- Having an inquiring mind
- Carry the ability to work well as a team
- Maintain discipline
- Have interpersonal skills
- Have technical skills
- Possess communication skills
- Possess problem solving skills
- Possess analytical skills
- Self-reliant

For a faster all round development of a student, there is a need of striking a balance between syllabus curriculum, books and co-curricular activities. Co-curricular activities give the students an opportunity to develop particular skills and exhibit their nonacademic abilities. There are various types of extracurricular activities conducted in the college, which offer students, an opportunity to work with others and to gain essential life skills. Our College organizes various social service related activities such as N.S.S., tree plantation, cleanliness drives, and leadership development activity and so on. Through functions with reference to planning programs related to student interests, providing forums for students, issue discussions and helping to build and sustain a successful campus environment. Through all these extracurricular activities, students develop skills related to their career path and success in future jobs. Students have opportunities to improve their leadership and interpersonal skills while increasing their self-confidence. Extracurricular involvement allows students to link academic knowledge with practical experience thereby leading to a better understanding of their own abilities, talents and career goals. The college feels proud to mention that through these various extracurricular activities, students of our college have been successful in various fields.

## IMPORTANCE OF CULTURAL EVENTS IN OUR INSTITUTION

- Cultural events strengthen creative skills, confidence and overall personality of students.
- Through cultural events, one to two students every year follow choreography, as a career.
- Through sports activities, about six to eight students work successfully as coaches of various sports like fencing, volley ball etc.
