Uses of Bicycle

Our college some of students are coming to college by bicycle. Students these days prefer environment-friendly modes of transportation and cycling fits perfectly in this category. Cycling has a lot of advantages, and one of them is you automatically become more environment friendly. In addition to saving money, opting for bicycles instead of cars and motorcycles helps in reducing harmful emissions, thus, you're doing your bit for the environment.

Ban on use of plastics

Use of Plastics is banned inside the college campus. Plastic free college is a program of the institution which aims to measurably reduce plastic pollution in college campus with a special focus on the reduction and the elimination of plastic bottles, plastic straws and poly bags. The college organizes awareness programs avoid use of plastic in the campus. Plastic Free Campus wants to encourage college communities to transition to more sustainable consumption.

Four Easy ways to reduce your waste

1. Avoid Plastic Bags
2. Bring your own Cup
3. Use reusable Produce Bags
4. No Plastic Straws

Ban on use of plastics in Main Building Front

Landscaping with trees and plants

Various plants and beautiful garden are maintained. Slush green and clean campus is established. Conduction of awareness programmes on green practice by NSS. Green landscaping also known as sustainable or eco-landscaping is a method to design, create, and maintain your landscape to save time, money, and energy. Green landscapes nurture wildlife; reduce air, soil, and water pollution; and make healthy recreation spaces. Carbon dioxide neutrality is maintained on the campus by planting different varieties of trees and plants.
