#### 2. INTRODUCTION

The modern student has evolved, seeking independence and autonomy in their learning journey. Employers now expect students to possess a versatile skill set and a collaborative mindset. However, traditional rigid learning systems often limit students' ability to explore their interests and develop a holistic personality. To address this, Our JKKMCT Institution is introducing the Choice Based Credit System (CBCS) to its academic curriculum. This innovative approach empowers students to: Register for courses of their choice, catering to individual learning paces, Select from a range of credits, allowing for flexibility and adaptability, Alter their academic plan as they progress, enabling them to explore diverse interests, Choose interdisciplinary courses from other departments, fostering additional skills and expertise, The CBCS system benefits all learners, including slow learners, by offering essential courses in both semesters. By providing a student-centric, flexible, and industry-relevant education, our institution aims to equip graduates with the skills and knowledge necessary for success in their chosen fields.

Where

C<sub>i</sub>: is the number of Credits assigned to the course.

GPi : is the Grade Point corresponding to the grade obtained for each course.
 n : number of courses successfully cleared during the particular Semester in the case of SGPA and all the semesters, under Consideration, in the case CGPA.

RA grades will be excluded for calculating GPA and CGPA.

For the non credit courses grades shall not be counted for the computation of GPA/CGPA. For the Co-curricular activities such as NCC / NSS / NSO / YRC etc.,, a completed status will appear in the grade sheet.
