What was your learning at various steps of implementation of the activity? | **1.Appreciation of Nature and Surroundings**: Slow cycle allows participants to take in the beauty of their surroundings, fostering a deeper appreciation for the natural environment and cultural landmarks. This can lead to a greater understanding of the need for conservation and preservation.<br><br>**2**. **Sustainability**: Slow cycling promotes eco-friendly transportation and reduces the carbon footprint. Students of our participants learned about the environmental benefits of cycling and the importance of reducing reliance on cars.<br><br>**3. Cultural Understanding**: When cycling slowly through a region, individuals have the opportunity to interact with all students and faculties, also learn about their customs, and gain a deeper understanding of their culture. This can promote tolerance and cross-cultural awareness.<br><br>**4. Health and Well-being**: Slow cycling is not just about the destination; it's also about the journey. People can learn about the physical and mental health benefits of cycling and how it contributes to overall well-being.<br><br>**5. Time Management and Patience**: Slow cycling teaches patience and the value of taking one's time. It can be a lesson in slowing down the pace of life and savoring the moment, which can be valuable in a fast-paced world.<br><br>**6. Community Building**: Organizing slow cycling events or activities can foster a sense of community and bring our students and faculties together. It can lead to collaborations, social connections, and shared experiences.<br><br>7. **Safety and Education**: Students can learn about road safety, cycling etiquette and the importance of obeying traffic rules. Education on safe cycling practices can enhance the overall experience.<br><br>8. **Adaptability:** Participants in slow cycling activities may encounter unexpected challenges, such as weather changes or route obstacles. This |

| | | |
|---|---|---|
| | | can teach adaptability and problem-solving skills. |
| 20. | How was the support from the students/neighborhood/ village/school. | ● **Enthusiastic Participation:** If there is a strong cycling culture in the community, students, neighbors, and villagers may enthusiastically participate in slow cycling events or activities. They may see it as a fun and healthy way to engage with their community and surroundings.<br>● **Organizational Involvement:** Students or school organizations may take the initiative to organize slow cycling events or advocate for them within the community. They can help plan routes, promote safety, and ensure smooth logistics. |
| 21. | Write down the new ideas to solve environmental issues through this activity. | ● **Eco- Slow Cycling Challenges:** Organizing eco-slow cycling event challenges where participants compete to cover the most distance with the least environmental impact. This can encourage cyclists to adopt eco-friendly practices, such as using electric bikes, cars etc., and minimizing waste during their rides. It also helps to avoid accidents.<br>● **Tree-Planting Rides:** Combine slow cycling with tree-planting initiatives. Participants can cycle to designated areas for tree planting, contributing to reforestation efforts and offsetting carbon emissions.<br>● **Waste Cleanup Rides:** Host slow cycling events that incorporate clean-up activities. Cyclists can stop at littered areas along their route to collect and properly dispose of waste. This helps clean up the environment while promoting community involvement. |
| 22. | What have you learned from this process while working for the District Eco-SDGs Championship 2023? | ● While working for the District Eco-SDGs Championship 2023 We have learned the requirements and empathy to build positive relationships with our earth in our lives and experience the activities joyfully.<br>● We have been exposed to different perspectives which facilitates empathy in the young minds of our students and faculties of our institution with creating a bigger awareness towards the sustainable development goals. |
| 23. | Did you collect the feedback from the participants of the activity? | Yes, we have collected the feedback from the participants of the slow cycling activity. |

**ACTIVITYNAME: CHALLENGE WALKING OF 10,000 STEPS IN 90 MIN.**

**ACTIVITYSL.NOINTHEBROCHURE: TABLE - III & S.NO - 18**

| Sl.No | Particulars | Details |
|---|---|---|
| 1. | Total number of students participated | Walking competition participants including students & faculties are 82 nos. whereas it holds 72 nos of students & 10 nos of teaching & non - teaching faculties. |
| 2. | Name of the Faculty Coordinator (s) | 1.Ms.V. SATHIYAPRIYA<br>2.Mrs.U.SASIKALA<br>3.Mr.K.S.RAMESH<br>4.Mr.K.PRABAKARAN<br>5.Ms.S.SAMYUKTHA<br>6.Mr.E.ANANTH<br>7.Mrs.P. REENA<br>8. Mr.G. RUTHISHKUMAR<br>9.Mrs.P.SARANYA |
| 3. | Student Self Help Clubs members Names | 1.SUSITHRA S<br>2.DIVAKAR R<br>3.K.SUNDARA GANESAN.K<br>4.VAIRAMUTHU S<br>5.PRABAKARAN S<br>6.GOWRISANKAR M<br>7.KUMARAVEL M<br>8.DHANALAKSHMI .C<br>9.PANDIYARAJ.C |
| 4. | Duration of activity conducted/ performed | Duration of 90,000 steps Walking competition was carried out for 90 minutes. |
| 5. | Date/Dates on which activity was performed? | The Walking competition activity was performed on **17.08.2023.** |
| 6. | What are the outcomes? | ● By following the walking competition on a regular basis we get to know about the balanced state of mind, soul & body personally & when it becomes a routine it will reduce the carbon footprint environmentally.<br>● Further it increases the broader health & wealth of community well being. |
| 7. | How was planning done for this activity? | Initially a warm up session was conducted & then, We asked the participants to install PEDOMETER application in their mobile to calculate their total walking steps. We arranged the medical appliances, refreshments zones for the medical emergencies. Medical team is kept aware to support the medical emergencies. |
| 8. | What were the materials available for conducting the activity? | ● Tracks have been prepared with lime line markings.<br>● Distance separators are assembled in order to regulate the participants.<br>● Energy drinks such as glucose, lemon juices are arranged for refreshments.<br>● First aid kits were arranged to support fainters. |
| 9. | How did you manage to collect the material required for the activity? | Lemons that are needed for the walking competition have been purchased from our campus' existing organic garden & the other materials are purchased from the nearby shops. |

| | | |
|---|---|---|
| 10 | Mention the materials used during the activity? What is the role of the material? | ● **First aid kit** for treating minor injuries.<br>● **Glucose & lemon** for balancing dehydration.<br>● **Pedometer** for calculating the overall steps. |
| 11 | Were you aware of this activity earlier? | Yes. We are aware of this activity. Similar to this event we have already carried out under the guidance of NSS, YRC. |
| 12 | Has been this activity covered in local newspaper? | Yes, Creating a newspaper article or press release about fire and disaster management activity can help us to share information and generate interest among the local community. So our activity was covered in the **Malaimalar and Dina Thanthi newspaper and also in Dinathanthi website.** |
| 13 | Did you collaborate with other organizations to create a bigger impact? | Yes, we collaborated on the event with J.K.K.Munirajah Institute Of Health Sciences College Of Pharmacy. |
| 14 | Has the organizing team prepare and follow a check list for conducting the activity? | Yes, the organizing team had prepared and followed a checklist for conducting the activity. |
| 15 | Where did you conduct this program? | We conduct this program at our J.K.K.Munirajah college of technology playground. |
| 16 | What are the steps involved in conducting the activity work? / Mention step by step procedure followed? Write in bullet points. Describe in detail min 100 words. | **Before we Begin:**<br><br>**Assess Your Fitness Level:** Making sure about participants physically fit enough for this level of activity. Consulting with a healthcare professional before the warm up session.<br><br>**Proper Footwear:** Advising & confirming the participants to wear comfortable, supportive walking shoes to prevent blisters and discomfort.<br><br>**Hydration:** Assembling the refreshments - during, and after your walk to stay hydrated.<br><br>**Step-by-Step Procedure:**<br><br>**Setting a Comfortable Pace:** Beginning the walk at a comfortable, brisk pace.<br><br>**Warm-Up:** Start with a 5-10 minute warm-up by walking slowly to prepare your muscles and joints for the longer walk.<br><br>**Maintaining a Steady Pace:** Aim to maintain a consistent pace throughout your walk. This can be challenging, especially if you're walking for an extended period. Using a pedometer to keep track of your steps.<br><br>**Break It Down:** To complete 10,000 steps in 90 minutes, we need to average about 111 steps per minute. Divide your walk into manageable segments, such as 30 minutes each. Focusing on achieving a certain step count within each segment.<br><br>**Short Breaks:** Providing short breaks with refreshments during the walk to rest and stretch. |

| | | |
|---|---|---|
| | | **Monitoring the Progress:** Regularly checking pedometer or fitness tracker to ensure you're on track to reach your step goal.<br><br>**Keep Motivating:** Arranging favorite music or podcasts to keep them entertained and motivated during the walk.<br><br>**Cool Down:** Assemble the participants after completing 10,000 steps, & make them spend 5-10 minutes walking at a slower pace to cool down.<br><br>**Stretch:** Advising them to finish the walk with a series of gentle stretching exercises to improve flexibility and prevent muscle tightness.<br><br>**<u>After the Walk:</u>**<br><br>**Rehydrate:** Continuing to make them drink water to rehydrate your body.<br><br>**Tracking the Progress:** Recording the achievements and considering them to set new goals for future walks. |
| 17 | What are the precautions taken for conducting the activity? | Walking competition includes ensuring participant safety with medical support, routine supervision, and providing clear event guidelines. |
| 18 | What were the tools/ support systems used for conducting the activity? | Walking competition tools include timing devices, route markers, medical personnel, communication systems, mobile with pedometer app for calculating the steps & most importantly volunteers. |
| 19 | What was your learning at various steps of implementation of the activity? | ● **Event Planning:** We learn how to plan and execute a large-scale event, from setting goals and timelines to coordinating logistics and resources.<br>● **Health Knowledge:** We are in need to research and gain knowledge about various aspects of physical health, including nutrition, exercise, and wellness.<br>● **Communication:** Explaining health concepts to a diverse audience in a clear and accessible manner.<br>● **Safety Measures:** Ensuring the safety of participants involves risk assessment and mitigation for implementation.<br>● **Motivation Techniques**: Keeping participants engaged and motivated throughout the campaign required a lot of understanding about what will inspire and encourage them.<br>● **Environmental Considerations:** Considerations related to environmental impact (e.g., waste reduction) arise and offer opportunities to learn about sustainable event management.<br>● **Flexibility:** we encounter unexpected challenges or changes in plans that lead us to adapt and solve problems.<br>● **Feedback Collection:** Gathering feedback from participants helps us in improving future campaigns and managing participants' needs.<br>● **Long-Term Effects:** Understanding how the campaign influences participants' ongoing health choices and habits can be enlightening. |
| 20 | How was the support from the students/neighborhood/ village/school. | Support from the diverse students and faculties makes this event convenient & enthusiastic. |

| | | |
|---|---|---|
| 21 | Write down the new ideas to solve environmental issues through this activity. | • Encouraging walking instead of driving reduces greenhouse gas emissions and air pollution.<br>• Emphasizing walking can lead to the protection of natural areas, supporting biodiversity and green infrastructure.<br>• Walking competitions foster a sense of community, which can translate into collective environmental action and sustainable living practices. |
| 22 | What have you learned from this process while working for the District Eco-SDGs Championship 2023? | **Event Planning:** We learned about planning and executing a large-scale event, from setting goals and timelines to coordinating logistics and resources.<br><br>**Community Engagement:** Building connections within the community, engaging and mobilizing participants during the rehearsal & on-time event.<br><br>**Handling Challenges:** Dealing with unexpected issues or conflicts that may arise during the campaign can provide valuable lessons in crisis management and conflict resolution.<br><br>Overall, walking competition is a holistic learning experience that encompasses event planning, health education, community engagement, and personal development. The insights gained will be applied in future campaigns,health promotion, or community development. |
| 23 | Did you collect the feedback from the participants of the activity? | Yes ,we collected the feedback form from the participants of the activity.<br><br>  |

**ACTIVITY NAME: YOGATHON FOR YOUNGSTERS**

**ACTIVITY SL.NO IN THE BROCHURE: TABLE - III & S.NO - 19**

| SL.NO | PARTICULARS | DETAILS |
|---|---|---|
| 1. | Total number of students participated | There are about **25 students** were participated in the Yogathon for youngsters and completed 25 sets of suryanamaskaars (12 counts of sun salutations) successfully. |
| 2. | Name of the Faculty Coordinator (s) | Ms.V.Sathiyapriya,AP/ CIVIL<br>Mrs.Sangeetha, Yoga Trainer<br>Mr.P.Murugesan, Physical Trainer<br>Mr.K.S.Ramesh,AP/MECH<br>Mr.K.Prabakaran,AP/PHYSICS<br>Mrs.U.Sasikala,AP/ECE |
| 3. | Student Self Help Clubs members Names | B.Balaji,III/EEE<br>S.Hariharan,III/EEE<br>R.Divakar,IV/CIVIL<br>S.Shyamkumar,III/CSE<br>M.Bharanidharan,III/CSE |
| 4. | Duration of activity conducted/ performed | The Duration of activity was conducted for 1 hour (11.00 AM to 12.00 PM) for completing the 25 sets of surya namaskars. |

| | | |
|---|---|---|
| 5. | Date/Dates on which activity was performed? | The activity was conducted on **25.08.2023** at our JKKMCT Indoor Stadium. |
| 6. | What are the outcomes? | **OUTCOMES OF THE ACTIVITY:**<br><br>Performing 25 sets of Surya Namaskars (Sun Salutations) can have a range of physical, mental and emotional outcomes. Here are some of the potential benefits and outcomes of performing this intense yoga sequence by our students.<br><br>**Physical Fitness:**<br>**Strength:** Surya Namaskar involves various bodyweight exercises like plank, push-ups, and lunges, which can help build and tone muscles.<br><br>**Flexibility:** The sequence includes a series of dynamic stretches, which can improve flexibility in your spine, shoulders, hamstrings, and more.<br><br>**Cardiovascular Health:** The fast-paced nature of Surya Namaskar can serve as a cardio workout, improving heart health and stamina.<br><br>**Weight Management:** Regular practice can help burn calories and aid in weight management, especially when combined with a healthy diet.<br><br>**Improved Posture:** Surya Namaskar involves various poses that promote better posture and alignment, potentially reducing the risk of musculoskeletal issues.<br><br>**Stress Reduction:** The rhythmic, controlled breathing during Surya Namaskar can induce a state of relaxation and reduce stress and anxiety levels.<br><br>**Increased Energy:** Many people report feeling more energized and revitalized after performing Surya Namaskars, which can help with overall productivity.<br><br>**Better Digestion:**<br>The twisting poses and forward bends in Surya Namaskar can aid in stimulating the digestive organs, potentially improving digestion.<br><br>**Mental Clarity and Focus:** The synchronization of breath and movement can enhance mental clarity and concentration.<br><br>**Better Sleep:** Surya Namaskar, when performed in the morning, can help regulate the sleep-wake cycle, potentially leading to better sleep at night.<br><br>**Emotional Balance:** Regular practice can help regulate emotions, reduce mood swings, and promote emotional well-being.<br><br>**Spiritual Growth:** For some practitioners, Surya Namaskar can be a spiritual experience, connecting them to a deeper sense of self and the universe. |

| | | |
|---|---|---|
| | | **Detoxification:** The various poses and controlled breathing patterns in Surya Namaskar can aid in detoxifying the body by promoting circulation and lymphatic drainage.<br><br>**Improved Lung Function:** The controlled breathing exercises in Surya Namaskar can enhance lung capacity and respiratory function.<br>These are all the outcomes of the Yogathon activity. |
| 7. | How was planning done for this activity? | We conducted a meeting for this activity to students and faculty coordinators through our (Eco-Sustainable Development Goals) SDG CLUB. After discussion, we had planned to conduct a competition for students and so we circulate a circular for conducting yoga competition in our JKKMCT Institution with the support of our Principal & Management.The planning process also includes,<br>● Selecting the venue<br>● Volunteer support<br>● Pre arrangements for yogathan activity<br>● Training and practice for students<br>● Physical fitness of students<br>● Arrangements of Requirements during the activity such as water facilities, yoga mat, fans, lightings, glucose items, safety precautions etc.,<br> |
| 8. | What were the materials available for conducting the activity? | When conducting a yoga activity, We don't need elaborate equipment or materials, as yoga primarily relies on body movements, breath control, and focus. However, some basic materials and accessories can enhance your yoga practice and provide comfort and support. Here is a list of materials commonly used in yoga activities in our institution:<br>● **Yoga Mat**<br>● **Water facilities**<br>● **Towel**<br>● **Lights and fans** |

| | | ● **Ambience of the venue**<br>● **Glucose items**<br>● **First aid kit's** |
| 9. | How did you manage to collect the material required for the activity? | We mentioned in the circular that participants can bring the materials required for performing Yogathan of 25 sets of Surya Namaskaars. So the willing participants were made their presence with the required materials and our institution also provided ambience facilities, refreshments, first aid kit box, yoga mats etc., |
| 10. | Mention the materials used during the activity? What is the role of the material? | **Yoga Mat**: A non-slip yoga mat provides cushioning and traction for your practice. It helps prevent slipping and provides a clean, personal space for your practice.<br>**Water Bottle**: Stay hydrated during yoga competitions by having a water bottle nearby.<br>**Towel:** A small hand towel can be useful for wiping sweat and providing extra grip on your mat.<br>**Refreshments:** To boost up the energy level of our young participants during the activity. |
| 11. | Were you aware of this activity earlier? | Yes, we were aware of yoga activities and practices. Yoga is a well-known and ancient practice that encompasses a wide range of physical postures, breathing exercises, meditation techniques and philosophies aimed at promoting physical, mental, and spiritual well-being in schools, colleges and several universities. It's a wide platform worldwide. |
| 12. | Has been this activity covered in local newspaper? | ● Yes, this activity was covered in Local newspaper.<br>● Creating a newspaper article or press release about fire and disaster management activity can help us to share information and generate interest among the local community.<br>● **So our activity was covered in the Malaimalar and Dhinathanthi newspaper and also in Dhinathanthi website.** |
| 13. | Did you collaborate with other organizations to create a bigger impact? | Yes, we collaborated with the JKKM SAMPOORANIYAMMAL SCHOOL to create a bigger impact. |
| 14. | Has the organizing team prepare and follow a check list for conducting the activity? | A well-structured checklist can help ensure that all necessary preparations are made and that the event runs smoothly.<br>**Setup**: Arrive early to set up the venue, arrange the mats and created a welcoming atmosphere.<br>**Check-In**: Verify participant's check-in attendances as they arrive.<br>**Introduction:** Started the event with a welcome and introduction, explained the schedule and the guidelines.<br>**Participant Comfort:** Ensure participants have access to water, a clean practice area and any necessary amenities.<br>**Time Management**: Keep track of time to ensure the event stays on schedule.<br>**Appreciation:** The participants were appreciated by giving them the 3 prizes for the winners of yogathon activity and also certificates were provided to all the participants.<br>**Participant Feedbac**k: Collect feedback from participants to improve future events. |
| 15. | Where did you conduct this program? | The program was conducted on 25.08.2023 at our JKKMCT Indoor Stadium, where the space is available tremendously to perform Yoga. |
| 16. | What are the steps involved in conducting the activity work? / Mention step by step procedure followed? Write in bullet points. Describe in detail min 100 words. | **THE STEPS INVOLVED IN CONDUCTING THE ACTIVITY WORK ARE AS FOLLOWS:**<br>● **Consultation:** If the students are new to yoga or have any medical conditions, they are asked to consult healthcare professionals to ensure it's safe for them to do this level of practice. |

| | | |
|---|---|---|
| | | ● **Warm-Up:** Begin with a gentle warm-up to prepare your body for the intensity of Surya Namaskar. Include light stretches and some deep breathing exercises.<br>● The Main Sequence: Perform 25 sets of Surya Namaskars. Each set consists of the following 12 steps:<br>● **Pranamasana (Prayer Pose):** Stand at the front of your mat with your palms together in front of your chest. Take a few deep breaths.<br>● **Hasta Uttanasana (Raised Arms Pose):** Inhale, raise your arms above your head, and gently arch your back.<br>● **Hasta Padasana (Hand to Foot Pose):** Exhale, bend forward, and touch your toes or the floor, keeping your knees straight.<br>● **Ashwa Sanchalanasana (Equestrian Pose):** Inhale, step your right foot back, drop your right knee, and look up.<br>● **Dandasana (Plank Pose):** Exhale, bring your left foot back into a plank position, holding your body in a straight line.<br>● **Ashtanga Namaskara (Salute with Eight Parts or Knees-Chest-Chin Pose):** Gently lower your knees, chest, and chin to the ground while keeping your hips up.<br>● **Bhujangasana (Cobra Pose):** Inhale, slide forward, and lift your chest into a gentle backbend.<br>● **Parvatasana (Mountain Pose):** Exhale, lift your hips up and back, forming an inverted V shape.<br>● **Ashwa Sanchalanasana (Equestrian Pose):** Inhale, step your right foot forward, drop your left knee, and look up.<br>● **Hasta Padasana (Hand to Foot Pose):** Exhale, bring your left foot forward to meet your right, and touch your toes or the floor.<br>● **Hasta Uttanasana (Raised Arms Pose):** Inhale, raise your arms above your head, and gently arch your back.<br>● **Pranamasana (Prayer Pose):** Exhale, return to the prayer pose.<br><br>These are the 12 steps involved in the 25 sets of Surya Namaskaars.<br><br>● After the successful completion of this yoga competition (25 sets of Surya Namaskaars), the students were asked to relax their body by doing SAVASANA (During this pose, you close your eyes, breathe naturally, and practice eliminating tension from the body.) for about 20 minutes.<br>● After that they were dispersed with their materials.<br>● The best yoga pose given to students was noted and appreciated with prizes & certificates by our college Principal to motivate them. |
| 17. | What are the precautions taken for conducting the activity? | Taking precautions when conducting a yoga activity is essential to ensure the safety and well-being of participants. Here are some key precautions that should be considered when organizing and conducting a yoga activity:<br>● Participant Screening<br>● Qualified Instructors<br>● Venue Safety<br>● Emergency Preparedness<br>● Refreshments<br>● First aid kit box<br>● Participant Comfort |

| | | |
|---|---|---|
| | | ● Communication<br>● Alignment and Posture<br>● Breath Awareness<br>● Hydration<br>Taking these precautions helps ensure a safe and enjoyable yoga experience for all participants, whether they are beginners or experienced practitioners. It's essential to prioritize safety and create an environment that promotes physical and emotional well-being during yoga activities. |
| 18. | What were the tools/ support systems used for conducting the activity? | Conducting a yoga activity typically involves various tools and support systems to ensure a smooth and effective session. These tools and systems can enhance the experience for both instructors and participants. Here are some common tools and support systems used for conducting yoga activities:<br>● **Yoga Mats:** Yoga mats provide a comfortable and non-slip surface for participants to perform 25 sets of Surya Namaskaars and can be considered a fundamental tool for yoga activity.<br>● **Lighting:** Adequate lighting is important to create a safe and inviting practice space. In certain types of yoga, dim or natural lighting may be preferred for a calming atmosphere.<br>● **Temperature Control:** Depending on the location and type of yoga, temperature control systems (heating or cooling) were used to create a comfortable environment for practice.<br>● **Emergency Response Systems:** In the case of emergencies, having access to a phone, first aid kit and knowledge of local emergency procedures is crucial.<br>● **Instructor Training and Support:** Ongoing training and support for instructors, including workshops, mentorship, and resources, can help ensure the quality of instruction.<br>● **Feedback Mechanisms:** Establishing a system for collecting feedback from participants can provide valuable insights for improving the yoga activity. |
| 19. | What was your learning at various steps of implementation of the activity? | ● Planning and Preparation<br>● Learning Objectives<br>● Venue Selection<br>● Instructor Selection<br>● Materials and Equipment<br>● Promotion and Marketing<br>● Participant Engagement<br>● Communication<br>● Registration and Enrollment<br>● Feedback Mechanisms<br>● Safety and Well-being<br>● Health and Safety<br>● Participant Screening<br>● Support and Adaptation<br>● Execution<br>● Instruction and Facilitation<br>● Alignment and Adjustment<br>● Atmosphere<br>● Post-Event Reflection |

| | | |
|---|---|---|
| | | ● Feedback Analysis<br>● Documentation<br>● Community Building<br>● Continuous Improvement<br>● Professional Development<br>● Adaptation<br>During the implementation of the above mentioned planning process of conducting the yoga activity, we have learnt that each and every step provides opportunities to gain valuable insights and refine the practice to serve the well-being and goals of our student participants.<br>Also we learnt that the goal is to create a safe, enjoyable and enriching experience for everyone involved were achieved when the actual plan is implemented to conduct the activity with the support of student and faculty coordinators. |
| 20. | How was the support from the students/neighborhood/ village/school. | ● The level of support from students for a yoga competition can vary widely depending on several factors, including the nature of the competition, the level of interest in yoga among the student body and the overall culture and environment of the educational institution.<br>● Highly interested and actively Participated by our students for yoga competition activity.<br>● The level of student support is highly achieved.<br>● Student and Faculty members were passionate about this yoga competition and played a significant role in encouraging student participation and their support to complete this activity. |
| 21. | Write down the new ideas to solve environmental issues through this activity. | Yoga itself promotes mindfulness and connection with nature, here are some new ideas on how practicing 25 sets of Surya Namaskars can be linked to environmental awareness and sustainability:<br>● **Outdoor Yoga Events**: Organize large-scale outdoor yoga events where participants perform Surya Namaskars in natural settings like garden areas, forests, or near water bodies. This fosters a deeper connection to the environment.<br>● **Tree Planting Yoga**: Combine Surya Namaskars with tree planting activities. For each set of Surya Namaskars performed, plant a tree to offset carbon emissions and promote reforestation.<br>● **Eco-Friendly Yoga Mats**: Encourage the use of eco-friendly yoga mats made from sustainable materials to reduce the environmental impact of yoga equipment.<br>● **Solar-Powered Yoga Studios**: Yoga studios can invest in solar power systems to reduce their carbon footprint and promote clean energy.<br>● **Yoga Retreats with Environmental Workshops**: Host yoga retreats that include workshops on environmental conservation, sustainable living, and eco-friendly practices.<br>● **Beach Clean-up Yoga**: Combine beach yoga sessions with beach clean-up activities to promote ocean conservation and cleanliness.<br>● **Yoga Challenges for Conservation**: Organize yoga challenges where participants pledge to perform a certain number of Surya |

| | | |
|---|---|---|
| | | Namaskars, with each set contributing to a donation to environmental conservation organizations.<br>● **Recycled Yoga Clothing**: Encourage participants to wear yoga clothing made from recycled materials to reduce textile waste.<br>● **Yoga for Waste Reduction**: Promote mindful consumption and waste reduction by incorporating discussions on minimalism and conscious living into yoga sessions.<br>● **Yoga for Environmental Education**: Develop a curriculum that integrates yoga and environmental education in schools to instill a sense of responsibility for the planet in young minds.<br>● **Community Clean-up Surya Namaskars**: Organize Surya Namaskar sessions in communities and neighborhoods before or after local clean-up events.<br>● **Yoga for Environmental Awareness Campaigns**: Use social media and online platforms to raise awareness about environmental issues and solutions through yoga demonstrations and challenges.<br>● **Yoga for Sustainable Agriculture**: Collaborate with local farmers to promote sustainable and organic farming practices through yoga and meditation sessions in agricultural settings.<br>● **Water Conservation Yoga**: Incorporate awareness of water conservation into yoga sessions held near bodies of water, emphasizing the importance of preserving this vital resource.<br>● **Yoga for Recycling Education**: Partner with recycling centers to educate participants about the importance of recycling while performing Surya Namaskars.<br>● **Yoga for Animal Welfare**: Combine yoga practice with campaigns for the protection and welfare of animals and their habitats.<br>● **Carbon Neutral Yoga Studios**: Yoga studios can strive to become carbon neutral by implementing energy-efficient practices and offsetting their carbon emissions through environmental projects.<br>● **Yoga for Clean Energy Advocacy**: Use yoga events as platforms to advocate for clean and renewable energy sources, such as solar and wind power.<br>● **Yoga and Eco-Tourism**: Promote eco-tourism by organizing yoga retreats in eco-friendly and sustainable resorts or nature reserves.<br>● **Zero-Waste Yoga Retreats**: Host zero-waste yoga retreats where participants are encouraged to minimize waste through reusable items and sustainable practices.<br>● **Yoga for Eco-Friendly Transportation**: Organize yoga sessions that encourage participants to use eco-friendly transportation methods, such as biking or walking, to reach the venue.<br>● **Yoga for Wildlife Conservation**: Partner with wildlife conservation organizations and sanctuaries to raise funds and awareness for endangered species through yoga activities.<br>● **Yoga for Plastic Pollution Awareness**: Highlight the issue of plastic pollution and its impact on the environment during yoga sessions and encourage the reduction of single-use plastics. |

| | | |
|---|---|---|
| | | • **Yoga for Sustainable Fashion**: Promote ethical and sustainable fashion choices during yoga events and discuss the environmental impact of the fashion industry.<br>• **Yoga for Sustainable Living Challenges**: Create challenges or workshops that encourage participants to make eco-friendly lifestyle changes and track their progress alongside their yoga practice.<br>These ideas demonstrate how yoga, particularly Surya Namaskars, can be integrated with environmental awareness and sustainability initiatives, fostering a sense of responsibility for the planet and encouraging positive actions to address environmental issues. |
| 22. | What have you learned from this process while working for the District Eco-SDGs Championship 2023? | • We have learned and exposed to different perspectives which facilitate the whole process, also we have learned the requirements and empathy to build positive relationships among this activity.<br>• Creating compassion in our students leads to commitment in the way of approaching and conducting this in a holistic discipline way that encompasses physical, mental and emotional aspects of individual well-being in an educational domain.<br>• Apart from academics, this activity shows us the importance of giving attention to health and leads a platform to maintain our student's healthy mind in education too to achieve in all other fields. |
| 23. | Did you collect the feedback from the participants of the activity? | Yes, we have collected the feedback from the participants of the activity.<br>  |

**ACTIVITY NAME: TRAINING PROGRAM FOR THE STUDENTS ON SAFETY, DISASTER, RISK AND CROWD MANAGEMENT.**
**ACTIVITY SL.NO IN THE BROCHURE: TABLE - III & S.NO - 24**

| SL.NO | PARTICULARS | DETAILS |
|---|---|---|
| 1. | Total number of students participated | Around 162 students participated in this activity. |
| 2. | Name of the Faculty Coordinator (s) | Ms. V.Sathiyapriya,AP/ CIVIL<br>Mr.R.Prasanth,AP/MBA<br>Mr.K.Prabakaran,AP/PHYSICS<br>Mr.E.Anand,AP/CSE<br>Mrs.P.Saranya,AP/ CIVIL<br>Ms. A.Cayalvizhi,AP/ CIVIL<br>Mr.A.Vigneshkumar,AP/EEE<br>Ms. S.Mohanambika,AP/EEE |

| | | |
|---|---|---|
| | | Mr.P.Murugesan, Physical Trainer<br>Mrs.U.Sasikala,AP/ECE |
| 3. | Student Self Help Clubs members Names | B.Pradeep II/MBA<br>S.Santhosh,II/MBA<br>N.Haridharani,II/MBA<br>S.Shakthi,I/EEE<br>K.Vasumathi,I/IT<br>V. Praveen kumar,I/EEE<br>H. Saheer,I/CSE<br>P.Sooraj,I/AUTO |
| 4. | Duration of activity conducted/ performed | The duration is about 2.30 hours (10.30 am to 1.00pm). In this activity, training officers gave a demo session to the students for safety, disaster, risk and crowd management techniques at the end of the session. |
| 5. | Date/Dates on which activity was performed? | This activity was performed on **20.07.2023** (Thursday) at JKKMCT ground . |
| 6. | What are the outcomes? | 1. **Knowledge and Skills:** Students will gain knowledge and skills related to fire prevention, emergency response, disaster preparedness, and mitigation strategies. They will learn about fire safety protocols, disaster management principles, and the use of firefighting equipment and tools.<br>2. **Training:** Many fire and disaster management training programs offer training or qualifications that validate a student's competence in the field. These trainings can be essential for securing employment in emergency services or disaster management agencies.<br>3. **Enhanced Safety Awareness:** Students will develop a heightened awareness of safety measures, both in their personal lives and in their communities. They will understand how to identify and reduce fire hazards and assess disaster risks.<br>4. **Teamwork and Communication:** Fire and disaster management often require effective teamwork and communication skills. Students will learn how to work collaboratively with others during crises, improving their ability to respond to emergencies.<br>5. **Emergency Response Competence:** Graduates of such programs should be capable of responding to various emergency situations effectively. This may include firefighting, search and rescue operations, medical assistance, and providing support to affected individuals and communities.<br>6. **Critical Thinking and Problem-Solving**: Fire and disaster management training encourages critical thinking and problem-solving skills. Students can learn how to assess complex situations and make informed decisions quickly.<br>7. **Leadership and Decision-Making:** Some students may develop leadership skills that are essential in coordinating emergency response efforts. They will learn to make quick decisions under pressure while considering the safety of responders and affected individuals.<br>8. **Community Engagement:** Many training programs emphasize community engagement and involvement. Graduates may be better |

| | | |
|---|---|---|
| | | equipped to educate and engage their communities in disaster preparedness and risk reduction efforts.<br><br>9. **Career Opportunities:** Successful completion of fire and disaster management training can open up various career opportunities in firefighting, emergency management, public safety, disaster relief organizations, and related fields.<br>10. **Personal Growth:** Beyond the professional benefits, students often experience personal growth and increased self-confidence as a result of their training. They gain a sense of purpose in helping others during emergencies. |
| 7. | How was planning done for this activity? | **<u>ACTIVITY PLANNING PROCESS:</u>**<br><br>**Club meeting**<br>On behalf of ECO-SDG CLUB OF JKKMCT, We conducted a meeting and discussed with the student and faculty coordinators which involves the following factors to execute the activity in our JKKMCT Institution.<br>**1. Needs Assessment:**<br>● Identify the specific needs of the community or organization for fire and disaster management training. This could include an analysis of local hazards, existing emergency response capabilities, and gaps in knowledge and skills.<br>● Consult with relevant agencies, emergency services, and experts to understand the current state of disaster preparedness and response in the area.<br>**2. Stakeholder Engagement:**<br>● Involve key stakeholders, such as local government agencies, fire departments, emergency management organizations, community leaders, and potential trainees, in the planning process.<br>● Establish a planning committee or task force to ensure diverse perspectives and expertises are considered.<br>**3. Goal Setting**:<br>● Define clear objectives for the training program. What do you want participants to learn and achieve by the end of the training? Goals should be specific, measurable, achievable, relevant and time-bound (SMART).<br>**4.Curriculum Development:**<br>● Design a curriculum that aligns with the identified needs and goals. The curriculum should cover a range of topics, including fire safety, disaster preparedness, response procedures and recovery efforts.<br>● Determine the training methods, materials and resources needed to deliver the curriculum effectively.<br>**5. Resource Allocation:**<br>● Identify the financial and human resources required to conduct the training program. This includes budgeting for instructors, training facilities, equipment, materials, and administrative support.<br>● Seek funding sources, grants or partnerships to secure the necessary resources.<br>**6.Training Delivery:**<br>● Determine the schedule and duration of the training sessions. Consider whether the training will be conducted in modules, as a continuous program, or as a series of workshops.<br>● Select qualified instructors or trainers with expertise in fire and disaster management.<br>● Secure suitable training venues and ensure they are equipped with the necessary facilities and equipment.<br>**7.Participant Recruitment and Registration:** |

| | | |
|---|---|---|
| | | ● Develop a recruitment strategy to attract participants, whether they are community members, first responders, or employees of an organization.<br>● Establish a registration process to track participant information, including contact details and any relevant prerequisites.<br>**8.Evaluation and Assessment:**<br>● Implement assessment methods to evaluate participants' progress and understanding throughout the training program.<br>● Conduct pre- and post-training evaluations to measure the effectiveness of the training and gather feedback for improvements.<br>**9. Monitoring and Review:**<br>● Continuously monitor the training program's progress and adapt as needed based on feedback and evaluation results.<br>● Conduct post-training assessments to measure the long-term impact and effectiveness of the training on participants' skills and preparedness.<br>**10. Documentation and Reporting:**<br>● Keep detailed records of the training program, including attendance, evaluations, and any incidents or emergencies that occurred.<br>● Prepare reports summarizing the outcomes and lessons learned from the training.<br>**11.Sustainability and Follow-Up:**<br>● Consider strategies for sustaining the training program beyond its initial implementation, including periodic refresher courses and ongoing engagement with participants.<br>● Foster a culture of preparedness and safety within the community or organization by promoting the importance of continuous learning and readiness.<br>**11.Refreshment Arrangements:**<br>● The participants, coordinators and the trainers were planned to hospitalize with tea and snacks refreshment and also juices also were planned to provide to all at the end of the training program. |
| 8. | What were the materials available for conducting the activity? | 1. **Educational materials:** Educational materials, such as textbooks, manuals and handouts, to facilitate learning and provide reference materials for participants.<br>2. **Firefighting Equipment:** Fire fighting vehicle, Fire extinguishers, hoses, nozzles, hydrants, and other firefighting tools and gear. Personal protective equipment (PPE) for firefighters, including helmets, gloves, boots.<br>3. **First Aid Supplies:** First aid kits and medical supplies for training in basic first aid and for any emergency medical response. |
| 9. | How did you manage to collect the material required for the activity? | ● Managing the collection of materials for fire and disaster management training in play ground requires careful attention to detail, budget management and collaboration with various stakeholders to ensure that the space is well-equipped for its intended training purposes with the support of management and training officers for procuring the materials required.<br><br>● The training officers team of about 15 members from fire office of Gobichettipalayam brought the needy equipments to give training for the students additionally we procured some of the materials such as waste cloths, fire extinguishers, gunny bags, waste oils, petrol etc.,<br><br>● Refreshments also provided to all the student and faculty participants, trainers, with the help of management support. |

| | | |
|---|---|---|
| 10. | Mention the materials used during the activity? What is the role of the material? | 1. **Fire Extinguisher Training Props:**<br>● Role: These props create controlled fires that allow participants to practice using fire extinguishers safely.<br>● Use: Participants learn how to select and operate the appropriate fire extinguisher for different types of fires and gain hands-on experience in extinguishing flames.<br><br>2. **Smoke Generators:**<br>● Role: Smoke generators produce artificial smoke to simulate low-visibility conditions during fire emergencies.<br>● Use: Participants practice evacuation procedures, search and rescue operations, and fire response in conditions with reduced visibility.<br><br>3. **Fire Safety Models and Props:**<br>● Role: These models and props illustrate fire behavior, fire spread, and fire prevention measures.<br>● Use: Instructors use these visuals to explain fire dynamics, building fire safety features, and the importance of fire prevention.<br><br>4. **Training Structures:**<br>● Role: Training structures, often constructed to resemble buildings or industrial facilities, provide realistic settings for various emergency scenarios.<br>● Use: Participants navigate through these structures during drills, simulating fire response, search and rescue, and evacuation procedures.<br><br>5. **Rescue Mannequins:**<br>● Role: Rescue mannequins represent victims in need of assistance during emergency scenarios.<br>● Use: Participants practice assessing and treating injuries, carrying victims to safety, and providing basic life support.<br><br>6. **Emergency Response Vehicles:**<br>● Role: Fire trucks, ambulances, and other emergency vehicles are used to simulate transportation and response logistics.<br>● Use: Participants learn how to approach and use these vehicles during emergency situations and practice loading/unloading equipment.<br><br>7. **Simulated Hazardous Materials (Hazmat) Spills:**<br>● Role: Simulated Hazmat spills and leaks allow participants to practice containment, mitigation, and decontamination procedures.<br>● Use: Participants learn how to respond to chemical spills, protect themselves, and prevent the spread of hazardous materials.<br><br>8. **Rescue Tools and Equipment:**<br>● Role: Various rescue tools, such as hydraulic cutters and spreaders (Jaws of Life), simulate extrication and rescue operations. |

| | | |
|---|---|---|
| | | ● Use: Participants practice using these tools to access and extricate victims trapped in vehicles or structural collapses.<br><br>9. **Emergency Communication Systems:**<br><br>● Role: Communication systems replicate real emergency response communication and coordination.<br>● Use: Participants learn how to use radios, emergency notification systems, and communication protocols to coordinate response efforts.<br>10. **Safety Gear and Personal Protective Equipment (PPE):**<br><br>● Role: PPE, including helmets, gloves, and fire-resistant clothing, is essential for participant safety during hands-on training.<br>● Use: Participants wear PPE appropriate for the simulated scenarios to protect themselves from hazards.<br>11. **Fire Simulation Equipment:**<br><br>● Role: Devices that create controlled fires, such as propane burners, help simulate fire emergencies.<br>● Use: Participants practice fire control, extinguishment, and suppression techniques in a controlled environment.<br>12. **Simulated Casualty Makeup:**<br><br>● Role: Makeup and moulage materials create realistic injuries on volunteer "victims" for more authentic rescue and medical scenarios.<br>● Use: Participants assess and provide appropriate care for injured individuals during disaster response simulations. |
| 11. | Were you aware of this activity earlier? | Yes, we have knowledge of fire and disaster management activities and related topics based on the information available in society. News paper and videos from social media sources gives lots of information about Safety, disaster and crowd management training techniques. |
| 12. | Has this activity been covered in local newspaper? | Yes, Creating a newspaper article or press release about fire and disaster management activity can help us to share information and generate interest among the local community. So our activity was covered in the **Malaimalar and Dhinathanthi newspaper and also in Dhinathanthi website.** |
| 13. | Did you collaborate with other organizations to create a bigger impact? | Yes, we collaborate with the Gobichettipalayam - Fire Office Government organization to create a bigger impact in the society and also we spread awareness among students in our institutions through training and the JKKMCT'S official pages of social medias. |
| 14. | Has the organizing team prepare and follow a check list for conducting the activity? | **Pre-Event Planning:**<br>● Define the objectives and learning outcomes of fire and disaster management activity.<br>● Determine the date, time, and location for the activity.<br>● Secure any necessary permits or permissions for using the outdoor space.<br>● Identify the target audience (students, participants, etc.).<br>● Develop a detailed schedule or agenda for the activity.<br>● Choose and prepare resources, and any required equipment.<br>● Communicate event details and expectations to participants and instructors.<br>● Address any special dietary or medical requirements of participants.<br><br>**On-Site Preparation:**<br>● Arrived early to set up the training area and materials. |

| | | |
|---|---|---|
| | | ● Brief instructors and volunteers on their roles and responsibilities.<br>● Welcome participants and provide an overview of the day's activities.<br><br>**<u>During the Event:</u>**<br>● Monitored weather conditions and safety throughout the event.<br>● Ensured that participants stay hydrated and take appropriate breaks.<br>● Encouraged active participation and engagement in the training activities.<br>● Captured photos or videos for documentation and promotion.<br>● Addressed any questions or concerns from participants.<br>● Collected feedback and evaluations from participants and instructors.<br><br>**<u>Post-Event:</u>**<br>● Debrief with the organizing team to assess the success of the activity.<br>● Review participant feedback and make improvements for future events.<br>● Completing necessary paperwork, reporting or documentation.<br>● Expressing gratitude and acknowledgment to participants, instructors, and volunteers.<br>● Considering follow-up activities or resources for continued learning.<br><br>This checklist is an actual framework of the event for effective planning and execution. |
| 15. | Where did you conduct this program? | The training program was conducted in JKKMCT'S seminar hall and also demo training was conducted at JKKMCT's ground. Where the area is large and more convenient for giving practical training to all participants. |
| 16. | What are the steps involved in conducting the activity work? / Mention step by step procedure followed? Write in bullet points. Describe in detail min 100 words. | Conducting safety, disaster, risk and crowd management activities involves a series of well-defined steps to ensure effective planning, preparedness, response and recovery. Here's a step-by-step procedure typically followed in the management of fire and disaster activities:<br>1. **Preparation and Planning:**<br>● Identify the specific goals and objectives of the fire and disaster management activity.<br>● Establish a planning committee or task force with representatives from relevant agencies and organizations.<br>● Conduct a hazard assessment to identify potential risks and vulnerabilities in the area.<br>● Develop a comprehensive emergency response plan based on the assessment.<br>2. **Resource Allocation:**<br>● Determine the financial, human, and material resources required for the activity.<br>● Secure funding, equipment, and personnel needed for the response and recovery phases.<br>● Ensure that trained personnel and equipment are readily available.<br>3. **Training and Education:**<br>● Provide training and education for first responders, emergency management personnel, and community members.<br>● Train participants in firefighting techniques, medical response, evacuation procedures, and disaster preparedness.<br>4. **Communication and Coordination:**<br>● Establish clear communication channels and protocols among response teams, agencies, and stakeholders.<br>● Develop a communication plan to disseminate information to the public and media during disasters.<br>5. **Drills and Exercises:** |

| | | |
|---|---|---|
| | | ● Conduct regular drills and exercises to test the effectiveness of the emergency response plan.<br>● Evaluate the performance of response teams and identify areas for improvement.<br>6. **Public Awareness and Education:**<br>● Promote public awareness and education about fire safety and disaster preparedness.<br>● Educate the community about evacuation routes, emergency shelters, and communication resources.<br>7. **Warning Systems:**<br>● Install and maintain early warning systems, such as sirens, emergency alerts, and weather monitoring.<br>● Ensure that the public knows how to interpret warnings and take appropriate action.<br>8. **Response and Mitigation:**<br>● Activate the emergency response plan when a disaster or fire occurs.<br>● Mobilize response teams, equipment, and resources to mitigate the impact of the disaster.<br>● Focus on life safety, property protection, and incident stabilization.<br>9. **Evacuation and Sheltering:**<br>● Execute evacuation plans and provide safe shelter for displaced individuals.<br>● Coordinate transportation, security, and medical services for evacuees.<br>10. **Search and Rescue:**<br>● Conduct search and rescue operations to locate and assist individuals in distress.<br>● Prioritize rescues based on the severity of injuries and the likelihood of survival.<br>11. **Medical and First Aid:**<br>● Provide medical care and first aid to injured individuals.<br>● Establish medical facilities or triage centers as needed.<br>12. **Damage Assessment:**<br>● Assess the extent of damage to infrastructure, buildings, and utilities.<br>● Use this information to prioritize recovery efforts and resource allocation.<br>13. **Recovery and Rehabilitation:**<br>● Initiate recovery efforts to restore normalcy in affected areas.<br>● Repair infrastructure, provide relief assistance, and support affected individuals and communities.<br>14. **Documentation and Reporting:**<br>● Maintain accurate records of all activities, including incident reports, resource deployment, and damage assessment.<br>● Share information with relevant agencies and stakeholders.<br>15. **Lessons Learned:**<br>● Conduct a comprehensive after-action review to identify strengths and weaknesses in the response.<br>● Use the feedback to update and improve the emergency response plan.<br>16. **Continuous Preparedness:**<br>● Maintain ongoing preparedness efforts, including regular training, updating of emergency plans, and public education.<br>● Stay informed about evolving risks and hazards in the area. |

| | | |
|---|---|---|
| | | This step-by-step procedure outlines the key activities involved in managing safety, disaster, risk and crowd management incidents effectively. |
| 17. | What are the precautions taken for conducting the activity? | 1. **Safety Briefings:** Beginning each training session with a safety briefing to inform participants of potential hazards, safety procedures and emergency protocols.<br>2. **Qualified Instructors:**Ensuring that instructors and trainers are qualified and experienced in fire, safety, risk and disaster management.<br>3. **Safety Gear and PPE:**Provide participants with appropriate personal protective equipment (PPE), including helmets, gloves, fire-resistant clothing, and eye protection.Ensuring that participants wear PPE when engaging in hands-on activities.<br>4. **Medical Personnel:**Have medical personnel or first aid responders available during training sessions to provide immediate care in case of injuries or medical emergencies.<br>5. **Controlled Environments:**Conducting hands-on training in controlled environments to minimize risks. For example, use controlled fire props for fire extinguisher training. Creating controlled scenarios that allow for realistic training while ensuring safety.<br>6. **Safety Zones and Escape Routes:**Establishing designated safety zones where participants can retreat in case of unexpected emergencies.Clearly marking and communicating escape routes and assembling points in case of evacuation is planned & organized.<br>7. **Fire Extinguisher Training Props:**Ensuring that fire extinguisher training props are properly maintained and in good working condition. Using non-toxic and environmentally safe materials for fire simulation is prepared & managed.<br>8. **Simulation Protocols:** Establishing strict safety protocols for all simulations involving fire, hazardous materials, or smoke generation. Monitoring simulations closely to ensure the stay of them within safe parameters.<br>9. **Fire Safety Equipment:** Having firefighting equipment, such as fire extinguishers and hose lines, readily available for immediate response in case of accidental fires.<br>10. **Safety Officers:** Requesting for Assigning safety officers to take responsibility for monitoring safety during training activities.<br>11. **Weather Conditions:** Considering the weather conditions during conducting outdoor training. Because Extreme heat, cold, or adverse weather may pose risks to participants, and precautions should be taken accordingly.<br>12. **Hydration and Rest Breaks:** Advising the participants to stay hydrated and take regular rest breaks during physically demanding training activities.<br>13. **Medical Screenings:** Conducting medical screenings or health assessments for participants, because the training involves physically demanding activities. |

| | | |
|---|---|---|
| | | 14. **Emergency Response Plan:** Developing and communicating a comprehensive emergency response plan specific to the training location.<br>15. **Risk Assessment:** Continuously accessing and managing risks throughout the training program to Modify activities & procedures to reduce the unforeseen risks.<br>16. **Debriefing:** Conducting the debriefing sessions after training activities to review safety performance and identify areas for improvement.<br>17. **Compliance with Regulations:** Ensuring that all training activities comply with relevant safety regulations, local ordinances, and industry standards. |
| 18. | What were the tools/ support systems used for conducting the activity? | Conducting a safety, disaster, risk and crowd management activity in an open atmosphere requires various tools and support systems to ensure the activity's success and educational effectiveness.<br>There are,<br>1. Fire fighting Equipments<br>2. Fire Hoses<br>3. Nozzles<br>4. Hydrants<br>5. Fire Extinguishers<br>6. Fire Blankets<br>7. Helmet<br>8. Hydraulic Rescue Tools<br>9. Ropes<br>10. Ladders<br>11. Tents<br>12. Cots<br>13. First Aid Kit Box<br>14. Waste cloths<br>15. Petrol<br>16. Waste oil, etc., |
| 19. | What was your learning at various steps of implementation of the activity? | ● Safety, disaster, risk and crowd management activity useful to all at any emergency situations.<br>● We learned that this training activity improved the self confidence level of our students and all participants in emergency situations.<br>● We learned technically to work out the fire safety equipment.<br>● We got practical awareness too by the implementation of this activity. And our students will spread this training program awareness to their |

| | | |
|---|---|---|
| | | parents and friends to help the society in any emergency and needy situation to rescue the people from danger causes or disasters. |
| 20. | How was the support from the students/neighborhood/ village/school. | ● The students are very eagerly involved in this activity and also ask many queries from the training officers.<br>● The students individually trained themselves by participating in demo training with the help of the training officers.<br>● The students involved themselves with a high level of support throughout the training session. |
| 21. | Write down the new ideas to solve environmental issues through this activity. | Safety, disaster, risk and crowd management training activities can play a valuable role in addressing environmental issues by promoting awareness, preparedness, and sustainable practices. Here are some new ideas for using fire and safety training to tackle environmental challenges,<br>1. **Wildfire Prevention and Management Training**<br>2. **Climate Change Resilience program**<br>**3. Training Environmental Hazard Preparedness program**<br>4. **Green Building and Sustainable Design Training**<br>5. **Waste Reduction and Recycling Training**<br>6. **Environmental Emergency Response Simulation Eco-Friendly Firefighting Practices program**<br>7. **Community-Based Environmental Projects**<br>8. **Sustainable Transportation Safety program**<br>**9. A program on Climate Education for First Responders**<br>**10. Environmental Compliance Training**<br>**11. Renewable Energy Safety Training**<br>**12. Eco-Friendly Disaster Recovery Sustainable Supply Chain Training.**<br>13. **Eco-Friendly Certification Programs**<br>These ideas aim to leverage fire and safety training activities as a platform for promoting environmental stewardship, sustainability, and resilience in the face of environmental challenges. |
| 22. | What have you learned from this process while working for the District Eco-SDGs Championship 2023? | ● Through the implementation of the safety, disaster, risk and crowd management program, we learned that to organize the program in collaboration with government sectors and also we learned the procedures involved in it.<br>● It also gives an opportunity to know about the student's knowledge in safety, disaster, risk and crowd management.<br>● It gives a platform to train up our participants to help the society with safety equipments in any emergency situations. |
| 23. | Did you collect the feedback from the participants of the activity? | Yes, we have collected the feedback from the participants of the activity. |

| 4. | Duration of activity conducted/ performed | This activity was conducted on **30.08.2023** - Wednesday afternoon 2.00 pm to 4.00pm |
| 5. | Date/Dates on which activity was performed? | The tree plantation activity was conducted on Wednesday - 30.08.2023, in our college backyard garden from 2:00 pm to 4:00 pm. |
| 6. | What are the outcomes? | ● **Environmental Awareness:** Engaging students and staff in tree |

| | | |
|---|---|---|
| | | plantation activities fosters a sense of environmental consciousness. It educates them about the importance of trees in ecological balance and sustainability.<br>● **Educational Experience:** Participating in tree planting provides a hands-on learning opportunity for students. They gain practical knowledge about the process of planting, the types of trees, and their ecological significance.<br>● **Team Building and Collaboration:** Tree planting events encourage teamwork and collaboration among students and staff. They work together towards a common goal, which can enhance communication and interpersonal skills.<br>● **Sense of Ownership and Responsibility:** When students and staff actively participate in planting trees, they develop a sense of ownership over the environment. This can lead to a greater sense of responsibility for the care and maintenance of the planted trees.<br>● **Community Engagement:** Tree planting activities often involve the local community. This engagement strengthens ties between the school or institution and the surrounding community, fostering a sense of unity.<br>● **Beautification of the Environment:** Planting trees enhances the aesthetic appeal of the school or institution's surroundings. It creates a more pleasant and inviting environment for learning and working.<br>● **Air Quality Improvement:** As trees grow, they contribute to improved air quality by absorbing carbon dioxide and releasing oxygen. This can lead to a healthier and more comfortable learning and working environment.<br>● **Long-term Environmental Impact:** Depending on the species of trees planted, there may be long-term environmental benefits such as increased biodiversity, reduced soil erosion, and improved local ecosystem health.<br>● **Student Empowerment and Leadership:** Involving students in tree planting activities empowers them to take initiative and become leaders in environmental conservation efforts.<br>● **Health and Well-being Benefits:** Spending time outdoors and engaged in physical activity during tree planting activities can contribute to improved physical and mental well-being for both students and staff.<br>● **Networking Opportunities:** Tree planting events may provide opportunities for students and staff to connect with local environmental organizations, government agencies, and community members, potentially leading to further involvement in environmental initiatives.<br>● **Demonstration of Corporate Social Responsibility (CSR):** For institutions and organizations, participating in tree planting activities demonstrates a commitment to environmental stewardship and corporate social responsibility. |
| 7. | How was planning done for this activity? | ● **Goal Setting:** The first step would have been to define the objectives of the tree plantation activity. This could include goals such as increasing green cover, mitigating climate change, promoting biodiversity, or educating participants about environmental sustainability.<br>● **Site Selection:** The club would have identified an appropriate location for the tree planting. Factors like soil type, sunlight, water availability, and local environmental needs would have been considered.<br>● **Species Selection:** Depending on the local climate and ecological conditions, specific tree species would have been chosen. Native species are often preferred as they are adapted to the local environment and provide more benefits to local ecosystems. |

| | | |
|---|---|---|
| | | ● **Collaboration and Partnerships:** The Eco SDG Club may have collaborated with local environmental organizations, government agencies, or other stakeholders to secure necessary permissions, expertise, and resources.<br>● **Resource Allocation:** The club would have determined the resources needed for the activity, including trees, planting equipment, water, mulch, signage, and potentially transportation for participants.<br>● **Participant Recruitment and Education:** The club would have promoted the event to recruit participants, including students, staff, and potentially community members. Educational materials or workshops might have been provided to inform participants about the importance of tree planting and care.<br>● **Logistics and Scheduling:** A detailed schedule and logistics plan would have been established. This would include setting the date and time, arranging for transportation (if necessary), and ensuring that all required materials and tools are available on-site.<br>● **Safety and First Aid:** Safety considerations would have been made, including providing appropriate safety equipment and having a plan in place for any potential emergencies or medical issues.<br>● **Planting Technique and Guidance:** Clear instructions on how to plant trees would have been provided to participants. Demonstrations or hands-on training may have been included.<br>● **Post-Planting Care:** The club would have discussed and established a plan for ongoing care of the newly planted trees. This could include watering schedules, mulching, and potential follow-up events for monitoring and maintenance.<br>● **Documentation and Evaluation:** The activity would likely have been documented through photos or videos. After the event, an evaluation might have been conducted to assess the success of the planting and gather feedback for future activities.<br>● **Promotion and Awareness:** The club may have shared the success of the tree planting activity through various channels, such as social media, newsletters and local news outlets, to raise awareness about their environmental efforts. |
| 8. | What were the materials available for conducting the activity? | ● Tree Saplings<br>● Shovels<br>● Watering Cans and Hoses<br>● Mulch<br>● Buckets or Containers: Stakes and Twine<br>● Labels or Tags<br>● First Aid Kit<br>● Trash Bags or Bins<br>● Safety Equipment<br>● Cameras or Recording Devices |
| 9. | How did you manage to collect the material required for the activity? | **Assessment of Needs:** The Eco SDG Club would have first assessed the specific requirements for the tree planting activity, including the number and types of trees, tools, safety equipment and educational materials.<br>**Budget Allocation:** The club might have allocated a budget for the procurement of materials. This could be from club funds, sponsorships, or donations.<br>**In-Kind Contributions:** Some materials might have been provided in-kind. For example, local nurseries have donated tree saplings and hardware stores have provided discounted or complimentary tools.<br>**Volunteer Participation:** The club could have mobilized volunteers, including students, faculties and club members, to contribute materials or assist in sourcing them. This could involve members using their personal connections or resources. |

| | | |
|---|---|---|
| | | **Utilizing Existing Resources:** The college or university might have had existing resources like gardening equipment, shovels, or watering cans that could be repurposed for the tree planting activity. |
| 10. | Mention the materials used during the activity? What is the role of the material? | **Tree Saplings:** These are young trees that are ready for planting. They are the primary focus of the activity and are essential for establishing new vegetation.<br>**Shovels:** Shovels are used for digging holes in the soil to accommodate the tree saplings. They help create a suitable environment for the roots to grow.<br>**Watering Cans or Hoses**: These are used to provide water to the newly planted trees. Adequate watering is crucial for the initial establishment and root development.<br>**Buckets or Containers:** These are used to carry water, mulch, or small tools around the planting site, making it easier to distribute materials as needed.<br>**Labels or Tags:** Labels or tags may be attached to the newly planted trees to identify specific species or provide information about the tree's origin.<br>**Trash Bags or Bins:** Proper waste management materials ensure a clean and organized planting event, helping to keep the area free of litter.<br>**Cameras or Recording Devices:** These are used to document the event through photos or videos for promotional, educational, or reporting purposes. |
| 11. | Were you aware of this activity earlier? | In our college, we already have a Faculty Welfare Club. Within this club, we have organized tree sapling plantations during each faculty member's birthday celebration and other college-wide events to promote awareness about tree planting and the development of a greener world. Additionally, through our Eco SDG Club, we aim to raise greater awareness among students about the importance of tree plantation. |
| 12. | Has this activity been covered in the local newspaper? | **Yes,** Creating a newspaper article or press release about eco-sustainable activity can help us to share information and generate interest among the local community.So our activity was covered in the Malaimalar (dated on 12.09.2023) and Dhinathanthi (dated on 09.09.2023) newspaper and also in Dhinathanthi website. So our activity was covered in the Malaimalar and **Dhinathanthi** newspaper and also in **Dhinathanthi** website. |
| 13. | Did you collaborate with other organizations to create a bigger impact? | In order to have the most impact possible, our Eco Club will work together with other student organizations, academic divisions, and outside stakeholders. For the purpose of involving more people in the community and fostering alliances for environmental projects, we will plan events, workshops, and guest lectures. We will establish a dynamic and welcoming Eco Club that motivates students to become environmental leaders and advocates for a better future by living out our vision and working towards these goals. |
| 14. | Has the organizing team prepare and follow a checklist for conducting the activity? | **Site Preparation:** Clearing debris, marking planting locations, and ensuring tools and equipment are ready.<br>**Resource Readiness:** Confirming the availability of tree saplings, shovels, watering cans, mulch, and safety gear.<br>**Volunteer Coordination:** Checking in with volunteers, assigning roles, and providing them with instructions and safety guidelines.<br>**Planting Techniques:** Ensuring proper planting depth, spacing, and watering procedures are followed.<br>**Safety Measures:** Verifying that safety gear is worn, and participants are aware of potential hazards.<br>**Community Engagement:** Conducting educational activities, engaging with the community, and fostering a sense of participation.<br>**Documentation:** Keeping records of the number and types of trees planted, maintenance activities, and any issues encountered.<br>**Monitoring and Evaluation:** Setting up a system for ongoing monitoring of tree growth and survival rates.<br>**Celebration and Recognition:** Planning for post-planting celebrations and recognition of volunteers and partners. |

| | | |
|---|---|---|
| 15. | Where did you conduct this program? | ● We started planting saplings in the garden of our college campus and after that we planted saplings in the nearby local areas of our college.<br>● Students also made some posters and banners on the importance of tree plantations.<br>● We fixed banners and posters in the area around our college. |
| 16. | What are the steps involved in conducting the activity work? / Mention step by step procedure followed? Write in bullet points. Describe in detail min 100 words. | **Activity Planning and Preparation:**<br>● Identify the objectives of the tree planting activity, such as reforestation, carbon sequestration, or habitat restoration.<br>● Select suitable planting sites based on soil quality, sunlight, and proximity to water sources.<br>● Determine the appropriate tree species for the site, considering local climate and ecosystem compatibility.<br>● Secure necessary permits and permissions from local authorities or landowners.<br>**Resource Procurement:**<br>● Source healthy tree saplings from reputable nurseries or conservation organizations.<br>● Acquire essential tools and equipment, including shovels, spades, watering cans, mulch, and protective gear.<br>**Community Engagement:**<br>● Raise awareness about the tree planting project through community meetings, social media, and educational materials.<br>● Recruit volunteers and assign roles, ensuring everyone understands the goals and techniques involved.<br>**Site Preparation:**<br>● Clear the planting site of weeds, debris, and any invasive species that could compete with the newly planted trees.<br>● Dig planting holes at appropriate intervals, ensuring they are deep and wide enough to accommodate the root system of the saplings.<br>**Tree Planting:**<br>● Plant saplings at the correct depth, making sure the root collar is level with the soil surface.<br>● Space the trees according to their growth requirements and the overall planting plan.<br>● Water each sapling thoroughly after planting to settle the soil and eliminate air pockets.<br>**Mulching and Tree Guards:**<br>● Apply a layer of mulch around the base of each tree to conserve moisture, regulate soil temperature, and suppress weeds.<br>● Install tree guards or fencing to protect saplings from browsing animals.<br>**Watering and Maintenance:**<br>● Establish a regular watering schedule, especially during dry periods, to support root development.<br>● Develop a maintenance plan for pruning, pest control, and disease prevention.<br>● Monitor tree health and address any issues promptly.<br>**Community Involvement and Education:**<br>● Engage the community in ongoing tree care and protection efforts.<br>● Conduct workshops or educational sessions to teach participants about the importance of tree planting and environmental conservation.<br>**Documentation and Monitoring:**<br>● Keep detailed records of the planting activity, including the number and species of trees planted, maintenance activities, and any issues encountered.<br>● Establish a system for regular monitoring and evaluation of tree |

| | | |
|---|---|---|
| | | growth and survival rates.<br>**Celebration and Recognition:**<br>● Celebrate milestones and successes in the project, recognizing the efforts of volunteers and partners.<br>● Use these moments to reiterate the project's long-term goals and the importance of continued community involvement. |
| 17. | What are the precautions taken for conducting the activity? | **Site Selection:** Carefully choose planting sites based on soil type, drainage, sunlight and proximity to existing vegetation. Avoid areas with contamination or potential hazards.<br>**Native Species:** Prioritize native tree species that are well-suited to the local environment and ecosystem. Avoid planting invasive species that could harm native plants.<br>**Seasonal Timing:** Plant trees during the appropriate season, typically in the early spring or fall when conditions are favorable for root establishment.<br>**Sapling Quality:** Ensure that saplings are healthy, disease-free and of a suitable size for planting. |
| 18. | What were the tools/ support systems used for conducting the activity? | **Tree Saplings:** The most fundamental component, saplings of appropriate tree species were sourced from nurseries or conservation organizations.<br>**Shovels and Spades:** Essential tools for digging holes and preparing the planting sites.<br>**Watering Cans and Hoses:** Used to provide initial watering to newly planted trees and for ongoing maintenance.<br>**Gloves and Safety Gear:** Ensured the safety and comfort of volunteers and workers during planting.<br>**Educational Materials:** Informational brochures, signage, and workshops were used to educate participants about the benefits of tree planting and proper planting techniques.<br>**Transportation:** Vehicles were used to transport saplings, tools, and volunteers to planting locations.<br>**Cameras:** Cameras were arranged by the students and the faculty coordinators to cover the activity for the purpose of memory and documentation work.<br>**Planting Guides:** These guides can include information on how deep to plant the saplings, the recommended distance between them, and other planting instructions specific to the type of trees being planted which were instructed and guided by the Gardner in our institution who maintain the garden along with us in our JKKMCT CAMPUS.<br>**Management support:** With the support of management the needy tools are procured with the help of volunteers and the activities were executed properly with the coordination of club members. |
| 19. | What was your learning at various steps of implementation of the activity? | It involves gaining knowledge and insights to improve the effectiveness, sustainability, and overall impact of the tree planting initiative. Here are the key learning points at different stages of tree plantation implementation:<br>**1.Planning Stage:**<br>● Site Assessment: Conducted a thorough assessment of the planting site to understand soil conditions, climate, and local ecosystem. Learned how these factors may affect the growthness of trees.<br>● Species Selection: Research and choose tree species that are well-suited to the site conditions. Learned about the native and non-native species that thrive in the area.<br>● Community Engagement: Learned about the interests and concerns of the local community. Involve them in the planning process and consider their input. |

| | | |
|---|---|---|
| | | ● Environmental Regulations: Understand and comply with any environmental regulations or permits required for tree planting in the area.<br><br>**2.Preparation Stage:**<br>● Training: Train volunteers or workers have learnt the techniques of tree planting, including how to dig holes, plant saplings, and provide post-planting care.<br>● Safety Protocols: Ensured that safety measures are in place and that participants are aware of safety protocols, including the use of protective gear.<br>● Logistics: Learnt to efficiently manage logistics, including transportation of saplings and equipment to the planting site.<br><br>**3.Execution Stage:**<br>● Hands-on Experience: Participants gained practical experience by planting trees. They learn how to handle saplings, position them correctly, and fill the holes properly.<br>● Adaptation: Be prepared to adapt to unexpected challenges such as weather conditions, soil issues, or the availability of resources.<br>● Teamwork: Participants learned the importance of teamwork and coordination during the planting process.<br>● Data Collection: Collected data on the number of trees planted, species used, and any observations about the planting process. This information can inform future efforts.<br><br>**4.Post-Planting Stage:**<br>● Monitoring: Implemented a monitoring plan to track the health and growth of the newly planted trees. Learn how different tree species respond to the environment.<br>● Maintenance: Learned about the ongoing maintenance required, such as watering, mulching, and pest control. Adjust maintenance practices based on tree health.<br>● Community Education: Continue to educate the community about the importance of trees, their role in the ecosystem, and the benefits of the tree planting initiative.<br>● Feedback and Evaluation: Collected feedback from participants and community members to evaluate the success of the tree plantation. Identify areas for improvement.<br><br>**5.Long-Term Learning:**<br>● Ecosystem Impact: Over the years, study the impact of the planted trees on the local ecosystem, including changes in biodiversity and soil quality.<br>● Sustainability: Explore ways to ensure the sustainability of the planted trees, such as long-term care and protection from threats like deforestation.<br>● Community Engagement: Continuously engaged with the community to maintain their support and involvement in tree planting and environmental conservation efforts. |

| | | |
|---|---|---|
| | | ● Knowledge Sharing: Share the knowledge gained through the tree planting initiative with other organizations and communities to promote broader environmental stewardship.<br>● Throughout the tree planting process, a culture of learning and adaptation is essential for achieving the best possible results and making a positive and lasting impact on the environment. Learning from both successes and challenges and it helps refine future tree plantation efforts and contributes to overall environmental conservation goals. |
| 20. | How was the support from the students/neighborhood/ village/school. | ● **Student Engagement:** Students enthusiastically participated in tree planting, showcasing their commitment to environmental sustainability.<br>● **Neighborhood Unity:** The local neighborhood came together to organize tree planting events, fostering a sense of community and shared responsibility.<br>● **Village Involvement:** The entire village actively supported the initiative, recognizing the long-term benefits of reforestation for their ecosystem.<br>● **School Participation:** The school played a vital role in educating students about tree planting importance and provided resources for planting activities. |
| 21. | Write down the new ideas to solve environmental issues through this activity. | Tree plantation is a powerful tool for addressing various environmental issues. Here are some innovative ideas to tackle environmental problems through tree planting initiatives:<br>● Urban Green Infrastructure<br>● Climate Change Mitigation<br>● Biodiversity Conservation<br>● Urban Wildlife Corridors<br>● Air Quality Improvement<br>● Water Quality Enhancement<br>● Forest Restoration<br>● Natural Forest Regeneration<br>● Desertification Control<br>● Arid Land Afforestation<br>● Pollinator Habitat Creation<br>● Educational Initiatives<br>● Tree Adoption Programs<br>● Smart Tree Planting<br>● Community Engagement<br>● Municipal Regulations<br>● Forest Carbon Credits<br>● Carbon Credit Programs<br>● Tree Genetic Diversity<br>● Conservation Seed Banks<br>● Community Agroforestry Initiatives<br>● Waste Reduction and Recycling<br>● Recycled Material Planters<br>● Public Art and Awareness<br>● Tree Art Installations<br>● Economic Incentives<br>● Natural Disaster Resilience |

<table>
<tr><td></td><td></td><td>

- Ecosystem-Based Adaptation
- Urban Wetlands

These innovative ideas demonstrate the versatility of tree planting initiatives in addressing a wide range of environmental challenges while promoting sustainability, biodiversity, and community engagement. Combining these approaches can lead to more comprehensive and effective solutions for environmental issues.
</td></tr>
<tr><td>22.</td><td>What have you learned from this process while working for the District Eco-SDGs Championship 2023?</td><td>Tree planting activities serve as valuable educational opportunities, promoting awareness and understanding of environmental issues, biodiversity and the importance of sustainable practices in achieving the sustainable development goals.</td></tr>
<tr><td>23.</td><td>Did you collect the feedback from the participants of the activity?</td><td>Yes, we collected the feedback from the participants of tree plantation - our own activity to improve our challenges in executing the process and to satisfy them by rectifying and overcoming the difficulties made during the activity.

## 1. World Environment Day

Mr.Vadivel, HOD/MBA of JKKMCT delivered a speech about world environment day to the students. The points are,

**Purpose**

World Environment Day (WED) is a day to raise awareness about environmental issues and promote sustainable living.

**History**

The first WED was celebrated in 1973 with the slogan "Only One Earth".

**Themes**

Each year, WED has a theme and slogan that focuses on a pressing environmental issue. For example, the 2021 theme was "Ecosystem Restoration".

**Events**

WED events include tree planting, clean-up campaigns, and educational workshops.

**Actions**

People can take action to protect the environment by:

- Reducing, reusing, and recycling
- Volunteering to clean up their communities
- Reducing water consumption
- Using reusable shopping bags
- Planting trees
- Using durable lights
- Keeping industries in check so they don't pollute water bodies

## 2. International Plastic Bag Free Day

Mr.K.SRIRAM, HOD/MECH of JKKMCT delivered a speech about Waste plastic management to the students. The points are,

- **Reduce, reuse, and recycle**: These are the key principles of plastic waste management.
- **Reduce plastic use**: Reducing plastic use can help combat plastic pollution.
- **Promote eco-friendly alternatives**: Promoting eco-friendly alternatives can help combat plastic pollution.
- **Raise awareness**: Raising awareness among the public can help combat plastic pollution.
- **Recycle**: Recycling is a good solution to reduce the extraction of fossil fuels and promote a circular economy. Recycling reduces pollution, saves landfill space, and requires less energy.
- **Pyrolysis**: Pyrolysis is a technology that converts waste plastics into liquid fuel. This can be an effective way to manage waste plastic and can also be economically beneficial.
- **Landfilling**: Landfilling is considered the worst waste management strategy. Most plastics end up in landfills, which is undesirable because they could be recycled.
- **Mechanical recycling**: Mechanical recycling is a physical process that transforms plastic waste into secondary raw materials or products.
- **Bioplastics**: Bioplastics can be composted, recycled, incinerated, and digested anaerobically.
- **Plastic pollution**: Inadequate waste management practices have led to significant plastic pollution of water bodies. Dioxins released from plastic polymers can cause tumor and neurological damage in humans.

## REPORT OF THE EVENT

JKKM சமுதாய வானொலியில் உலக பிளாஸ்டிக் பை இல்லா தினத்தினை முன்னிட்டு சிறப்பு கால நிலை மாற்றித்திற்கான விழிப்பணர்வு நிகழ்ச்சி நடைபெற்றது. 3.7.2023 அன்று மாலை 3 மணி அளவில் ஒலிப்பதிவு நடைபெற்று ஒளிபரப்பும் செய்யப்பட்டது. இந்த பதிவில் நெகிழியை பற்றிய விழிப்பணர்வு மற்றும் இவற்றால் சமுதாயத்தில் ஏற்படும் தீமைகள் குறித்து பல்வேறு தகவல்களை விரிவாக திரு.K..ஸ்ரீராம் M.E அவர்கள் (துறைத்தலைவர் /இயந்திரவியல்துறை ,JKKM பொறியியல் கல்லூரி) பேசினார்.

மேலும் மாலை 4 மணி அளவில் JKKM பொறியியல் கல்லூரி வளாகத்தில் பிளாஸ்டிக் விழிப்பணர்வு உறுதிமொழி நடைபெற்றது. இதில் JKKM முதலாம் ஆண்டு மாணவ மாணவிகள், கல்லூரி பேராசிரியர்கள் கலந்து கொண்டு உறுதிமொழியை எடுத்து கொண்டனர்.

## REPORT OF THE EVENT

JKKM community radio organized a special climate change awareness program on the occasion of World No Plastic Bag Day. Sound recording was done on 3.7.2023 at 3 pm and telecast was done. In this report, Mr.K.Sriram M.E (Head of Department/Department of Mechanical Engineering, JKKM College of Engineering) spoke in detail about the awareness of plasticity and the evils caused by it in the society.

Also plastic awareness pledge was held at JKKM Engineering College campus at 4 pm. JKKM first year students and college professors participated and took the oath.

## 5. Tree Plantation

### Introduction

The Tree Plantation Drive was conducted on [date] by [organizing group/institution] as part of an environmental initiative to combat deforestation, enhance biodiversity, and promote sustainable living. The drive aimed to engage the community in preserving the environment through active participation in tree planting.

### Objectives

1. Mitigate the effects of climate change by increasing green cover.
2. Improve air quality and reduce urban heat through afforestation.
3. Raise awareness about the importance of trees for a balanced ecosystem.

### Event Details

- **Date and Time**: 21.07.2023
- **Venue**: College Campus
- **Participants**: 50 participants, including [students, volunteers, community members, etc.].

### Activities Conducted

1. **Opening Ceremony**: The event began with an inspiring speech by our Principal Dr.K.Sridharan.
2. **Tree Planting**: Participants planted a total of 20 saplings

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506.

3. **Awareness Session**: Experts educated attendees about the benefits of afforestation and how to care for young plants.
4. **Community Engagement**: Local residents were encouraged to adopt and nurture the planted trees.
5. **Follow-Up Plan**: Participants were assigned specific trees to monitor and care for over the next year.

**Impact**

1. Planted [number] trees, covering an area of [size, e.g., 2 acres].
2. Raised awareness about environmental conservation among [number] participants.
3. Engaged [percentage]% of local residents in the initiative, fostering a sense of community responsibility.
4. Contributed to reducing the carbon footprint in the area.

**Challenges Faced**

- Limited availability of water and resources for sapling care.
- Difficulty in involving all segments of the community.
- Ensuring long-term maintenance of the planted trees.

**Conclusion**

The Tree Plantation Drive was a resounding success, with enthusiastic participation from community members and volunteers. The event marked a significant step toward creating a

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506.

greener and healthier environment. Follow-up measures will ensure the survival and growth of the planted trees.

**Recommendations**

1. Organize regular follow-up drives to monitor the growth of planted trees.
2. Collaborate with local authorities for long-term maintenance support.
3. Conduct similar drives in other areas to expand green coverage.
4. Raise funds for watering systems and protective measures against pests and animals.

**Acknowledgments**

Special thanks to our Management for their support and contributions, which made this initiative a success.

### 6. Brief report about Climate Quest

**Introduction**

The Climate Quest event was organized on 08.08.2023 by JKKMCT Community radio to inspire and educate participants on the importance of addressing climate change. The event aimed to empower individuals to adopt sustainable practices, promote eco-friendly technologies, and contribute to mitigating the impacts of climate change.

**Objectives**

1. Raise awareness about the causes and effects of climate change.
2. Provide practical solutions to reduce carbon footprints.
3. Foster collaboration among participants to create a sustainable future.

**Event Overview**

- **Date and Time**: 08.08.2023, 2.00 PM
- **Venue**: Seminar Hall
- **Participants**: 100 participants, including students, educators, environmentalists, and community members.
- **Theme**: "Act Now for a Greener Tomorrow."

**Activities and Highlights**

1. **Interactive Sessions**: Experts conducted talks on global warming, renewable energy, and sustainable living practices.

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506.

2. **Workshops**: Hands-on activities included:
    - DIY solar-powered devices.
    - Composting techniques.
    - Upcycling waste materials into useful products.
3. **Quiz Competition**: A climate-themed quiz tested participants' knowledge and raised awareness about critical issues.
4. **Tree Plantation Drive**: Participants planted 20 saplings to promote greenery and offset carbon emissions.
5. **Art and Innovation Expo**: Showcased eco-friendly inventions, climate-themed art, and student-led projects.
6. **Pledge Wall**: Attendees wrote and signed personal commitments to reduce their environmental impact.

**Impact and Achievements**

1. Educated [number] participants on practical steps to combat climate change.
2. Planted [number] trees as part of a reforestation effort.
3. Distributed [number] eco-friendly kits, including reusable bags and water bottles.
4. Fostered collaborations among participants for future sustainability projects.

**Feedback and Testimonials**

- **Participant Feedback**: Surveys revealed [percentage]% of attendees found the event informative and inspiring.
- **Key Testimonial**: [Insert a quote from a notable speaker/participant, e.g., "This event reminded us of the power of community in tackling climate change."]

Principal

(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506.

### Challenges Encountered

- Limited funding for scaling up activities and resources.
- Difficulty in engaging some segments of the community.
- Logistical challenges in managing large groups during interactive activities.

### Conclusion

The Climate Quest event successfully raised awareness and inspired participants to take action against climate change. The hands-on workshops, expert sessions, and community-driven activities made a lasting impact, motivating attendees to lead eco-friendly lifestyles.

## 7. Rally on No Plastic Awareness

### Introduction

The No Plastic Awareness Rally was organized on [date] by [organizing group/institution] to raise awareness about the environmental impacts of plastic and promote sustainable alternatives. The rally aimed to engage the community in adopting eco-friendly practices and reducing plastic usage in daily life.

### Objectives

1. Educate participants about the harmful effects of plastic pollution on the environment and health.
2. Encourage the use of biodegradable and reusable alternatives.
3. Promote community engagement in sustainable living practices.

### Details of the Event

- **Date and Time**: 11.08.2023
- **Venue**: T.N.Palayam
- **Participants**: Approximately 100 participants, including [students, teachers, activists, community members, etc.].
- **Theme**: "Say No to Plastic, Yes to a Green Future."

Principal
J.K.K.Munirajah College of Technology
(Autonomous)

(Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai)

Accredited by NAAC with "A" grade

T.N. Palayam (Po) - 638 506, Gobi (Tk), Erode (Dt)) - 638506

### INSTITUTIONAL DISTINCTIVENESS

**Activities Conducted**

1. **March and Slogans**: Participants carried banners and chanted slogans like "Ban the Plastic, Save the Planet."
2. **Street Play**: A short theatrical performance highlighted the consequences of plastic waste on marine and terrestrial ecosystems.
3. **Distribution of Alternatives**: Eco-friendly bags, metal straws, and reusable containers were distributed.
4. **Workshops**: Hands-on sessions taught attendees how to make compostable packaging or cloth bags.
5. **Pledge Ceremony**: Participants pledged to reduce their plastic usage and advocate for sustainable practices.

**Impact and Achievements**

1. Increased community awareness about the detrimental effects of plastic pollution.
2. Distributed [number] eco-friendly kits to participants.
3. Encouraged local businesses to adopt greener practices by engaging shop owners along the rally route.
4. Garnered support from [name of organizations or authorities].

**Challenges Faced**

- Difficulty in engaging a larger audience.
- Limited resources for event organization and material distribution.
- Resistance from a few local vendors relying heavily on plastic products.

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506.

### Conclusion

The No Plastic Awareness Rally was a significant step toward fostering environmental responsibility in the community. Though challenges were faced, the rally successfully spread the message of reducing plastic usage and adopting sustainable habits. Follow-up campaigns and collaborations are recommended to sustain the momentum created by this event.

### Recommendations

1. Conduct follow-up sessions to measure behavioral changes among participants.
2. Partner with local governments and NGOs for larger-scale initiatives.
3. Provide incentives for businesses transitioning to plastic-free operations.
4. Integrate the no-plastic message into school curriculums and community programs.

## 8. Importance of Rain Water Harvesting

Mr.Ponnusamy, HOD/S&H of JKKMCT delivered a speech about Importance of rain water harvesting to the students. The points are,

- **Water Conservation**
  - Helps conserve water by collecting and storing rainwater for future use, reducing dependency on groundwater and municipal water supplies.

□ **Groundwater Recharge**

- Replenishes groundwater levels, particularly in areas experiencing depletion due to excessive extraction.

□ **Reduction in Water Wastage**

- Minimizes surface runoff, preventing water from being lost to drainage systems and evaporation.

□ **Flood Mitigation**

- Reduces urban flooding by capturing rainwater before it accumulates in large quantities on streets and drainage systems.

□ **Economic Benefits**

- Lowers water bills by providing an alternative source of water for irrigation, washing, and other non-potable uses.
- Reduces infrastructure costs for water treatment and supply.

### 9. INTERNATIONAL DAY OF PLAY REPORT ON JUNE 11, 2024

1. **Name of the CR and address with the respective district and state:**

   JKKM Community Radio Station 89.6MHz, J.K.K. Munirajah College of Technology Campus, .T.N.Palayam Village, Erode DT-638 506, Tamilnadu

   **Contact: 9789456706 , 9715084075 Mail Id:jkkmctfm@gmail.com**

2. **A brief profile description of JKKM Community Radio Station(in about 50-100words)**

   JKKM Community Radio was set-up in 2021 by our Annai J.K.K. Sampoorani ammal Charitable trust in JKK MUNIRAJAH College of Technology Institution. The CRS was established with a vision to improve the Agriculture and Weaving field by education and training programs to improve the community. Our CRS was started in the first day of Month January 2022 with 5 staff members. Now we have team of 7 Members. Our target is to improve the Agricultural field and weaving field community people and their children through different types of projects

3. **Range in Kms of the Community Radio and number of people covered through by our community radio station.**

   The Range in Kms of our Community Radio around13Kms(including 8 villages fall in our broadcast range).These villages have a total population of around 30,000 people and have an active listener base of around 12,000 people.

**4. Detail of Phone back from the communities on what was their most interesting and favourite play from their own childhood**

There are some popular and nostalgic childhood games that many people often remember fondly:

A. **Hide and Seek** : A classic game where one person closes their eyes and counts while the others hide, then tries to find them.

B. **Ring Game** : A traditional children's game that involves forming a circle (or ring) of players. It's a simple and cooperative game often played in groups

C. **Traditional Game** : It is one player controls a king and defenders, while the other controls attackers trying to capture the king.

D. **Hopscotch** : Typically played with chalk on the ground, where players hop between numbered squares and follow a specific pattern.

E. **Jump Rope** : Either solo or with friends, jumping over a rope swung either singly or by two turners, with various rhymes or patterns.

F. **Street Baseball** : An improvised version of baseball played in streets or open fields with makeshift bases and rules.

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk)
Erode (Dt) - 638 506

These games are often cherished memories because they were simple, required creativity, and fostered social interaction and physical activity among friends and neighbors.

**5. Detail of Phone back on the interesting and favorite play with their children.**

Community and parents often treasure these activities not only for the joy they bring but also for the opportunity to connect with their children, teach values and skills, and create a supportive and loving family environment. Each activity contributes uniquely to the child's development and strengthens the parent-child relationship through shared experiences and quality time spent together.

**6. Detail of To have 1/2 hour to 1 hour play to be played on 11 June.**

Whenever a playing activity that can be completed in 30 minutes to 1 hour, there are many engaging options that provide fun and interaction.

1. Ring Game 2 .Hide & Seek 3.Traditional Game

These activities also provide opportunities for children to learn, explore, and have fun within a manageable timeframe of 30 minutes to 1 hour

**7. How many people engaged in this event?**

There are 32 members and 3 school teachers are engaged in the event.

**INSTITUTIONAL DISTINCTIVENESS**

8. **Detail of Post the event, a report that highlights all the events (pre and on 11 June), the buzz and excitement created, reach, phone back no's, interesting stories, anecdotes etc**

It includes pre-event activities and those on June 11th, involves capturing various aspects such as buzz and excitement, reach, feedback from attendees, interesting stories, anecdotes, and more.

The childhood games like "Ring Game, Hide and Seek and Traditional Game" can vary widely depending on the setting and circumstances. Generally Ring Game is a traditional children's game that involves forming a circle (or ring) of players. It's a simple and cooperative game often played in groups and Hide and Seek is classic game where one person closes their eyes and counts while the others hide, then tries to find them and also Traditional Game is one player controls a king and defenders, while the other controls attackers trying to capture the king.

The pre-event activities also include marketing strategies, registration and participation and feedbacks. The buzz during the event like student reactions and engagement levels. The overall success of the event, emphasizing key achievements, challenges, faced, and opportunities for future improvement.

**Brief report about Climate Count down Episode-10**

Mr.Vadivel, HOD/MBA of JKKMCT delivered a speech about the awareness and gave some important points to the students. The points are,

Communicating on climate change is about educating and mobilizing audiences to take action to confront the climate crisis. **Everyone can play a part by raising their voice, sharing solutions, and advocating for change** – shaped by different experiences, cultural contexts, and underlying values.

Global Warming refers to the Earth's warming, i.e. rise in the Earth's surface temperature. A variety of human activities, such as industrial pollution and the burning of fossil fuels, are responsible for this temperature rise. These operations emit gases that cause the greenhouse effect and, subsequently, global warming. Climate change, starvation, droughts, depletion of biodiversity, etc. are some of the most important consequences of global warming.

Breaking down the science behind climate change is complex, but the right messengers can get the audience engaged. As an established content creator, you may already be a trusted messenger for your audience. If you bring in other messengers, consider respected scientists (whose articles refer to peer-reviewed scientific journals or studies conducted by reputable research institutions or universities), weather presenters, and medical doctors, all of which are widely trusted. Often the most impactful climate communications also come from "people like me" who are affected and care.

**Brief report about Climate Count down Episode-11**

Mr.Murugesan, HOD/ECE of JKKMCT delivered a speech about the awareness and gave some important points to the students. The points are,

1. **Crop Productivity**:
   - Changes in temperature, rainfall patterns, and $CO_2$ levels directly affect crop yields.
   - Heat stress reduces growth and productivity of temperature-sensitive crops like wheat, rice, and maize.
2. **Soil Health**:
   - Increased soil erosion, nutrient depletion, and salinity due to extreme weather events.
   - Changes in microbial activity and organic matter content.
3. **Water Availability**:
   - Altered precipitation patterns affect irrigation and groundwater resources.
   - Increased droughts and floods disrupt crop cycles.
4. **Pest and Disease Proliferation**:
   - Warmer temperatures and humidity expand the habitat range of pests and pathogens.
   - Crop losses may increase due to new pest and disease pressures.
5. **Livestock**:
   - Heat stress affects animal health, reproduction, and productivity.
   - Reduced availability of feed and water resources.

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506.

6. **Food Security**:
    - Decreased agricultural output may lead to higher food prices and scarcity.
    - Vulnerable populations in developing regions face greater risks of hunger and malnutrition.
7. **Shifting Agricultural Zones**:
    - Suitable areas for growing certain crops may shift geographically.
    - Northern regions may become arable, while tropical regions face declining productivity.
8. **Extreme Weather Events**:
    - More frequent hurricanes, floods, and droughts damage crops and infrastructure.

**Brief report about Climate Count down Episode-12**

Mr.Vadivel, HOD/MBA of JKKMCT delivered a speech about the awareness and gave some important points to the students. The points are,

1. **Introduction to Climate Countdown**:
   - Define the concept: Urgency to act against climate change before irreversible tipping points are reached.
   - Highlight global goals like the Paris Agreement's aim to limit global warming to 1.5°C.
2. **Current Climate Status**:
   - Present recent trends in global temperatures, greenhouse gas emissions, and extreme weather events.
   - Emphasize the shrinking window for effective action.
3. **Tipping Points and Thresholds**:
   - Explain critical thresholds (e.g., ice sheet collapse, Amazon rainforest dieback).
   - Discuss the domino effect of crossing these points on ecosystems and human systems.
4. **Key Contributors to Climate Change**:
   - Highlight major sectors: energy, transportation, agriculture, and deforestation.
   - Discuss the role of industrialization and consumer behavior.
5. **Global Efforts and Challenges**:
   - Overview of international agreements (Paris Agreement, COP conferences).
   - Challenges in policy implementation, financing, and global cooperation.

6. **Role of Technology and Innovation**:
    - Green energy: solar, wind, and hydrogen.
    - Carbon capture and storage (CCS) technologies.
    - Advancements in sustainable agriculture and waste management.
7. **Individual and Community Actions**:
    - Encourage lifestyle changes: reducing carbon footprints, recycling, and conserving energy.
    - Importance of advocacy and community-driven initiatives.
8. **Role of Youth and Education**:
    - Discuss the influence of youth movements like Fridays for Future.

### INSTITUTIONAL DISTINCTIVENESS

**Brief report about Climate Count down Episode-13**

**Introduction**

The Climate Quest event was organized on 08.08.2023 by JKKMCT Community radio to inspire and educate participants on the importance of addressing climate change. The event aimed to empower individuals to adopt sustainable practices, promote eco-friendly technologies, and contribute to mitigating the impacts of climate change.

**Objectives**

4. Raise awareness about the causes and effects of climate change.
5. Provide practical solutions to reduce carbon footprints.
6. Foster collaboration among participants to create a sustainable future.

**Event Overview**

- **Date and Time**: 08.08.2023, 2.00 PM
- **Venue**: Seminar Hall
- **Participants**: 100 participants, including students, educators, environmentalists, and community members.
- **Theme**: "Act Now for a Greener Tomorrow."

**Activities and Highlights**

7. **Interactive Sessions**: Experts conducted talks on global warming, renewable energy, and sustainable living practices.

**Brief report about Climate Count Down Episode-14**

Mr.Murugesan, HOD/ECE of JKKMCT delivered a speech about the awareness and gave some important points to the students. The points are,

### 1. Definition

- Climate change refers to long-term shifts in temperatures, weather patterns, and atmospheric conditions, primarily caused by human activities like burning fossil fuels.

### 2. Causes

**Natural Causes**

- Volcanic eruptions (release of greenhouse gases and aerosols).
- Solar radiation variations.
- Ocean currents and El Niño/La Niña phenomena.

**Human Causes**

- **Greenhouse Gas Emissions**: Carbon dioxide ($CO_2$), methane ($CH_4$), nitrous oxide ($N_2O$).
- **Deforestation**: Reduces carbon absorption by trees.
- **Industrial Activities**: Fossil fuel combustion, cement production.
- **Agriculture**: Methane from livestock and rice paddies.
- **Waste**: Landfills emit methane.

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506.

**3. Effects**

**Environmental**

- Rising global temperatures (global warming).
- Melting glaciers and polar ice caps → Sea level rise.
- Ocean acidification → Marine ecosystem threats.
- Increased frequency of extreme weather (storms, heatwaves, droughts).

**Economic**

- Damage to infrastructure due to extreme weather.
- Loss of agricultural productivity.
- Increased costs for disaster response and mitigation.

**Social**

- Health issues: Heat-related illnesses, respiratory diseases.
- Displacement: Climate refugees due to rising sea levels and disasters.
- Food and water scarcity.

**4. Evidence**

- **Temperature Records**: Increasing global average temperatures.
- **Glacial Retreat**: Melting ice in Greenland, Antarctica, and mountain ranges.
- **Ocean Heat Content**: Rising temperatures in ocean waters.

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506.

- **Extreme Weather Events**: More frequent and severe hurricanes, wildfires, and floods.

**5. Solutions**

**Mitigation**

- Transition to renewable energy sources (solar, wind, hydro).
- Energy efficiency improvements in buildings and transport.
- Reforestation and afforestation.
- Carbon capture and storage (CCS) technologies.

**Adaptation**

- Building resilient infrastructure.
- Implementing water conservation measures.

**Brief report about Climate Count down Episode-15**

Mrs.Sasikala, AP/ECE of JKKMCT delivered a speech plastic and global warming to the students.

**Introduction**

The report highlights the significant role of plastic pollution in exacerbating global warming. Plastic production, usage, and disposal contribute to greenhouse gas emissions, impacting ecosystems and accelerating climate change. The objective of this report is to create awareness about this issue and propose actionable solutions.

**Overview of the Problem**

1. **Plastic Production**: The production process of plastic relies heavily on fossil fuels, emitting large quantities of carbon dioxide and methane.
2. **Plastic Usage**: Single-use plastics dominate consumer markets, leading to excessive waste.
3. **Plastic Disposal**: Inadequate disposal methods, such as incineration and open burning, release toxic gases into the atmosphere, further contributing to global warming.

**Impact of Plastic on Global Warming**

1. **Greenhouse Gas Emissions**:
    - Plastic production accounts for approximately [percentage]% of global greenhouse gas emissions.
    - Decomposition of plastic in landfills emits methane, a potent greenhouse gas.

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506.

2. **Marine Ecosystems**:
    - Ocean plastics disrupt marine food chains and reduce the ocean's ability to absorb carbon dioxide.
    - Microplastics interfere with natural carbon sequestration processes in marine environments.
3. **Deforestation**:
    - Land cleared for plastic waste disposal reduces forest cover, a natural carbon sink.

**Awareness Initiatives**

1. **Educational Campaigns**:
    - Conducted workshops to inform communities about the link between plastic pollution and climate change.
    - Distributed pamphlets and created online resources outlining steps to reduce plastic usage.
2. **Community Engagement**:
    - Organized cleanup drives to remove plastic waste from local water bodies and public spaces.
    - Encouraged the use of alternatives like biodegradable materials and reusable products.
3. **Advocacy for Policy Changes**:
    - Advocated for bans on single-use plastics.
    - Promoted government incentives for companies adopting sustainable packaging solutions.

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506

**Proposed Solutions**

1. **Reduce**:
    - Minimize reliance on single-use plastics through awareness and availability of alternatives.
2. **Reuse**:
    - Promote products designed for multiple uses and support circular economy practices.
3. **Recycle**:
    - Enhance recycling infrastructure to ensure plastics are processed effectively and reused.
4. **Innovate**:
    - Invest in research for developing sustainable materials and biodegradable plastics.

**Impact Achieved**

- Engaged [number] participants in community activities and clean-up drives.
- Reduced [amount, e.g., kilograms] of plastic waste from local areas.
- Encouraged [percentage]% of participants to switch to sustainable alternatives in daily life.

**Challenges**

- Limited access to affordable alternatives to plastic.
- Resistance from industries reliant on plastic packaging.
- Inadequate recycling infrastructure in many regions.

## INSTITUTIONAL DISTINCTIVENESS

### Conclusion

Plastic pollution is a significant contributor to global warming. Addressing this issue requires collective efforts from governments, industries, and individuals. Reducing plastic usage and promoting sustainable practices are crucial steps toward mitigating climate change and preserving ecosystems.

### Recommendations

1. Enforce stricter regulations on plastic production and usage.
2. Launch large-scale public campaigns to encourage behavioral changes.
3. Invest in advanced recycling technologies and biodegradable material development.
4. Collaborate globally to address cross-border plastic pollution and its environmental impacts.

**INSTITUTIONAL DISTINCTIVENESS**

**Brief report about Climate Count down Episode-16**

**Definitions**

- **Renewable Energy**: Energy derived from natural processes that are replenished continuously, such as solar, wind, hydro, geothermal, and biomass.
- **Green Energy**: A subset of renewable energy that has minimal or zero environmental impact, focusing on sustainability and reducing carbon footprints.

**2. Types of Renewable Energy**

1. **Solar Energy**: Harvested from sunlight using solar panels.
2. **Wind Energy**: Generated using wind turbines in windy areas.
3. **Hydropower**: Produced by the movement of water in rivers or dams.
4. **Geothermal Energy**: Utilizes heat from beneath the Earth's surface.
5. **Biomass Energy**: Derived from organic materials like wood, agricultural waste, and biofuels.

**3. Key Characteristics**

- **Sustainability**: Derived from sources that are naturally replenished.
- **Low Greenhouse Gas Emissions**: Helps combat climate change by reducing $CO_2$ emissions.
- **Diverse Applications**: Can power homes, industries, and transportation.

Principal
J.K.K.Munirajah College of Technology
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506.

### 4. Advantages

- **Environmental Benefits**: Reduces air and water pollution.
- **Energy Security**: Reduces dependence on imported fossil fuels.
- **Economic Growth**: Creates jobs in technology development, manufacturing, and maintenance.
- **Scalability**: Can be implemented on both small and large scales.

### 5. Challenges

- **Intermittency**: Solar and wind energy depend on weather conditions.
- **High Initial Costs**: Infrastructure and technology investments can be expensive.
- **Land Use**: Some renewable energy projects require significant land.
- **Storage**: Efficient energy storage solutions (like batteries) are still being developed.

### 6. Differences Between Renewable and Green Energy

- **Renewable Energy**: Includes all sources that are replenished naturally (e.g., biomass, which can emit pollutants when burned).
- **Green Energy**: Focuses specifically on environmentally friendly methods (e.g., solar and wind).

### 7. Importance for the Future

- **Climate Change Mitigation**: Helps limit global temperature rise by reducing reliance on fossil fuels.
- **Energy Independence**: Provides local, renewable sources of energy for nations.
- **Sustainable Development**: Aligns with global goals for reducing environmental impact while supporting economic growth.

**Brief report about Climate Count down Episode-17**

**Introduction**

The **Climate Countdown Maths Quiz** was organized to combine environmental awareness with mathematical reasoning. The quiz aimed to enhance participants' understanding of climate change data through mathematical problem-solving, fostering analytical skills while highlighting environmental issues.

**Objectives**

1. Create awareness about climate change and its numerical impacts.
2. Encourage critical thinking and problem-solving using real-world environmental data.
3. Foster teamwork and collaboration among participants.

**Highlights of the Quiz**

1. **Engaging Questions**:
    - Calculating carbon footprints for various activities.
    - Estimating energy savings from using renewable sources.
    - Solving real-world problems related to deforestation and reforestation.
2. **Interactive Elements**:
    - Visual aids like graphs and charts to interpret climate data.
    - Live audience participation during the quiz rounds.

**Brief report about Climate Count down Episode-18**

**Introduction**

The **Climate Countdown Games** were designed as an engaging and interactive initiative to raise awareness about climate change and encourage actionable solutions among participants. This report provides an overview of the event, its objectives, activities, outcomes, and recommendations for future iterations.

**Objectives**

The main objectives of the Climate Countdown Games were:

1. To educate participants about the causes and impacts of climate change.
2. To foster collaboration and creativity in identifying sustainable solutions.
3. To motivate individuals and communities to take immediate climate action.
4. To create a platform for sharing ideas, knowledge, and best practices related to climate resilience.

**Key Outcomes**

1. **Awareness Raised:**
   Increased understanding of climate issues and actionable solutions among participants.
2. **Collaboration Fostered:**
   Encouraged teamwork and innovative thinking to address climate challenges.

### INSTITUTIONAL DISTINCTIVENESS

**Brief report about Climate Count down Episode-19**

Mr.Vadivel, HOD/MBA of JKKMCT delivered a speech about the awareness of using plastic bags and gave some important points to the students. The points are,

**Environmental Impact**

- Plastic bags are non-biodegradable and take hundreds of years to decompose, contributing significantly to pollution.
- They often end up in water bodies, harming marine life and ecosystems.

**Threat to Wildlife**

- Animals can mistake plastic bags for food, leading to ingestion, choking, or entanglement, which can be fatal.

**Health Hazards**

- Plastic bags can release toxic chemicals into the soil and water when improperly disposed of.
- Burning plastic bags produces harmful gases, contributing to air pollution and respiratory diseases.

**Contribution to Climate Change**

- The production and disposal of plastic bags release greenhouse gases, exacerbating global warming.

### INSTITUTIONAL DISTINCTIVENESS

**Waste Management Challenges**

- Plastic bags clog drainage systems, causing urban flooding.
- They add to the burden on landfills, taking up space and slowing down decomposition of organic waste.

**Economic Costs**

- Cleaning up plastic bag pollution is expensive for governments and municipalities.
- Agricultural damage occurs when plastic bags block soil aeration and water absorption.

**Alternatives to Plastic Bags**

- Reusable bags made of cloth, jute, or other sustainable materials are eco-friendly options.
- Compostable and biodegradable bags are better substitutes for single-use plastics.

**Legislation and Policies**

- Many countries and cities have banned or restricted the use of plastic bags.
- Encouraging eco-conscious behaviour through incentives for reusable bag usage.

**Individual Responsibility**

- Reduce: Avoid single-use plastic bags by carrying reusable alternatives.
- Reuse: Repurpose existing plastic bags for multiple uses.
- Recycle: Properly dispose of plastic bags in recycling bins or facilities.

**Educational Campaigns**

- Raising awareness through schools, communities, and media about the adverse effects of plastic bags.
- Promoting behaviour change by highlighting the benefits of reducing plastic bag usage.

**Brief report about Climate Count down Episode-20**

Mr.Vadivel, HOD/MBA of JKKMCT delivered a speech about the awareness and gave some important points to the students. The points are,

Communicating on climate change is about educating and mobilizing audiences to take action to confront the climate crisis. Everyone can play a part by raising their voice, sharing solutions, and advocating for change – shaped by different experiences, cultural contexts, and underlying values.

Global Warming refers to the Earth's warming, i.e. rise in the Earth's surface temperature. A variety of human activities, such as industrial pollution and the burning of fossil fuels, are responsible for this temperature rise. These operations emit gases that cause the greenhouse effect and, subsequently, global warming. Climate change, starvation, droughts, depletion of biodiversity, etc. are some of the most important consequences of global warming.

Breaking down the science behind climate change is complex, but the right messengers can get the audience engaged. As an established content creator, you may already be a trusted messenger for your audience. If you bring in other messengers, consider respected scientists (whose articles refer to peer-reviewed scientific journals or studies conducted by reputable research institutions or universities), weather presenters, and medical doctors, all of which are widely trusted. Often the most impactful climate communications also come from "people like me" who are affected and care.

INSTITUTIONAL DISTINCTIVENESS

### 1. Concurrence of Students in our JKKM Community Radio Station 89.6 MHz

## Introduction

Radio is the most effective and easily accessible medium of information even in the era of modern technology. Telecommunications advancements have opened up new opportunities for education, information seeking, awareness, entertainment and has given a new life to radio. FM radio is still a popular means of communication among youth. About 68% of the population of Pakistan is youth who are considered as less than 30 years of age. The youth in Pakistan is using FM radio more than any other members of the society (Planning Commission, 2011). The definition of youth is different from country to country; however, the UN has a general definition of youth as those persons who are between 15 and 24 years.

The key is not to think of a campus radio station as a means of replacing other communication tools, but rather as a medium that compliments them. It can be used to establish a creative hub within your university allowing students to express themselves and build their confidence.

Bringing students together and giving them a voice is important in creating a college identity that can then be promoted to potential new students. A fully-functioning radio station can help create a deeper connection with the local community creating an appreciation of community issues. This can help students get involved with local businesses and charities and really make an impact outside of college life.

### SUMMARY

- Support the development and distribution of high-quality, non-commercial content and services with particular attention to the needs and focuses on issues concerning environment, Agriculture, social relevance, health care, self-motivation, personality development, career guidance, School education, and folk music
- Provide parents, caregivers, teachers and students with diverse high-quality educational content and services that advance learning in all settings. Support efforts to build education partnerships at local and state levels.
- In the morning session we conduct nearly sixteen programs, which was helpful to our students & rural peoples.
- In the evening session we conduct nearly fifteen programs which really helpful to our students for their stress relieve.
- Raising awareness and thereby understanding of the effects of climate change on health will facilitate both behavioural change and societal support for the actions needed to reduce greenhouse gas emissions.
- We are recording many of the school student's voice to identify the talent.
- Our students are eagerly participating many events in our FM station.
- We give Exam tips & health tips to the students.

## INTERNATIONAL DAY FOR THE ELIMINATION OF VIOLENCE AGAINST WOMEN

Education is the key for women to achieve economic independence. Although women in the majority of countries have the right to an education, equal access to education for women remains a problem.

In developing and developed countries alike, millions women do not finish school because they are forced (by their society, by their circumstances or by the threat of violence) to focus on household, care giving and child-rearing responsibilities.

Ultimately, success is all about taking your shot, over and over again. Sometimes you may win, sometimes you will definitely lose, but the more things you try, the more chances you have of succeeding. Put the power of numbers on your side. Take as many shots as you can. There's no guarantee of success, but when you don't take a shot, there's a definite guarantee of failure.

Violence against women and girls takes many different forms, including domestic violence, sexual assault and harassment, child, early and forced marriage, sex trafficking, so called 'honor' crimes and female genital mutilation. It is rooted in the gender inequality that women face throughout their lives from childhood through to old age.

The programme was organized by Women Empowerment Cell on 14.09.23 from 10.00 Am to 12.30 pm, the chief guest Thirumathi.Nagavalli Nagarajan, Motivational Speaker, gave motivational speech for students to protect themselves against violence in our society. It was highly useful and energetic for students.

## PRESIDENTIAL ADDRESS

With warm greetings, our Respectable principal Dr.K.SRIDHARAN started his presidential address.

"It is both an honor and a privilege to address you today on this motivational event. As we embark on this journey of learning and growth, it is essential to remember that success is not just about reaching a destination, but about the perseverance, passion, and resilience we display along the way.

This event is designed to inspire you, to ignite that inner drive which propels you to pursue excellence, overcome challenges, and embrace opportunities. Each one of you has immense potential. It is your hard work, dedication, and commitment to your goals that will shape your future.

Remember, setbacks are not failures but lessons in disguise. They help us grow, refine our abilities, and achieve even greater heights. Surround yourselves with positivity, remain focused, and always believe in your dreams.

**"Success is not final, failure is not fatal: It is the courage to continue that counts." – Winston Churchill**. Let us all leave here today with a renewed sense of purpose and the motivation to turn our dreams into reality, he concluded.

## WELCOME ADDRESS

It's a pleasure to welcome our students, esteemed guests, and fellow staff to this motivational event. As we gather today, remember: **"The future belongs to those who believe in the beauty of their dreams." – Eleanor Roosevelt.**

With the warm guidance & support from our management & All department HoD's& Lecturers & disciples, we made this day a memorable one. Let this event inspire you to overcome any obstacles and pursue your goals with determination.

Together, let's create an atmosphere of growth, positivity, and inspiration.Thank you, and I wish you all an enriching experience today. With this wordings Ar.A.CAYALVIZHI (AP/B.ARCH) WEC I/C, welcomed the gathering.

## CHIEF GUEST SPEECH

Mrs.NAGAVALLI welcomed the gathering & addressed her experience as an motivational speaker. She shares about the importance of self-confidence. She mentioned that believing in oneself is crucial to achieving greatness. Students should trust their abilities and not be afraid to take risks.

She highlighted the significance of acknowledging and celebrating every achievement, whether big or small. She emphasized that each success contributes to shaping a student's future and adds to their growth. She stressed that in today's fast-paced world, learning should never stop. She encouraged students to continuously upskill themselves, explore new opportunities, and stay adaptable to changes in their respective fields.

An essential part of the speech was focused on facing and overcoming obstacles. The speaker reminded students that setbacks are a part of life and encouraged them to see challenges as opportunities for growth.She emphasized the transformative power of education and its ability to equip students with the necessary tools to achieve both personal and professional success.

She concluded the speech with a call to action for students to take ownership of their journey, stay committed to their goals, and keep striving for excellence. The speaker's words left a lasting impact, encouraging students to continuously upgrade their skills and pursue their dreams with determination and courage.

The disciples responded enthusiastically, with many students expressing gratitude for the motivation shared during the speech. Several students came forward to ask questions and seek guidance from the speaker, making it a highly interactive session.

## VOTE OF THANKS

The vote of thanks was done by our JKKMCT faculty member Ms.S.Haripriya AP/MBA, she thanked the speaker for her passionate speech & students for their patience towards this event. She extended her thanks to the management, AV settings & other JKKMCT members.

## SUMMARY

The motivational speech titled *"NEE OYINTHIRUKALAKATHU"* evokes the disciples & gatherings speaker emphasized the importance of acknowledging personal achievements, continuous learning, and upskilling to stay relevant in today's ever-changing world. She highlighted the significance of overcoming challenges, building self-confidence, and utilizing education as a tool for transformation.

A central theme of the speech was the idea of continuous learning and upgradation. [Speaker's Name] stressed that in a rapidly evolving world, it is essential for students to keep learning and upskilling themselves to remain competitive and relevant. She urged them to seize every opportunity for growth, whether through academic challenges, internships, or extracurricular activities.

It highlighted the inevitable obstacles students would face throughout their journey. Rather than seeing setbacks as failures, she encouraged students to view them as valuable lessons that offer growth and improvement. She shared personal anecdotes of overcoming challenges, demonstrating that persistence and a positive mindset can turn any difficulty into a stepping stone for success.

The speech concluded with an inspiring call to action, urging students to take ownership of their journeys, stay committed to their goals, and continuously strive for excellence.

The event was well-received, with students expressing their gratitude for the encouragement provided. The session also saw lively interactions, as many students approached the speaker for further guidance, making it an engaging and enriching experience for all.

## STUDENT FEEDBACK

The motivational speech was truly inspiring. I loved how the speaker emphasized the importance of celebrating every small achievement and how setbacks should be seen as opportunities to learn, says **2nd year student of ECE Departmentstudent..**

It gave me a renewed sense of purpose and motivation to keep pushing forward in my studies and personal goals, conveys a **3rd year student of Civil Departmentstudent.**

The speaker's focus on building self-confidence really resonated with me. I often doubt my abilities, but her message reminded me that belief in oneself is key to success, says **4th year student of CSE Department student.**

I feel more empowered and ready to take on challenges with confidence now, says **1st year S & H Departmentstudent.**

Her perspective on challenges being stepping stones for growth was eye-opening. Instead of feeling discouraged by failures, I now understand that they are part of the process, says **2nd year IT Department student.**

I'm more determined than ever to continue working hard and embracing any obstacles that come my way.It was one of the most motivational speeches I've heard in a long time, **3rdyear Mechanical Department student**.

## INTERNATIONAL WOMEN'S DAY CELEBRATION 2024

International Women's Day is celebrated annually on March 8th. It's a day dedicated to honoring the social, economic, cultural, and political achievements of women around the world. It's also a time to raise awareness about the ongoing fight for gender equality and women's rights. **"Empowering women isn't about handing them strength; it's about igniting the fire within them to blaze their own trails."** When we empower women, we unlock their potential to contribute to society in meaningful ways. By providing women with equal opportunities, we not only uplift individual lives but also uplift entire communities and nations.International Women's Day serves as a reminder of the importance of gender equality and the continued need for collective action to create a world where all women and girls can thrive and fulfill their potential.

**International** Women's Day (IWD) is celebrated annually on March 8th. It's a global day that honors the social, economic, cultural, and political achievements of women. It also serves as a call to action for accelerating gender parity. On International Women's Day, various events take place around the world, including rallies, conferences, art exhibitions, panel discussions, and more. These events often focus on issues such as gender equality, women's rights, women's empowerment, and the challenges that women continue to face globally.

Each year, International Women's Day adopts a theme that reflects current issues and priorities related to gender equality. Past themes have included "Equality for Women is Progress for All," and "Make it Happen," among others. In addition to organized events, many individuals and organizations use International Women's Day as an opportunity to advocate for change, raise awareness about gender inequality, celebrate the achievements of women, and promote gender-inclusive initiatives.

This understanding has influenced the way International Women's Day is observed, with increased emphasis on inclusivity and amplifying the voices of marginalized women. This International Women's Day serves as a reminder of the ongoing work needed to achieve gender equality and a more just and equitable world for all genders.

## PRAYER SONG & LIGHTING OF KUTHUVILAKU

As the flame flickers to life, it casts a warm glow, symbolizing hope, prosperity, and spiritual awakening. Family members often join in chanting prayers or singing hymns, fostering a sense of unity and reverence. The gentle glow of the Kuthuvilaku serves as a beacon of positivity and harmony, illuminating not just the physical space but also the hearts and minds of those present. It is a timeless tradition that celebrates the sacred bond of family, the richness of culture, and the eternal light of spirituality.

## HONOURING THE DIGNITARY WITH SHAWL AND GIFTS

Prayer is the spiritual communication of worship where we talk to god& also listen to them. Whether we realize it or not, prayer is the encounter of God's thirst with ours. The purposes of prayers are adoration, thanksgiving, repentance, and petition. It also a way of relating to god, to ourselves, to those around us. It serves as a bridge between the earthly and the divine, offering comfort, guidance, and spiritual nourishment to those who engage in it.

## PRESEDINTAL ADDRESS

**"To Inspire You, Involve You and Induce You" – by JKK MUNIRAJAH AYYA**

**"A really strong woman accepts the war she went through and is ennobled by her scars."** As per these quotes our beloved Secretary mam Mrs. KATHURIPRIYA KIRUPAKAR MURALI, addressed the gathering as "We gather to celebrate Women's Empowerment, let us reflect on the profound wisdom shared by some remarkable women throughout history.

We presented an AV for our secretary madam, holds her achievements, efforts & honors , how she handles both profession & family & she expresses her happiness to it.

As we continue to advocate for gender equality, let us draw inspiration from these words and work tirelessly to create a world where every woman has the opportunity to reach her full potential, she concluded.

## CHIEF GUEST SPEECH

The chief guest commenced the speech by acknowledging the significance of International Women's Day and the importance of celebrating the achievements and contributions of women worldwide. They emphasized that the event was not only a day of recognition but also an opportunity for reflection and inspiration. The chief guest directly addressed the college's female students, highlighting their inherent strength, resilience, and brilliance. They encouraged the students to recognize their limitless potential and to reject societal expectations or limitations placed upon them by others.

Our chief guest emphasized that the worth of each individual woman is inherent simply because she exists, irrespective of external factors. Throughout the speech, the speaker emphasized the importance of perseverance in the face of obstacles and setbacks. They urged the students to view challenges as opportunities for growth and to remain steadfast in their pursuit of success. Additionally, the speaker emphasized the power of sisterhood among women, encouraging students to support and uplift one another in their endeavors.

Overall, the event served as a celebration of the incredible achievements of women and a call to action for the young women of JKKMCT to unleash their greatness in the world.

## VOTE OF THANKS

**Photos of vote of thanks by Mrs. S. Poornima at the Seminar Hall**

I stand before you today with a heart filled with gratitude and admiration as we come to the conclusion of our Women Empowerment Program. On behalf of JKKMCT, I extend my heartfelt thanks to each and every one of you who has contributed to the success of this event. First and foremost, I would like to express my deepest appreciation to our esteemed guests who have graced us with their presence and shared their invaluable insights on women empowerment. A special word of gratitude goes to our dedicated faculty members who have worked tirelessly behind the scenes to organize and execute this program flawlessly. Your participation and engagement have been truly inspiring, and I have no doubt that you will continue to champion the cause of women empowerment in your lives and communities.

## STUDENTS FEEDBACK

Student-led Women's Day celebrations can empower young women by providing them with opportunities to lead, organize, and participate in events that celebrate their achievements and contributions. It also raises awareness among all students about gender equality issues, helping to foster a more inclusive and equitable school environment, says Final year Civil student.

These celebrations can serve as educational platforms, allowing students to learn about the history of women's rights movements, the accomplishments of women throughout history, and the ongoing challenges women face globally, conveys First year student of AIDS.

This educational aspect helps cultivate empathy, understanding, and a sense of social responsibility among students.This fosters collaboration and solidarity, demonstrating that efforts to promote gender equality require collective action and support says 3rd year CSE Student

## ABOUT THE EVENT

It's also a time to raise awareness about the ongoing fight for gender equality and women's rights. **"Empowering women isn't about handing them strength; it's about igniting the fire within them to blaze their own trails."** When we empower women, we unlock their potential to contribute to society in meaningful ways. By providing women with equal opportunities, we not only uplift individual lives but also uplift entire communities and nations. In purpose ensuring our safety & protocols today we are here with our special guest from the Department of Police.

## PRAYER SONG &LIGHTING OF KUTHUVILAKU

As the flame flickers to life, it casts a warm glow, symbolizing hope, prosperity, and spiritual awakening. Family members often join in chanting prayers or singing hymns, fostering a sense of unity and reverence.

The gentle glow of the Kuthuvilaku serves as a beacon of positivity and harmony, illuminating not just the physical space but also the hearts and minds of those present. It is a timeless tradition that celebrates the sacred bond of family, the richness of culture, and the eternal light of spirituality.

## WELCOME ADDRESS

**"Always keep learning and don't stop being curious."**

**"Do everything that you are interested in, it is never too late to start."**

**'Be there for your loved ones, as without their presence many things would be different in your life."**

It is a true honor to welcome you to this important gathering, where we unite under the shared mission of Empowering Safety and Ensuring Dignity.

As we come together, let us reflect on the words of renowned civil rights leader, **Mahatma Gandhi**, who once said, "The best way to find yourself is to lose yourself in the service of others." It is through our collective efforts to serve and protect each other that we build a world where safety and dignity are not just ideals, but tangible realities for all.

With warm gratitude our WECI/C Mrs .V. MOHANAPRIYA .M.E.,(HOD / CIVIL) welcomed the dignitaries & students, staff members, in her welcome address.

## PRESIDENTIAL ADDRESS

"The best way to find yourself is to lose yourself in the service of others." It is through our collective efforts to serve and protect each other that we build a world where safety and dignity are not just ideals, but tangible realities for all.

As per these quotes our beloved Secretary mam **Mrs.KATHURIPRIYA KIRUPAKAR MURALI.,** addressed the gathering as,We are gathered here today because we believe in the transformative power of safety and dignity for all individuals, regardless of their background, identity, or circumstances.

**"Safety and security don't just happen; they are the result of collective consensus and public investment."** Our efforts today are a vital part of that collective action—where we come together to ensure that no one is left behind in our pursuit of a safer, more dignified world.

## WELCOMING HONOURING THE DIGNITARY WITH SHAWL

Prayer is the spiritual communication of worship where we talk to god& also listen to them. Whether we realize it or not, prayer is the encounter of God's thirst with ours. The purpose of prayers are adoration, thanksgiving, repentance, petition. It also a way of relating to god, to ourselves, to those around us.

**Photo of dignitaries honoured with shawl and momento by the WEC I/C of JKKMCT at the venue.**

This event brings together people from all walks of life—activists, leaders, experts, and advocates—who are working tirelessly to turn these ideals into action. As we move forward, I encourage each of us to embrace the words of **Eleanor Roosevelt**, who said, **"It is better to light a candle than curse the darkness."** Let us be the light that shines on the path toward lasting change, where every individual feels both safe and respected.

## CHIEF GUEST SPEECH

**Empowering Safety: A Right for All**

Safety is a universal human need, yet for too many, it remains an aspiration rather than a reality. Safety is not merely the absence of physical danger but also the freedom from psychological harm, discrimination, and fear. It encompasses the protection of personal rights, the assurance of physical security, and the right to live free from harassment, violence, or exploitation. The complexity of these challenges demands a multi-dimensional approach.As we gather here today, we must recognize that *empowering safety* is not a solitary endeavor. It requires collective action from all sectors of society—government, civil society, corporations, and individuals.

### Key Legal Frameworks that discussed:

**POCSO Act (Protection of Children from Sexual Offenses Act)**:**Definition**: The POCSO Act addresses sexual offenses against children, including rape, sexual assault, and harassment. It defines a child as anyone under the age of 18.Imprisonment for up to 7 years and fines are prescribed for offenders.

**Nirbhaya Fund**: Victims of POCSO offenses can access support through the Nirbhaya Fund, which provides financial aid for the rehabilitation and support of victims of sexual violence.

**Child Marriage Act**:prohibits the marriage of children (below 18 years for girls and 21 for boys), recognizing such marriages as invalid and punishable under the law.Any sexual activity involving a child, even within the context of child marriage, is considered rape under the POCSO Act.

Principal
J.K.K.Munirajah College of Technolog
(Autonomous)
T.N.Palayam, Gobi (Tk),
Erode (Dt) - 638 506

The Child Helpline **(1098)** is a 24/7 national helpline dedicated to supporting children in distress. It provides immediate assistance to children who are in need of care and protection, such as victims of abuse, neglect, or exploitation..

**Women's Helpline – 181**provides support to women in distress, including cases of domestic violence, abuse, family issues, and other crises. It serves as a crucial point of contact for women facing abuse in any form.

**Cyber Crime Cell – 1930**is responsible for tracking and investigating cyber-related crimes, including online exploitation, fraud, and abuse. The Child Labor Act prohibits the employment of children in hazardous and exploitative work conditions.

**Instagram & Social Media Updates**:

Caution is advised when using social media platforms like Instagram. The spread of false or harmful information, as well as social media frauds, can cause emotional and psychological harm. Always stay informed and cautious about updates related to child and women's safety on these platforms.

**Kavalan SOS App**:

The Kavalan SOS app is a vital tool for individuals, particularly women and children, in distress situations. By sending an SOS alert, users can notify authorities, friends, and family for immediate help. Raising awareness about this app is crucial to ensuring that people are equipped with emergency response resources at their fingertips.

**A Shared Responsibility**

Both safety and dignity are essential for the flourishing of individuals and communities. They are fundamental human rights that must be protected and promoted by all of us, whether we are working within institutions, advocating for change, or living our daily lives. As **Mahatma Gandhi** wisely said, *"You must be the change you wish to see in the world."* This quote encapsulates the spirit of what we are here to accomplish today: a collective commitment to be the change-makers, to create environments where safety is guaranteed and dignity is upheld for all people.

## VOTE OF THANKS

I stand before you today with a heart filled with gratitude and admiration as we come to the conclusion of our Women Empowerment Program. On behalf of JKKMCT, I extend my heartfelt thanks to each and every one of you who has contributed to the success of this event.

First and foremost, I would like to express my deepest appreciation to our esteemed guests who have graced us with their presence and shared their invaluable insights on women empowerment. A special word of gratitude goes to our dedicated faculty members who have worked tirelessly behind the scenes to organize and execute this program flawlessly. Your commitment to promoting gender equality and empowering our students is commendable, and it is evident in the impact of today's event and Any Act of Wrongful Confinement, Kidnapping, molesting or committing unnatural offences, use of criminal forces, trespass or intimidation (BOSCO). Last but certainly not least, I extend my heartfelt appreciation to our students, whose enthusiasm, talent, and passion have been the driving force behind this event. Your participation and engagement have been truly inspiring, and I have no doubt that you will continue to champion the cause of women empowerment in your lives and communities.

## SUMMARY

The speech titled " Empowering Safety and Ensuring Dignity" highlighted the Empowering safety and ensuring dignity means creating environments where individuals are free from harm, treated with respect, and their inherent worth is upheld, fostering equality, justice, and human rights for all. . The speaker discussed various initiatives and programs aimed at When safety is guaranteed, individuals can live without fear, pursue their goals, and contribute meaningfully to their communities. Similarly, ensuring dignity means recognizing the intrinsic worth of every person, regardless of their background or circumstances. It means upholding human rights, promoting equality, and creating environments where respect is fundamental. By prioritizing both safety and dignity, we foster a culture of empathy, justice, and inclusion. Together, we have the power to build a world where everyone is treated with respect, feels secure, and can live to their fullest potential.

## STUDENTS FEEDBACK

"The awareness campaigns about ragging helped me understand the seriousness of the issue. I feel more confident in reporting any incident.." – Says 3RD year CSE student.

"It's good to know that there's a dedicated anti-ragging helpline that's easy to access. It shows the institution cares about our well-being." – Conveyed by educator S&H Department.

"It would be helpful to have more visible counselors or support staff in common areas so that students feel more comfortable reaching out for help." – Conveyed by final year student of civil department.

"The overall campus environment feels very safe and welcoming. The focus is clearly on mutual respect and personal growth." – Says ECE department educator.

"The speech on "AN AWARENESS PROGRAM FOR CHILD AND WOMEN'SSAFETY" Safety is a fundamental right. It's important for children and women to understand that they deserve to live free from fear and harm" – Second year IT student conveyed.

## ENTREPRENEURSHIP DEVELOPMENT CELL

### INTRODUCTION

### *Concept of Entrepreneurship*

Entrepreneurship is the process of starting and managing a business to create economic value, often by introducing new products or services:

- **Creating value**

  Entrepreneurship involves creating new ways to combine resources to generate more value than the resources could create individually.

- **Risk-taking**

  Entrepreneurship involves taking on personal and financial risk.

- **Innovation**

  Entrepreneurship involves innovation, identifying opportunities, and solving problems.

- **Economic growth**

  Entrepreneurship drives economic growth by creating jobs, solving problems, and introducing new products or services.

- **Start-ups**

  Entrepreneurship is often organized through the formation of a start-up company. Start-ups are temporary and aspire to grow substantially.

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506.
GOBI (Tk), ERODE (Dt).

Entrepreneurs are people who start and run businesses. They organize, manage, and assume the risks of the business.

Aspiring entrepreneurs can develop a diverse skill set and consume a variety of information and knowledge to build their business.

ED-cell is about influencing young persons to lead our world economy for better future. In view of the worldwide shortage of jobs (both government and private sectors) leading to unemployment problems and lack of proper utilization of human resources the cell strives to identify talented youth to entrepreneurial works. The cell plans to organize various programes regarding entrepreneurship development

**Entrepreneurship** is classified into the following types:

**Small Business Entrepreneurship-**

These businesses are a hairdresser, grocery store, travel agent, consultant, carpenter, plumber, electrician, etc. These people run or own their own business and hire family members or local employee. For them, the profit would be able to feed their family and not making 100 million business or taking over an industry. They fund their business by taking small business loans or loans from friends and family.

**Scalable Startup Entrepreneurship-**

This start-up entrepreneur starts a business knowing that their vision can change the world. They attract investors who think and encourage people who think out of the box. The research focuses on a scalable business and experimental models, so, they hire the best and the brightest employees. They require more venture capital to fuel and back their project or business.

**Large Company Entrepreneurship-**

These huge companies have defined life-cycle. Most of these companies grow and sustain by offering new and innovative products that revolve around their main products. The change in technology, customer preferences, new competition, etc., build pressure for large companies to

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506.
GOBI (Tk), ERODE (Dt).

create an innovative product and sell it to the new set of customers in the new market. To cope with the rapid technological changes, the existing organizations either buy innovation enterprises or attempt to construct the product internally.

**Social Entrepreneurship-**

This type of entrepreneurship focuses on producing product and services that resolve social needs and problems. Their only motto and goal is to work for society and not make any profits.

## OBJECTIVES OF THE ENTREPRENEURSHIP CELL

(a) To create awareness among the students of the Institution regarding entrepreneurship as a career option.

(b) Provide advisory guidance services to the first time Entrepreneurs

(c) To develop entrepreneurship related course curriculum can learn important business skills like leadership, time management, financial planning, negotiation, research, etc.

## ENTREPRENEURSHIP DEVELOPMENT CELL

## MINUTES OF MEETING

Minutes of Meeting for Research and Development Cell held on 0 2.09.2023 at 10.00 am in seminar Hall. The following members were attended the meeting.

The Coordinator welcomed all the members and presented the agenda. The points of the agenda were discussed and resolution were made below.

- Discussed about the Functions Research and Development Cell.
- Discussed about the scope of Research and Development Cell.
- To arrange seminars and workshops in related topics of Research and Development for benefit of students
- Schedule the workshop, seminar and training for the academic year 2022-2023
- To discuss about industrial visits, in plant training .

## ENTREPRENEURSHIP DEVELOPMENT CELL

| | |
|---|---|
| Organizer | MBA Department |
| EVENT | Seminar |
| Title | **Importance of Entrepreneurship** |
| Date | **19/10/2023** |
| No of participants | 81 |
| Venue | Seminar Hall JKKMCT |
| Speaker | Mr.G.Subramaniam,<br>Managing Director/Head,<br>Pragati Hi-Tech Circuits Pvt. Ltd.,<br>Chinnavedampatti, Coimbatore - 641006.<br>CELL : +91 98430 32679 |

**Report of the event :**

The resource person Mr.G.Subramaniam,, M.E., starts his Seminar at 10 AM. He generally starts his speech about present scenario of Entrepreneur. He explains various **Importance of Entrepreneurship** to be followed to become an entrepreneur. He gives some reference and key notes to students in the following topics to follow.

***Importance of Entrepreneurship:***

To understand the importance of entrepreneurship, recognizing what an entrepreneur does is necessary. The term itself comes from the French 'entreprendre', which means 'to undertake.' An entrepreneur is someone who undertakes or plans for all the risks and responsibilities that come with the formation of a new business to earn profits.

Entrepreneurship is important because it has the following benefits:

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506.
GOBI (Tk), ERODE (Dt).

Creation of job opportunities

Entrepreneurs start new firms, which may mean more job prospects for individuals. People who start a new business typically have the opportunity of working for themselves and support other businesses while expanding their own. Entrepreneurs can both earn cash for themselves and employ others in their business activities. As a result, entrepreneurship usually creates new jobs at every level.

**Creation of new businesses**

Entrepreneurship is essentially the ownership of a business by a single person. The entrepreneurs can run the vast majority of these enterprises entirely by themselves. They assemble and coordinate their operational processes that support other business ventures. It is a sector in which a person might start a business idea that could grow into a large corporation. All big industrial organisations usually begin as small business initiatives. In every economy, entrepreneurship typically offers a diverse range of initiatives that lead to the creation of new businesses.

**Innovation**

Entrepreneurship is the ability to innovate, whether in an established company, a government agency or a new business. It is the process that either generates new wealth-producing resources or enhances the potential of existing resources to create more revenue. It creates new product lines and improves product quality, ideas, technologies and markets and usually makes life easier for both the entrepreneurs and the consumers.

**Leads to better standards of living**

'Standard of living' is a term or theory which involves higher consumption of a variety of products and services over a period. It usually depends on the items found in the market. Entrepreneurship, by its innovative nature, can create a wide range of commodities in different areas. An entrepreneur can develop products and services to suit customer demands, even if they cater to a comparatively smaller market. They can meet even the most specific needs. Since

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506.
GOBI (Tk), ERODE (Dt).

entrepreneurship usually creates new jobs and generates income for a family, entrepreneurship can help improve your standard of living.

**Supports research and development**

Before introducing a new product or service in the market, an in-depth investigation and testing of the product is typically necessary. As a result, an entrepreneur works with research organisations and institutions and provides funding for research and development. This often helps boost research and development, which may make discoveries possible.

**Promotes community development**

Entrepreneurs can help bring unity and build goodwill among individuals who have common goals and interests. Entrepreneurs may also help finance charities. Their goods and services often lead to the social and economic well-being of communities. This usually brings positive changes like fewer slums, better sanitation, a skilled workforce and better infrastructure. Entrepreneurship generally promotes community stability and improves the quality of life.

**Leads to increased productivity**

Entrepreneurs can make current businesses more competitive by offering lower pricing and a wider range of products. Existing firms may rethink their strategies, increase the quality of their products, lower expenses and become more efficient. This competitiveness often encourages businesses and individuals to seek new solutions to enhance their services and, therefore, offers more value for the customer's money. Thus, entrepreneurship may help established companies in the market boost their productivity and performance.

**Creation of national wealth**

Entrepreneurship usually plays a key part in contributing to the country's national economy by generating wealth and paying taxes, which generally adds to a country's gross domestic product (GDP). Entrepreneurs not only invest their own money, but they also draw money from the

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506.
GOBI (Tk), ERODE (Dt).

market. They take advantage of these resources to develop unique products or services and open up new markets, which in turn leads to economic growth. This increase in revenue can significantly improve the national income of a country.

**Contributes to social welfare**

Entrepreneurship also brings about social integration and reforms by connecting and helping people. It helps provide income to poor and marginalised sections of the society and allows them to fulfil their basic needs. By being inclusive of all people regardless of their differences, entrepreneurship can often create a sense of connectedness.

## Skills And Duties Of An Entrepreneur

Here are some skills and duties of an entrepreneur:

**Optimum utilisation of resources**: To ensure the maximisation of profits, an entrepreneur may optimally use their resources available, be it human resources, capital, or raw materials.

**Ability to take risks**: Entrepreneurship is the ability and willingness to take risks in creating new services and items if necessary.

Creation of goals: An entrepreneur usually sets objectives to fulfil and is clear in their vision.

**Leadership quality:** To fulfil their objectives and manage different tasks, possessing leadership qualities is necessary.

**Open-mindedness:** An entrepreneur typically welcomes new ideas and adapts to situations to reach their potential.

**Knowledge of product**: An entrepreneur often knows every aspect of the product they are trying to sell.

**Problem-solving skills**: An entrepreneur may have to work in a fast-paced environment and handle situations that require quick thinking and problem-solving skills

PRINCIPAL
JKK MUNIRAJAH COLLEGE
OF TECHNOLOGY
T.N. PALAYAM (Po)-638 506,
GOBI (Tk), ERODE (Dt).

- **Supports research and development-**

  New products and services need to be researched and tested before launching in the market. Therefore, an entrepreneur also dispenses finance for research and development with research institutions and universities. This promotes research, general construction, and development in the economy.

Mr G. Subramaiam also gave some important steps to become a successful entrepreneur. Use the following 10 steps as your personal checklist for success. Find a business idea

1. Get to know your target audience
2. Test your idea
3. Use a business plan template
4. Create a website
5. Hire great partner(s)
6. Build your network
7. Plan your finances
8. Develop a strong brand
9. Create value in your market

Er.G.Subramaniyam, Managing Director/ Head is the authorized person who has 25 years' experience in PCB designing and manufacturing process provides all necessary training and workshops to the students.

Now Mr.G.Subramaniam, B.E., is running his PCB manufacturing industry.. He is successfully conducted Workshops and seminars for various Engineering college students. Pragati Hi Tech Circuits was established in 1997. It is located at Site No.6 Ayyappa Nagar, Lakshmipuram, Chinnavedampatti – 641 006, Coimbatore district, Tamilnadu, India.

Pragati Hi Tech Circuits is a Printed Circuit Board (PCB) design and manufacturing company. It has well established Printed Circuit Board design laboratory with latest designing software. Pragati Hi-tech circuit is manufacturing single and double layer PCB's with different grade Martials as per customer specifications. Pragati Hi Tech Circuits also provides technical workshops, Hands on training programs and In plant training programs in PCB designing and manufacturing PSB's.

Pragati Hi Tech Circuits makes the students to learn with their own interest through their technical teaching.

## SC/ST COMMITTEE

### ( CASTE BASED DISCRIMINATION MONITORING COMMITTEE )

The Scheduled Caste (SC) and Scheduled Tribes (ST) committee in the institute promotes the special interests of students in the reserved category and guides the students to utilize the benefits of the schemes offered by the Government. The SC/ST committee in JKK Munirajah College of Technology adheres to the guidelines of the UGC and state government with respect to the upliftment of the students and employees belonging to the SC/ST categories and other weaker classes. They are also encouraged to enroll for career orientation programs, which would equip them with the necessary skills to choose a career option.

**Objectives:-**

1. To provide special inputs in areas where the students experience difficulties.

2. To organize interactive sessions and informal meetings with students to address their personal, social and academic problems.

3. To conduct / co-ordinate training programs for students in life skills and personality development to help in their placement

4. To review follow up measures taken to achieve the objectives and targets laid down by the Govt. of India and the UGC.

5. To circulate State Govt. and UGC's decisions about different scholarship programs.

6. To communicate with the students and motivate them for better future planning.

7. To facilitate SC/ST students to avail the Scholarships offered by the Government.

8. To conduct remedial coaching classes for the students (priority to SC/ST) for their academic improvement.

GOBI (Tk), ERODE (Dt).

9. To constitute "Caste Based Discrimination Monitoring Committee" to execute the functions and achieve the objectives of the SC/ST Cell

The SC/ST cell in JKK Munirajah College of Technology adheres to the guidelines of the UGC and state government with respect to the upliftment of the students and employees belonging to the SC/ST categories and other weaker classes. The Coordinators of **SC/ST** Cell ( **Caste Based Discrimination Monitoring Committee** ) work diligently to create a development among the SC / ST students of JKKMCT. The list of the staff Coordinators are mentioned below:

**COMMITTEE MEMBERS OF SC/ST CELL**
